

LABOR PAYS ITS TRIBUTE TO MEIGHEN

Premier is Chief Speaker at Trades Congress Where He Reviews Labor Successes.

INDIVIDUAL REWARD WAY TO MAKE RACE

Communist Systems All Fail, He Says, Where Energy is Unchecked.

(Continued from page one.)
"You tell me, yes, we have been working along these lines for years, and we have accomplished much; but after all our progress has been slow. You say there is a wide chasm between the wealth of the few and the poverty of the many. I admit you are correct. But in coming to conclusions on this subject, there are some very vital facts to be kept in mind. I am going to recite some of them and ask you to ponder over them. I am going to ask you to regard your services as in positions of responsibility, and in the ultimate all the people of this country are, and to realize that responsibility. I want you to give to undoubted facts the serious reflection they deserve."

The Lesson of Russia

"The first place we could never, as a nation, hold up our end, or hold any place at all in the world today, except by reliance on individual energy and individual reward. If there are any in this country who ever relied upon any communistic system as possible or practicable, or even thinkable in competition with countries that hold fast to the energizing principle of individual endeavor, they must surely have had their theories rudely shattered by recent experiments in Europe. Where the so-called theory of production for use has been put into practice, in substitution for production for profit, it has resulted practically in the production at all and has ended in chaos and starvation."

"Secondly, there is a wide disparity between the industry and ability and especially between the good judgment of individuals—a disparity which no legislation can remove. There are unfortunately also varying currents of fortune which legislation at best can only partially control."

"Thirdly, the intervening territory between rich and poor is covered in this young country with a multitude that comprises the great majority of our people. Nowhere in the world is there so large a proportion of those who are neither rich nor poor as there is in Canada, those who stand on the happiest ground of all, the middle ground of moderate means and comfort. To increase that proportion should be the aim of government."

Where Premier Stands.

"Lastly, Canada is only one nation out of many. It is a young and relatively small nation struggling to make its place in a throng of competing countries. We must make our place and hold our place in the world's industrial progress if we expect to maintain a good average prosperity among our people, to sustain our credit and pay our debts. I am in complete sympathy with you that no place in the world's industrial competition must be secured at the price of inflation to wage earners and on the other hand wage earners must also agree that any disability placed upon Canadian industries as compared with industries in other countries and particularly in the United States would react first, and most severely upon the wage-earners of Canada themselves."

ALLEGES PLOT TO RUIN DRURY

Dufferin County Election Petition Makes Startling Charges Against U. F. O. Head.

Toronto, Sept. 13.—Particulars of the Dufferin County election petition which seeks to unseat Thomas Kerr Black, M. P. P., who was elected on October 20, 1919, in the U. F. O. interests, have been filed at Osprey Hall. John Johnston, William Bridden and George Moffatt are the petitioners. A plan to seize for political purposes the organizations of farmers' clubs and that the members of these were intimidated to work in the U. F. O. interests by penalties in trade and supplies and otherwise, is alleged. It is said that J. J. Morrison, the guiding genius of the uprising against the existing government, was formerly a resident of the adjoining riding and many of his relatives and friends reside there, which gave him a great opportunity to seek out a candidate and promise assistance and dominate the farmers' clubs.

What Was Promised.
It alleged that Morrison proceeded to promise any candidate who would go into the field that at least one-half and probably all his expenses and less of time would be made good from the central fund or from subscriptions raised by the local farmers' clubs. It is stated that the candidate, in accepting the nomination, promised the delegates and all who would subscribe to a campaign fund that in the event of his being elected he would repay the said subscribers from his first indemnity.

Farmers' Clubs Named.
Twenty-three farmers' clubs are named, and these, it is alleged, took part in illegal acts. The names of twenty-six are given as among those who subscribed and were repaid. The names of twenty-eight persons are given as people who received \$3 for their work and vote.

Namors are given of sixteen persons into whose hands, it is said, money was placed for corrupting the electorate. Two men are named who, it is alleged, were repaid with jobs.

LAST HALF DOLLAR WON \$60,000 PRIZE

(Copyright 1920 by Cross-Atlantic)
Rome, Sept. 13.—Giuseppe Biagio an eighteen year old unemployed lad bought a ticket for the national lottery with his last half dollar and won a capital prize worth \$60,000.

Alkali In Shampoos Bad For The Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulitified coconut oil which is pure, and greaseless, and is better than anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get mulitified coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

NERVES ALL GONE TO PIECES

"Fruit-a-tives" Conquered Nervous Prostration.

R. R. No. 4 Gilbert Plains, Man.
"In the year 1916, I had Nervous Prostration in its worst form; dropping from 170 to 115 pounds. The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take 'Fruit-a-tives.' I began to amend almost at once, and never had such good health as I have enjoyed the past eight years. I am never without 'Fruit-a-tives' in the house."

JAS. S. DELGATY.
50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives, Limited, Ottawa.

CHANGE IN TRAIN SERVICE ACCOUNT AND CANCELLATION DAYLIGHT SAVING TIME

On and after Monday, Sept. 13, Nos. 106, 125, 126, 128 and 130 will run one hour late, and No. 127 will run two hours late.

Nos. 123, 124, 128 and 129 will be cancelled after Sept. 13.

Nos. 125 and 126 will run Saturdays only, Sept. 18th to October 2nd, inclusive.

HAIL RUINS THE GARDENS

One Truck Farmer Near Providence Estimates His Loss at \$200,000.

