

AROUND THE CITY

UNSETTLED.

NOTICE

Effective immediately, The Standard office will operate on Daylight time. The business office opens at eight o'clock (Standard time) and closes at five o'clock. Advertisers will please govern themselves accordingly.

TRIO OF DRUNKS.

Three drunks were gathered in by the police during the week-end, making a total of 35 for seven days.

TAG DAY POSTPONED.

Owing to the inclement weather the Vimy Tag Day for the G. W. V. A., to have been held on Saturday had to be postponed. The date for holding it will be announced later.

STOPPED A RUNAWAY.

A runaway horse was captured last evening on King Street East by a police officer. When caught the shafts of the wagon were still attached to the animal but the wagon was left somewhere behind.

ON THE RIVER.

The ice jam on the Jernegan River is holding up over two million feet of lumber from the Douglas boom. The recent mild weather, however, is just what is needed and the latter part of this week should see the beginning of river traffic.

HOSPITAL TELEPHONE EXCHANGE.

It is interesting to note that the management of the General Public Hospital has installed a private branch telephone exchange in the building, connecting all departments, including the pathological laboratory. The telephone number is Main 3389.

SATURDAY AUCTION SALE.

At Chubb's Corner, on Saturday Auctioneer F. T. Lantieri offered for sale the cottage and lot at Rothsay belonging to the estate of the late Samuel Myers, situate on Station Road, and known as lot No. 3 on plan, S. B. Johnston was the purchaser for \$1,225.

TOURNAMENT CONCLUDED.

The Queen Square Badminton Club celebrated the conclusion of their tournament Saturday by a supper at which over 30 guests were present. The prizes, which were won by Miss Marguerite Howe and Leslie Bowick, were presented by E. LeMay King. A musical programme followed and was much enjoyed by those present.

DAYLIGHT TIME.

One of the matters which will be discussed at the committee meeting of the common council today will be that of daylight saving. Mayor Howe said last evening the matter would be brought up but what action would be taken he did not know, some action might be taken and it might not.

TRAFFIC MAN WANTED.

The commissioner of public safety and Chief of Police Smith are agreed that a traffic man should be placed at the corner of King street and Market Square. No doubt a man will be stationed at this important juncture in the immediate future. A traffic policeman was stationed at this particular corner last summer and was decorated a welcome official for pedestrians.

LEMON EXTRACT DRUNKS.

Two drunks appeared in the police court Saturday morning and told the court they had become drunk on lemon extract. Enquiries being made, it was found one had purchased the extract from a Britain street grocery, and three days previous from Albert Anderson. Both men were remanded until this morning, when Mrs. Catherine and the wholesalers, who supplied the lemon, will appear in court.

SUNDAY LIQUOR.

Apparently all the joy water is not out of the city as yet in spite of the good work of the liquor inspectors, as two young chaps were under the influence yesterday afternoon. The two walked down Waterloo street to Haymarket Square, hung around there a time and then proceeded up Brunswick street. Both chaps, although merry, made little disturbance beyond enquiring for the material welfare of those whom they chanced to meet.

KING'S COLLEGE STUDENTS.

The examinations of the King's College law students are being held, Saturday evening marking the date of two examinations, when the first year students write a paper in contracts, set by Chief Justice McKeown; second year students write a paper in Supreme Court practice and procedure set by J. F. H. Teed. The examinations are nearing a close, the college closing in the early part of May. Three students go to King's in June for their degrees. At the beginning of the year the influenza epidemic broke out causing the closing down of the school for some time, but by the hearty co-operation in the work by the professors and student body, the year's work was covered.

AT STONE CHURCH.

