A Promotion.

Garfield H. Stevens, solo clarinet player in the 115th Band has been promoted to the rank of corporal. Before enlisting he was employed with Jones & Schofield in this city, and was also a member of the Opera House orchestra.

Another Local Boy in France.

Mrs. P. L. Jennings of East St. John is in receipt of a letter from her son, Gunner Edward Jennings, who left here with No. 7 Siege Battery, from Bristol, England. It contained the information that the battery which was now the 167th, was to leave England for France soon after the date of writing. This would mean that they are now in France.

Invalided Home.

Robert McEachern, formerly of this city who enlisted with the 79th Cameron Highlanders in Winnipeg, where he had been residing for several years, has been invalided home to recover from wounds received at the front. He has arrived in Winnipeg and relatives here are awaiting further word regarding his condition. He is a son of John McEachern of 549 Main street and has a brother with the Nova Scotia Highlanders.

Maine Deer Hunting.

The deer hunting season in the counties of Washington, Hancock, Piscataquis, Somerset, Franklin and Oxford opened on Monday last. In these counties until including December 15, it will be legal for a hunter to kill two deer. In the other eight counties the season is confined to November and the legal allowance is one deer. Reports are that the deer are plentiful as at any time in the past five years.

Six Months in Jail.

Detectives Barrett and Briggs returned to the city yesterday afternoon from Hampton where they had been called to give evidence for the crown against Mary Dunley, charged with stealing jewelry from the summer residence of Duncan G. Lingley at Riverside. The woman pleaded guilty and was sentenced to six months in jail. The prisoner was only released last spring after serving six months for cutting a man badly with a knife.

Last Fifty-Eight Dollars.

Shortly before ten o'clock last night a citizen while standing in front of the drinking fountain at the head of King street, placed, as he thought, a roll of bills amounting to \$58 in the small pocket in the band of his trousers. He then walked down King street and took a street car at Market Square for the North End, leaving the car on Main street at Douglas avenue. It was not until then that he was surprised to find the money was not in his pocket. He thinks that instead of putting the money in the pocket he slipped it was between the trousers and his under-clothing, and that as he started to walk the money fell to the street. As soon as he learned of his loss he searched the place where he had been standing, also King street without success. The man can ill afford to lose the money, and if the finder is disposed to return the bills the loser's name will be furnished in The Standard office.

FOUR MEN ON HONOR ROLL YESTERDAY

Three of These Were for Forestry Unit and One for Field Ambulance—General Military Notes.

HONOR ROLL.

- Walter Ketter, St. John, N. B.
Edward McGowan, St. John, N. B.
D. A. Arbo, Miramichi, N. B.
242nd Forestry Battalion.
Archle C. Parlee, Stewiacke, N. S.
8th Field Ambulance.

Besides the four names which appear on the honor roll, two more recruits enlisted in the city yesterday. They were for the 236th Kiltie Battalion.

With new military life in the city, no doubt recruiting will receive a stimulant. As the appearance of khaki-clad figures on the streets in the past animated the business of the King, it is hoped that it will again encourage the work which the Empire has contracted to accomplish.

For Military Hospital.

Fifteen members of the 132nd Battalion which arrived on Monday at Sussex, arrived in the city last night in command of Sergeant Henderson for the Military Hospital. None of the cases are of a serious nature and with proper care they will soon be able to return to the battalion at Sussex. One of the party was unfortunately to have his hand badly cut, caused by coming in contact with a piece of glass during a quarrel on the train on their way from Valcartier.

No Recruits at Musquash.

The meeting held at Musquash in the interests of the 236th Kiltie Battalion was not at all satisfactory in regard to the enlistment part of it. Although the speakers made stirring and spirit-raising appeals to the fairly representative audience in attendance, no recruits were secured. The speakers last night at Musquash were Major Morgan, Captain May, Lieut. Knowlton and Sergeant Whitehead. A delightful musical programme was splendidly carried out.

Quarters Inspected.

