SACKVILLE, N. B., March 11.—The home of Mr. and Mrs. Stewart Oulton Johnson was the scene of an interesting event on Wednesday. The occasion was the marriage of their daughter, Dorna, to Amasa Hicks. The ceremony was performed by Rev. Mr. Flemington, in the presence of a large number of guests. The bride wore a becoming dress of cream cashmere with lace trimmings and was attended by Miss Ming Hicks, sister of the groom, who wore white organdie. Mr. Harvey Fillmore supported the groom. The wedding march was played by Miss Theodora Scott. After the ceremony a sumptuous wedding feast was served. The bride was the recipient of many valuable presents. The happy couple will reside at Brooklyn.

SALISBURY, March 13.—The preacher at the Methodist church last night Rev. Mr. Howie, first saw the light of day on February 8, 1835, near what is now Sydney, Cape Breton. He has been in the ministry continuously for forty-eight years, the first eight being as a local preacher. His discourse last night was on prohibition. He took up that subject on account of it being the quarterly temperance Sunday of the Sunday school and because of the talk of an appeal to the people of Westmorland for the repeal of the Scott Act. Rev. Mr. Howie based his remarks on the history of the Rehebeites. He divided his subject into five headings and ably treated it.

1. Has prohibition ever been tested for any length of time by any people? 2. Has it ever received the sanction of divine authority? 3. What has been the result where the experiment has been tried? 4. In the light of past history what is the duty of parents to children? 5. What is the duty of children to parents and what will be the result?

Church's ALABASTINE. A SANITARY WALL-COATING. It is porous, and permits the free passage of air. Kalsomine, under whatever name or claim, is only temporary—rubs off on everything that comes in contact with it. Wall-paper—with mouldy paste on the back, and arsenical poisoning matter in the finish and coloring on the face—is unsanitary. Besides, kalsomine, wall-paper and paint obstruct wall respiration. The walls of hospitals are never papered—the reason is obvious.