The services at Stone Church last evening were of an exceptional high order, the sermons being very appropriate to the day and the special music under the direction of D. Arnold Fox, the organist, attracting a large congregation. The musical programme follows:

- (1)—Culus Anlman, (Stabat Mater), Rossini.
(2)—Meditation from First Prelude of Bach, (Ave Maria), Gounod.
(3)—Larghetto in F Sharp, Minor, S. S. Wesley.
(4)—Overture, Nabucodonosor, Verdi.
On Wednesday evening at eight o'clock it is announced that a special musical service will be held in the church commemorating "Olivet to Calvary."
Henry Talbot, who was operated on at the Infirmary Friday evening, is reported as improving.

Plea For Support Heard At Centenary

H. A. Powell Spoke to Congregation Last Evening—Asked for Assistance in Raising Money for Mt. Allison Memorial Building.

At Centenary Church last evening, H. A. Powell made an eloquent plea for support from the Methodists of the Maritime Provinces for the scheme which has been proposed to raise the sum of \$125,000 for the erection of a building at Mt. Allison to house properly the library of that institution, as a memorial to the Mt. Allison men and women who served in the great war for humanity.

Rev. H. A. Goodwin, pastor of the church, in introducing the speaker, said it had been felt the Methodist boys who had fallen had still a claim on the Methodist people of the Maritime Provinces, and there should be some monument erected which would perpetuate their memories in the years to come. After careful consideration the decision had been reached that this monument should be in the form of something useful in the life of the country and the matter was to be placed before the congregation by Mr. Powell.

Mr. Powell said in many minds the university or college education was looked upon as a good thing if it could be afforded, but as not essential to success in life. It was regarded as one of the luxuries of life. This, he contended, was the wrong idea. In order to show what university education did he called attention to what had taken place in Germany between 1870 and 1914, because she had commanded the colleges and applied college teaching to industrial life and activities. In 1870 she was one of the smallest of the nations industrially and commercially, but in forty years she had come to be one of the leaders commercially and in some lines controlled the trade of the world, particularly in the chemical and medical lines. In the agricultural world she had raised the production of wheat per acre from 22 bushels to 35 bushels.

It had been said the small college was not the place to provide the necessary university training, but he did not hold that view. In the smaller institutions the students came into closer touch with the professors and were able to get an education at a much lesser cost than in the large colleges.

As a memorial to the students and graduates from Mt. Allison, of whom 600 men and women had served in the war, it was proposed to erect a fireproof building at a cost of \$125,000. Of the number who enlisted, 200 had been wounded and 87 had paid the supreme sacrifice; 32 had been awarded decorations; a record to be proud of. In the building one room was to be set aside for the names of all who served and this would be a lasting memorial, which would show at a glance what the Methodists of the Maritime Provinces had done. Another room was to be set aside to hold the archives of the several churches and preserve them to posterity.

PALM SUNDAY WAS OBSERVED

At Early Services in Catholic Churches the Palm Was Blessed and the Masses Were Unusually Long.

Yesterday being known as Palm Sunday, was fittingly observed in both Protestant and Catholic churches of the city. At the morning services the verdant palm was blessed and sacred chants rendered, vividly presenting the scenes in picture, of what Jerusalem saw five days previous to the Passion.

At the Catholic churches the palm was blessed at early services given in the churches of the city. Unusually long. The mass of the day was a striking contrast—sadness succeeding the joyous canticles; the gospel of triumph and the story of the passion.

In the Protestant churches of the city special chants were rendered, and the gospel of the day unusually long, being taken from Matthew, 27th chapter, preceded by the second lesson taken from the 29th Chapter of Matthew. At the Mission church, aPradise Row, the palm was blessed with services similar to those in the Catholic churches of the city.

This week, (Holy Week) will be fittingly observed in all churches of the world over. In all Catholic churches the "miserere" is sung on Wednesday, Thursday, Friday and Saturday of the week. At the services stands a triangular candlestick in the sanctuary, bearing fifteen candles in memory of the twelve apostles and disciples of our Lord on earth. Each candle is successively extinguished, after each antiphon, and during the benediction service all candles on the altars are put out excepting one, which represents to the faithful the abandonment of our Lord, His burial and resurrection.

