Vancouver, July 3.—The traffic over the city lines of the British Columbia Electric Railway Company on Wednesday created a record in the line, one which greatly exceeded any other figure ever made. The exact figures will not be available until this evening, but from the computations already made it s thought that the number of passengers carried yesterday will exceed the total for the corresponding day lastyear by from 25 to 30 per cent. The record beats by a slightly smaller percentage the figure rolled up by reason of the Christmas Eve travel of last year. Another feature of particular in terest is that of all the thousands handled on Wednesday on the cars, not a single person was injured.
