Montreal, Que., Oct. 21 .- Sir Wilfrid Laurier made an appeal to his French-Canadian fellow-countrymen last night to give him another lease of power to enable him to finish the work he had undertaken. That was the salient feature of the premier's speeches both at the Monument National and Sohmer park. The liberal organisers were ssful in attracting big crowds.

The premier arrived from Ottawa early in the evening and proceeded to the Windsor Hotel which was the starting point for the procession. The procession was formed composed of the various liberal organizations of the city and district and a large body of McGill and Laval students and the premier was escorted to Sohmer park. In his addresses, Sir Wilfrid Laurier claimed that the results of the elections ould give the government a majority of 60 in the new house. He claimed they ald get a majority in British Columbia, Alberta, Saskatchewan and Manitoba, that they would hold their own in New Brunswick, redeem Colchester in Nova Scotia, and get a substantial majority from that province, reverse the representation of Prince Edward Island, keep the vote in Quebec, and might even have a majority in Ontario