Next Sunday being Easter Sunday, calls for special services in all churches at which special music and sermons will be delivered in commemoration of the day on which the world regained its redemption. At the Easter services flowers are profusely spread in the churches, coupled with the special sermons and music.

A SPECIAL SELLING OF LITTLE GIRLS' TRIMMED HATS AT ABOUT WHOLESALE AND IN SOME CASES EVEN LESS THAN WHOLESALE. Yes, a little less than wholesale prices, because a manufacturer made the price very tempting, and the hats are here, and they're so pretty and so economical. Just think, ribbon and flower trimmed hats selling Easter Week at \$1.45, that's what we are doing and you have an endless variety of styles, colors, and sizes to select from. MARR MILLINERY CO., LIMITED.

ARRANGEMENTS FOR LARGE CONCERT BAND

Plans Under Consideration to Make St. Mary's Band a Fine Musical Organization—Harold Williams Will be the Instructor.

If plans at present under consideration materialize St. John will have one of the best concert bands in Canada, if not on the continent. It will be recalled that before the war St. Mary's Band acted as the band for the Artillery and had the use of the old Artillery Band instruments. When the 149th Battalion was being recruited this band volunteered in a body and changed its name to the 149th Band. Shortly after their enlistment a movement was started to get them a set of instruments and a popular subscription soon produced the required amount. The instruments were purchased and presented to the band, who used them until they arrived in England. After the battalion was broken up the instruments were stored in London, but it is understood are now in the armories here.

The band was sent to the "Princess Patricia's" Battalion and carried on until until the arrival of the Bandmaster, C. H. Williams, paying the supreme sacrifice in the meantime. After his death his place was taken by his brother, Harold, who brought the remaining members of the band home a short time ago.

GODMOTHER OF SOLDIERS' WIVES

Mrs. E. A. Burrington-Ham Returned from Overseas Friday—Had Spent Several Months in England.

"The godmother of soldiers' wives," Mrs. E. A. Burrington-Ham, returned to the city Friday from Halifax, a Mrs. executive of the Dominion Council. For the past several months she has been quartered at Liverpool, London and Burton camps, where she kept in active touch with every registered soldier and his dependents.

She has nothing but praise for the various officials she has met and been associated with at the Canadian clearing depot, particularly at Burton, where Col. Paul Hanson, O. B. E. of Ontario, and Chaplain Capt. Bruce Hunter, M. C., are carrying on a big work in a splendid way. Mrs. Burrington-Ham leaves shortly for Quebec to arrange for the transfer of the Y. W. C. A. port facilities and equipment at this port to the summer gateway.

ANNIVERSARY OF BATTLE OF YPRES

War Veterans Decide on Memorial Celebration on April 22.

The battle of Ypres—where 18,000 Canadians held back and turned the course of the German army—will be fittingly marked in this city by a parade and dinner in which all the first contingent men available will participate.

At a meeting held Saturday night in the Great War Veterans' Hall, it was definitely decided to hold the commemorative celebration on the anniversary of the great engagement which lasted for a full week and caused 18,000 Canadian casualties.

The committee in charge of all arrangements is composed of representatives of various branches of the service and each is one of the original 25,000. Major Peat represents the Canadian Army Medicals, Lieut. Bud Tippett is the infantry representative, Louis LeLacheur is from the "Middy-amies," W. Foley represents the big guns and F. McCarthy is the A. S. C. man.

All members of the first contingent in the city who were not at the meeting Saturday night can get full information from any of the above officials. The suggestion has been made that all the original units returning will be met by the first contingent men now at home.

TO THOSE LADIES WISHING MODEL HATS FOR EASTER—PRICES \$10 TO \$45.

We invite your inspection of seventy-three models which have just been received. These were personally selected by two of our buyers who returned from New York last week. They are the very newest to be had from Gage and others and you will find each and every hat in this collection most pleasing.

