Cuticura Remedies,

About seven years ago I had a humor break out upon my face; it started in a small blotch and looked like as sting of a bee, then it spread and looked like a tingy orn, and became very painful. I at once went to one of the best doctors in the city, and he could do me no good. No less than twelve of the best doctors have had a trial at my face, and all of them failed. I will not give you a list of their names, but will say that they were from Bouton, New York, and Maine, also from England, France, and Canada. I have been a hotel cook and steward for years. In the summer I cook at watering places; that is why I have had an opportunity of bed gamong good ductors. They could not cure my face, and I had given up all hopes of ever being any better. Last J une, I went to Mooseheld Lake, Maine, to cook for the season. My face was so bed I did not like to be seen. At the lake I met a gentleman from England. He told mo to use your Curricura Rem. Dursk and they would cure me at once. I did so. The resuit was, in three weeks the sores on my face were healed up. I usef it all the season. My face sis all well, and no scars to be seen. I have recommended it to a number, and in every case it has cutred them. It and no scars to be seen. I have recommended it is, number, and in every case it has cured them. If would take a great deal of mon-y to put me base where I was one vear ago, providing I did not know what your CUTICUEA would do. I shall recommend the slong as I live and shall ever remain,

H. STEVENS, East Jackson, Me.
