TRICKY PLAYING WINS
GAME FOR WANDERERS

All St. John Loses at Halifax
—Score 5 to 0

Members of the Home Team Penalized—
St. John Players Put Up a
Good Game.

HALIFAX, N.S., Jan. 7.—Less than four hundred people saw the Wanderers lose the colors of the All-St. John hockey aggregation at the arena to-night, the score being five to nothing. Although the ice was not in any condition for fast hockey, both teams hit a pretty lively clip. It was only by the good work of the Wanderers' defence that stopped the visitors from scoring. The Wanderers' players were penalized for 16 minutes, while the visitors did not have man put off.

The St. John men were all in the game every minute of the time. Peterson, Phillips, and McCaulley, who took the place of Kennedy in the second half being particularly stars. For the home team Bauld and Gorham easily led, the latter being just as good as ever. McKay put up a good game in goal and Russell at point marred his otherwise good work by constant tripping, which the referee was unable to detect. Wiswell also started at illegal play with the timers. McPherson, a new man, played a very good game.

For the first twenty minutes of the first half the game was good and fast. The puck kept moving from one end of the rink to the other, and it was not until they had been at it for sixteen minutes that Wiswell scored the only goal of the half. After 24 minutes' play Kennedy in a mix up had his head cut and had to retire from the game. McKays was dropped to even up. In the second half McCaulley took the place of Kennedy, and played a very good game. The Wanderers scored four more goals in the second half, while the visitors failed to tally.

The team were accompanied to Halifax by Morris Thompson, Perry Howard and H. McMichael.

UNIVERSITY WILL DRAW
THE BATTLE LINE

CHICAGO, Jan. 7.—Football battle lines will be drawn at the University of Chicago this week, with Coach T. Alton Stagg the headliner in the mix-up. With the expected return of the coach today from the east the merry holiday on the same football question will be called for, and the board of athletes has threatened to demand more in the way of 1909 changes than the coach will stand for.

THE WOMAN BEAUTIFUL

Politeness is benevolence in tablet form. Much of the sweetness of life is disappearing because of the affections of civilization. We no longer gather about the piano on a Sunday evening and sing "In the Gloaming," because the younger members of the family are likely to cackle with laughter. In fact the younger members rule the day. Let them; they'll bump up against the sorrow and the ill soon enough. Poor darlings.

SYNDICATE BASEBALL
OFFICIALLY DECRIED

August Herrman Strongly De-
nounces the Evil

National Commission in Session—Murray
Makes Statement of His Claims
Against Phillies.

CINCINNATI, Ohio, Jan. 7.—A straight declaration against "syndicate baseball" in the report of August Herrman, chairman of the National Baseball Commission, was the feature of the annual meeting of that body to-day. Several decisions were handed down after adjournment.

William Murray's statement of his claim against the Philadelphia National League club was not made public. He asserted that he has a contract calling for his services as manager until after the season of 1911, but that the new management of the club refused to carry out the agreement.

The commission decided that the case did not belong to its jurisdiction and referred it, through Thomas J. Lynch, the president, to the Board of Directors of the National League.

Another finding declared that players of the California State League, the "outlaw" organization which recently subscribed to the national agreement, must make personal application for restoration to good standing. This ruling followed a hearing by which "Happy" Smith, outfielder of the Oakland club, was awarded to the Chicago Nationals.

The Waco club must within five days pay the debt price for Holmes, pitcher, formerly of the New York Nationals.

The application of the New York American League club for a hearing on the case of Savage of Waterbury, Conn., was denied.

August Herrman was re-elected chairman and John E. Bruce was again chosen secretary, following the reading of the reports by these officials.

The initial appearance of Thomas J. Lynch as president of the National League was made the occasion of a dinner tonight, at the Hotel Hamilton and Ban Johnson, president of the American League.

TAIT AND GOLDING
FOR BUFFALO GAMES

Buffalo Promoters Want Them to Meet the
U. S. Champions—Will be
Big Attraction.

The chances are that Canadian athletes will be the star attractions at the next 74th Regiment games at Buffalo, Jan. 23.

Fred Vokes, the manager of the games, has written both Jack Tait and George Golding, proposing "special match races for them.

He proposes to match Golding against Sam Liebold of New York, the U. S. champion, in a 2-mile walk, and to have Tait meet George V. Donahue, the New York crack, in a 2-mile run.