MARR MILLINERY CO., LIMITED. Distributors of Correct Millinery. POLICE MAKE REQUEST. A request for an eight hour day has been presented to Chief of Police Smith, and brought to the attention of the commissioner of safety. The latter is favorable to the idea of an eight hour day, but says he does not think it would be possible to arrange for this year as a larger force would have to be employed.

Fatal Accident At Sand Point

George E. Colwell Was Killed and Elijah S. Toole Severely Injured in Hold of S. S. Scandinavian Saturday Afternoon While at Work.

The first accident for seven years among the ship carpenters at Sand Point occurred Saturday afternoon, in which George E. Colwell lost his life and Elijah S. Toole was injured in the groin and hip.

These two men, with Oscar Taylor and Andrew Shepherd, were working in the lower hold of No. 2 hatch of the S. S. Scandinavian and at the time of the accident, 4.30 p.m., standard time, were trying to put in place an iron batten which had broken adrift. (This batten is of solid iron, about five inches in diameter and over twenty-five feet long, and runs from the bottom of the hold to the first deck). Everything seemed to be going all right, but suddenly the ponderous iron upright slipped at the base, loosened at the top and came down with a crash, striking Mr. Colwell with full force in the head and arm, and inflicting minor injuries to Mr. Toole, who were both standing directly in its downward course.

The shouts from the other two workers speedily brought assistance from the members of the carpentering staff. Ernest Hagerman and Fred Arnett with the two other men who were in the hold helped the injured man to the dock, but it needed no examination to show that Mr. Colwell was fatally hurt.

An ambulance was summoned and he was rushed to the General Public Hospital, but it was all unavailing for the injured man passed to the great beyond at 6.45, just ten minutes after being received at the hospital. Besides a badly fractured skull, his right leg was broken and his body had received other minor injuries.

Elijah Toole, though painfully injured, was able to walk to his home on St. James street, West End, and when home the Standard reporter yesterday was able to be around the house, though badly shaken by his experience and the injuries received.

The body of the injured man is now at Brennan's undertaking parlors, where it will be viewed this morning by Coroner Kenney and his jury preparatory to the inquest.

At the saddened home in Algonquin Place there is left to mourn a widow (nee Harriet Lisper), a daughter, three sons at home, and two boys, a carpenter, and Donald, a thirteen year old school boy. The first news of the accident was received by telephone and though Roy rushed to the hospital he was too late to speak to his father, who had been more like a chum than a parent to him. His funeral will be held tomorrow at an hour to be announced later.

PULP MILL WORKERS HEARD ADDRESSES

Meeting Held in Fairville Yesterday—M. C. Quirk of Ottawa and Fred A. Campbell of Trades and Labor Were the Speakers.

The recent dispute arising between the management of the Nashwanke Falls and Paper Company, and its employes has been amicably settled according to word given out yesterday. A meeting of the men was held yesterday in Temperance Hall, Fairville, at which M. C. Quirk, the representative of the Department of Labor at Ottawa, who was forwarded here in an endeavor to make a reconcilable settlement to all concerned, and President F. A. Campbell, of the Trades and Labor Council, addressed the men. President Campbell early last evening stated he thought the matter was now settled and the men would return to work this morning.

The mill has not been in operation for twenty weeks and with its reopening it is believed the work will be rushed to the limit as much raw material is on hand. Manager Jones, of the company, in speaking to the men, stated the men were receiving a ten per cent. increase and an eight hour day.

THE STORE HAS TURNED ITS FASHION CALENDAR OVER TO EASTER.

Everything is ready for the most exacting week of Easter shopping this store has ever known, in the exquisite fabrics and dress accessories for women, who are veritable wizards in designing beautiful and charming women's apparel. Magnificent displays of Suits, Coats, Frocks, Hosiery, Neckwear, Veilings, Gloves, etc.