Capt. J. R. Jago of the headquarters staff at Halifax was in the city yesterday completing his inspection of the quarters which were assigned and are now occupied by the 165th Battalion. He also inspected the quarters of the 132nd Battalion at Sussex while on his official visit to New Brunswick. "Both billets are highly satisfactory," said Captain Jago, "and Lt.-Col. D'Aigle and Lt.-Col. Mersereau are well pleased with their quarters for the winter."

196 For Kilties.

For the first nine days of the Kiltie recruiting campaign 196 men signed on. Probably the most successful meeting was held last night at Moncton, when fourteen men signed their willingness to sacrifice if necessary their life in the present day struggle by signing the muster roll of the 236th Battalion. Col. Guthrie was one of the speakers.

Annual Meeting.

The annual meeting of the Women's Missionary Aid Society of the Main street Baptist church was held last night in the vestry of the church. The members were present in goodly numbers and the reports submitted showed that the past year had been a prosperous one for the society. The year financially had been a good one and more money had been raised than in the previous year. The election of officers resulted as follows: President, Mrs. D. Hutchinson; 1st vice-president, Mrs. H. H. Dunham; 2nd vice-president, Mrs. F. E. Marvin; secretary, Mrs. F. E. Flewelling; assistant secretary, Mrs. Fred Miller; treasurer, Mrs. W. A. T. Thorne; H. M. treasurer, Mrs. F. D. Hoffman; auditor, Mrs. Fred McAlary.

Steam Tug Sold.

The large steam tug Lord Kitchener has been sold and it is said will be taken across the Atlantic to an English port. The Kitchener will be given a thorough overhauling before she leaves port. It is also stated that there is a demand in the old country for large tow boats and all that are available in Canada will be purchased. The Lord Kitchener was built in St. John in 1903 for John E. Moore and W. W. White. She is 93 feet 3 inches in length, 22 feet 1 inch beam, 10 feet 7 inches depth, 161 tons gross, 110 tons registered and is propelled with 47 horse power engines. She is considered one of the ablest tugs in the eastern ports and will be greatly missed from this harbor.

GAVE HIS LIFE FOR HIS COUNTRY

The above is a picture of Private W. Bayard Moore, of 91 Germain street, West St. John, who was killed in action between the 15th and 17th of September. Private Moore was one of the first to enlist with the 26th Battalion, but while the battalion was in England he contracted rheumatism in the feet and was confined to hospital for six weeks, and accordingly did not go to France with the battalion. After the crater fight of October 13 he joined the battalion with the first draft.

In a letter to his mother, dated September 7th, he stated that he had not missed a trip into the trenches in ten months.

Previous to enlisting for overseas duty he was employed with the Maritime Dredging Company and was a favorite with all who knew him.

N. H. SOCIETY LOOKING FOR A GOOD SESSION

First Meeting of the Winter Held Last Evening With Good Attendance—New Members Elected.

The first meeting of the members of the Natural History Society for the coming season was held last evening, R. B. Emerson, vice-president, presiding in the chair. Mr. Emerson congratulated the members on past activities, which he remarked, had been of great value. He expressed the conviction that continued interest would be maintained in nature study through the influence of the society. The curator, William McIntosh, reported on the work done during the summer months. He referred to the outings that members had had and to the junior members' camp in the country, all of which had proved both instructive and enjoyable. He said that the museum had remained open all the summer in the afternoon, and that there was a larger number of visitors than ever before, the average being more than 1,000 per month.

The pre-historic Indian material gathered by the members during the summer was an exhibition and showed that great care had been taken to add to the interest of this feature of the society's work. Arrow-heads, stone knives, stone axes, sinkers and pottery of characteristic planning were on view. Mr. McIntosh announced that a very interesting series of round table talks had been arranged for the coming season; also that the junior members are arranging for a series of talks on "Nature Study" on the lines adopted in the summer science schools.

The following members were elected: Junior Associate—Misses Dorothy Barnes, Nellie Kyle, Elsie Henderson, Elsie McDiarmid, Daisy Stephenson.