Providence, R. I., Sept. 13.—Damage estimated at hundreds of thousands of dollars was done by a brief hail and thunderstorm, accompanied by a 45-mile an hour gale in a narrow area extending through Cranston, Warwick and East Providence, today. Thousands of panes of glass were broken, the interiors of homes and business establishments were flooded, and fruit trees were stripped. Street car, telephone and electric light and power service was interrupted. The hail-storms in some cases measured one and a half inches in diameter. A market gardener in Cranston estimated his loss at \$200,000, while one factory near there reported 2,000 panes of glass broken.

ENGLISH MINERS DID NOT CALL FOR WESTERN AID

United Mine Workers Declare O. B. U. Action Was Just Big Bluff.

Calgary, Alta., Sept. 13.—On being closely questioned, Henry Beard, president of the Miners' Department of the One Big Union in Alberta, now admits that no cable was received from Robert Smillie, President of the Miners' Federation of Great Britain, requesting that the workers here come out on strike on September 25.

Other officials of the One Big Union movement here, when seen, were inclined to still maintain that a cable had been received, but when informed that Smillie had himself denied sending such a message they tried to explain that it was a "letter" that had been received from the mine leader in Britain. A copy of this letter could not be produced, however, the claim being made that it was in the possession of P. M. Christopher, who is not now in the city.

The statement in the alleged letter from Smillie, which was referred to by Edward Brown, the Secretary of the One Big Union miners, as "the cable," was to the effect that "the time had come when the workers of the world act in union," and asked that "he kept in close touch with the proceedings from the Alberta district."

Cannot Conceive of Letter.
J. W. Brown, international organizer for the United Mine Workers of America, informed the Canadian Press today that he could not conceive for one moment, knowing Smillie as he did, that he would consider sending any communication at all to such a movement as the One Big Union. If he sent any communication at all, he certainly would have sent it to the

International Organization, and certainly no word has been received from him as far as we are concerned.
"This bluff on the part of the One Big Union is only just in line with their previous actions," added Mr. Brown. "Fortunately, Smillie has at once sent out a complete denial of their cable, and later on is sure to send another contradiction regarding the alleged letter."

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" stamped on tablets positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which also sell larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocarbonylchloride of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer-Cross."

Why does the Doctor Prescribe "More Sleep"

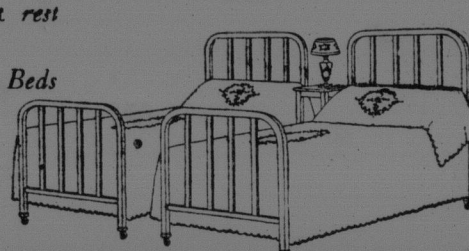

SOME people resent the doctor's telling them to get more sleep. It is really the most disinterested advice he could give. If all his patients slept soundly, every night, they would keep their systems toned up and avoid many an ailment. But go to bed as early as you will—you still will not sleep soundly if your bed rattles and squeaks, if your mattress is lumpy or your pillow puts a strain on your head and neck.

Maker of Metal Beds built for sleep—
Maker of those wonderful Simmons Springs, that really do invite the body to lie out flat, every muscle relaxed—
Expert in producing Mattresses built for sleep—soft and luxurious.
Maker of Pillows that rest the head and neck.
Specialist, too, in Twin Beds—that fine principle of a separate bed for everyone.

Ask the leading merchants in town about Simmons Steel Beds, Brass Beds, Springs, Mattresses, Pillows, Day Beds and Children's Cribbs.

The most popular sleeping equipment in the store—and they cost little if any more than the ordinary.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative design in Metal Beds.

The "FRONTENAC" Design 1900—in Twin Pair
Made of Simmons new Square Steel Tubing—seamless, smooth and beautifully finished.
Exquisitely enameled in the accepted Decorative Colors.
Has the Simmons patented pressed steel Noiseless Corner Lock. Easy rolling casters. Your choice of Twin Pair and Double Width. Specially pleasing in Twin Pair.

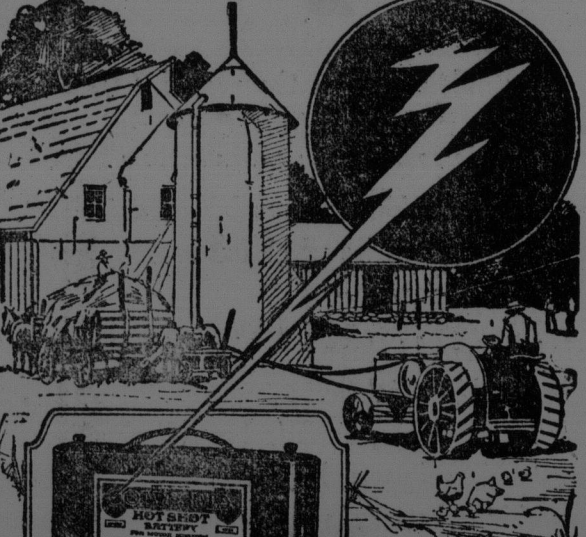

Sleep is a big subject! Write us for the booklet, "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep." Free of charge.

STOP THAT WASTE!

THE minute you connect a new Columbia Hot Shot Dry Battery to your gas engine, you'll discover that she is giving you more power. Later you'll learn that you're saving gas.

A Single Dry Battery of Many Cellpower

The sturdiest package of power ever built. No loose connections, no short circuits. For easy starting ignition on your Ford, put Columbia Hot Shot No. 1461 under the seat. Saves prolonged cranking—usually ignites the first compression of gas.