Bonhag is the man who beat Tom Longbest at 3 miles in Buffalo, running the distance in 14.42.

At New York this summer Bonhag ran two miles indoors in 8.24, breaking the U. S. indoor record. Tait, who is going back guns just now, should show around 8.20, and 8.30 will make Mr. Bonhag sweat to beat. Liebold is only a slight underdog. Golding should beat him all the way.

BASEBALL GAME CHANGING
DECLARES CLARK GRIFFITH

Batters are Getting Wise—Pitchers Need Speed and Ability
—Could Win Pennant if He Had Overrad
and Brown.

"Baseball is constantly changing," said Clark Griffith at Chicago, a day or two ago, while discussing the game with a number of players. The wily manager of the Cincinnati Reds smiled as he continued: "Why, if I had almost as much speed when I quit pitching as ever in my career, I had more curves, far better control, and, I think, more generalship."

"What put you out of it, then?" inquired an interested bystander. "The change in the game," answered Griffith. "Take a great pitcher of today, for example. He may have wonderful speed and marvelous curves. But the batters get wise to him after a while. Then his day is over. I remember in my own experience. I always had a jump on the ball, its life, in other words. But finally that left. It happens all the time."

Manager Chance of the Cubs echoed Griffith's remark. "That is true in the case of our club," he said. "Take Carl Lundberg. Carl was a bully fine pitcher and had all the batters guessing. He would go along and win a lot of games, for they couldn't hit him. He had just as much speed and ability as the best pitcher in the league. But the game had changed. The batters were beginning to like that swift break in experience. Overrad and Brown are perhaps as good as any pitcher in the league now. But they are not the same as the old Lundberg. He was no more good to the Cubs."

"It was the same with Jack Taylor. He was just as good when he left us as when we got him. But the batters had solved him entirely and hit him hard. He had somewhat the same kind of a ball as Lundberg. So he was no longer valuable for us. It's for that reason I don't believe in the old ball pitchers were no good for the Cubs. The other teams are beginning to hit them, and the end of a pitcher in big league is at hand when he is bumped hard by batters."

"Just as Griffith has said, the game constantly changes. You have to be good all the time or baseball will leave you far in the rear. The players of today are twice as versatile and as cunning as they were eight years ago. For they have had to learn more kinds of deliveries and solve more problems."

Mordcafe Brown and Overrad of the two best pitchers of the Cubs, who were listening to the discussion, then broke in and related some of their own experiences. Overrad and Brown are perhaps as good as any pitcher in the league as there are in the country. "I don't believe in the old ball pitchers," declared Griffith. "Many a time you don't feel exactly right, and no matter how hard you try, the ball just goes straight or back and jump. Nothing doing on the break and jump. I believe in the new ball pitchers."

Brown climbed in at this moment. "I always lose most in weight when I go on a diet," he said. "I remember one game in New York against the Giants last year. I honestly believe I never the heaviest day in my career. The sun poured down and I was in a perfect stream of sweat of course, that jump on the ball would not come that day, and the harder I tried the easier the Giants hit the ball. It was all a experience, knowing that I could put the old break in my delivery, but not being able."

"The situation is now at a stage," she said, "where the strikers need all the help they can get. It is a day should be appointed when every girl worker in New York City would walk out, and force the demands of the shirtwaist strikers to be accepted. Every girl, whether she is employed in a shop, works as a stenographer, employed in any other capacity, ought to help the striking shirtwaist makers."

NEW YORK, Jan. 7.—Mrs. O. H. P. Belmont, who is valiantly championing the cause of the girl shirtwaist strikers in New York, came out with a startling statement today, advocating a general sympathetic strike of all women workers in the city.

It is a day should be appointed when every girl worker in New York City would walk out, and force the demands of the shirtwaist strikers to be accepted. WORLD WIDE TRUST
IN NITRATE INDUSTRY?

CHRISTIANIA, Jan. 7.—It is reported that J. Pierpont Morgan of New York and the Deutsche Bank of Berlin are planning a world-wide trust in the nitrate industry with a capital of \$200,000,000. It is understood that the syndicate intends to purchase all the salt-petre mines in Chile as well as the nitrate works in Norway, in which \$20,000,000 are invested.

"There is no foundation for the reports in circulation that negotiations are being made between J. Pierpont Morgan and this institution, having reference to the formation of a world-wide nitrate trust."