The following donations were received for the museum: Mounted birds, Mrs. J. V. Ellis; chuck will's widow, gift of R. J. Cockrane, mounted by A. Gordon Leavitt; cedar burl, Gorham Belyea; blue lobster, Leonard Bros.; two curious tobacco pipes and clock, owned by the late Dr. Bayard, Mr. Harris Gilbert; German tobacco pipe, bark dish and Indian basketry, Wm. McIntosh; Brazil nuts in pod, Mrs. Wm. McIntosh; a fine collection of Indian relics—arrow heads, axes, sinkers and Indian pottery—Misses Leslie Pickett, Lucy Smith, Florence Coster, Elizabeth McKinnon, Constance Coster, Gerda Holman, Edith Paterson, Mr. and Mrs. Wm. McIntosh; Indian arrow head, A. Gordon Leavitt; fossils from Seaside Park, Jan. A. Eaton; arrow heads, implements and pottery, and a Mexican Un Peso bill, David Balmata; U. S. four and five dollar bills (778), and thirty dollar bill 1777, Lloyd Campbell.

Steamship Notes. The R. M. S. P. liner Chisnecto arrived early this morning from Bermuda and the West Indies with a full general cargo, mails and passengers. The steamship Corinthian of the Allan line arrived in Liverpool Sunday last. The Furness line steamship Tabasco arrived in Halifax at four o'clock Tuesday afternoon.

MAY ENGAGE INSPECTOR OF WIRING

Council Authorizes Commissioner M'Lellan to Negotiate for the Employment of Electrical Engineer for City.

The weekly meeting of the Common Council was held yesterday at 11.30 on account of the meeting of the Municipal Council in the afternoon.

The commissioner of public safety was authorized to enter into negotiations looking to the employment of an electrical engineer as inspector of electric wiring for the city and will submit a report as to salary, etc.

Payment of the departmental accounts was approved. Dr. Knight was given permission to erect an electric sign over his premises, 34 Charlotte street; \$5,000 was voted to the British Sailors' Relief Fund; \$100 to the Mission in Glad Tidings Hall conducted by William McGorman, and the application of the New Brunswick Fruit Growers Association for a grant was refused.

The commissioner of finance recommended payment for the following departmental accounts, namely:

Table with 2 columns: Department, Amount. Rows include Treasury Department (\$388.33), Public Safety Department (\$41.02), Public Works Department (\$1,283.84), Water & Sewerage Dept. (\$2,761.93), Harbors and Public Lands Department (\$2,160.15).

Also, reports payments for the month of September amounting to \$84,968.18. The report of the commissioner of harbors, ferries and public lands recommended that the controller be authorized to pass for payment the amount of \$797.50, for labor on repairs to the railway trestle on the Union wharf, West St. John. Adopted.

On motion of Com. Russell, the council granted a seven year lease of a lot on Orange street to Mrs. Woodburn at \$40.00 per year. Mrs. Woodburn offered to sell to the city her house, valued at \$6,000.

It was decided to place the old newspapers and records purchased from the estate of Clarence Ward in the Free Public Library.

The application of the Dominion Auto Co. for permission to erect an electric sign in front of their premises on the Marsh road was referred to the commissioner of public works.

The council did not take any action on the petition of the Union street residents for refund of money paid under the local improvement act, other than to promise careful consideration.

The commissioner of public works reported that the city was not liable for the wear of streets and therefore Miss A. K. Cline had no claim. He was instructed to so notify her attorney.

He also reported the purchase of 123 barrels of cement from Gandy & Allison at \$1.89 per barrel. He reported that he had not called for tenders for the work in Clarendon street as ordered by the council, as the road engineer had advised against it, but this section of his report was declared out of order by the mayor.

Commissioner McLellan again brought up the matter of a statement from the commissioner of public works as to the amount of money spent in his department since May 1 last and was told by the commissioner that he would be furnished with a copy of the statement.

When the question of a grant to the mission conducted by Wm. McGorman was brought up the mayor objected as he thought it was opening the door for further grants and voted against the motion.

Commissioner McLellan, in introducing his motion that the city have an electrical inspector, said that he understood the report of the experts who had been here would show that St. John was one of the worst wired cities in the country.

Commissioners Wigmore and Russell also referred to the bad wiring here and expressed the opinion that an inspector was badly needed.
