BIG PULP SCHEME. Syndicate's Extensive Purchases in Quebec.

Montreal, June 21.—(Special)—The recent purchase by a syndicate headed by Messrs. W. H. Davis and David Russell, of this city, of nearly 1,100 miles of the finest pulp and timber lands in this province, is now stated to be the commencement of one of the largest deals completed in Canada in recent years. The limits already bought contain over 2,000,000 cords of pulp wood, and 1,000,000 saw logs. Several other limits on the same rivers are already under option, which will enormously increase these quantities. This extensive area is situated on the head waters of the St. Maurice River, and, with the mills at Grand Mere and the famous Shawinigan Falls, will make this section the greatest pulp and paper district in the world. It is the intention to develop a new water power near the largest individual paper mills in existence. Some very prominent New York and Philadelphia names are mentioned in connection with the deal.

THE MAINE CENTRAL TROUBLE. Interesting Developments Looked For Today Following Meeting Yesterday.

Waterville, Me., June 21.—A little stir had been noticed among the striking workmen here today. Several of the men gathered at the hall this afternoon and appeared far more jubilant than usual. When asked the cause for their good feeling the reply was, "Everything is going our way and that's enough to make us feel good."

Bangor, Me., June 21.—A union meeting of the engineers, firemen, truckmen and telegraphers on the eastern division was held here today. About 40 members were present. The meeting voted to send a delegation to the meeting of the United Order of Trainmen of America, to be held here today.

Montreal, June 21.—(Special)—Thousands are flocking into Montreal to attend the great St. Jean Baptiste celebration tomorrow. It is expected there will be at least 20,000 strangers in attendance. There will be a big procession followed by a religious ceremony. In the evening there will be a grand ball, which Sir Wilfrid Laurier will probably be present.

At St. Dunstan's church yesterday morning, Rev. Fr. Carney referred to the London Belles. He said that he was surprised to notice a few days ago that a performance at the Opera House here, and that Mayor Crocker had prohibited their appearance.—Fredericton Globe.

Toronto, June 21.—(Special)—The Globe's special cable from London says: "The Canadian government asked that it be granted extension and the war office agreed. General O'Grady's appointment, like that of other colonial appointments made since the war in South Africa, is said to be only provisional and as soon as peace is restored steps will be taken to supply Canada with an officer of more distinguished rank and service."

Edgar Chandler, who formerly used the Telephone newspaper, has entered the employ of D. Richards.

Fredericton, June 21.—At the Methodist conference this morning, Rev. James Crisp spoke of the benefits of the death of Christ.

Rev. A. Shenton read the report of the superannuation fund committee, showing \$1,438.47 received from collections, a gain of \$44.75 over last year.

Rev. Dr. Evans, treasurer of the superannuation fund, reported: The amount of this fund is \$82,947.28. The income was interest \$4,013.32; from mission fund, \$700; from book room, \$200. There is also \$3,001.52 from ministers' subscriptions and \$3,730.30 from the credits. These amounts, less expenses of \$572, make \$12,665.14. The claims of the superannuation ministers are \$16,577.00, but the amount paid is \$12,072.44, therefore the fund has last year paid only about 78 per cent.

Rev. Dr. Paisley gave his report as agent for the augmentation fund of the superannuation fund. The cash received from subscriptions is \$13,234.67. The balance due is the difference between this and the total promised, \$15,736.02.

Dr. Evans made the announcement that \$27,806.45 had, from various sources, been given to capital account, bringing it up from \$82,947.00 to \$110,753.45.

A HOME TRAGEDY. Massachusetts Man Killed Wife and Self.

Great Barrington, Mass., June 21.—William Barnes killed his wife and then himself at his home between Barrington and South Laramont yesterday. The bodies were found tonight by a man who, suspicious at the absence of the couple, broke into the house to see if things were right. Mrs. Barnes' body was on a bed, quite nude, and the evidence of a struggle was everywhere. The bodies were found in a room which had been used as a bedroom. The blood had saturated the bed clothing and dripped on the floor. Barnes, apparently, had sat on the edge of the bed when he cut his own throat, and, leaning over, had let the blood flow into a vessel. Then he had crawled along the floor to the window and tried to prop himself up in one corner, where death came. The couple was last seen on Thursday and as there was evidence of a struggle, it was believed that the tragedy occurred Friday morning.

Medical Examiner Smith deemed an inquest unnecessary. Barnes and his wife were both industrious, temperate people and their neighbors know of no reason for the tragedy. Mr. Barnes, 54 years old and it was his second marriage. He had four children by his first wife, and there had been some talk that his first marriage was not an agreeable one. She married the second time about four years ago.

PEARY EXPEDITION OF 1901. Fourth of Series Since Peary Left to Try Reach the Pole—Will Start Next Month from Sydney.

New York, June 21.—The Peary Arctic Club, of which President Morris K. Jessup, of the Chamber of Commerce, is president, and President Henry W. Cannon, of the Chamber of Commerce, is president, has announced that it will start on its expedition of 1901, the fourth of the series since Peary departed on his Arctic trip in July 1897. The expedition will be led by Frederick A. Cook, of Brooklyn, surgeon of the first Peary expedition, and a well-known Arctic explorer, who was with Peary on his first expedition to the North Pole.

John Thompson Hall Arrested in New York. American Millions Coming to Nova Scotia.

New York, June 21.—After a search lasting for months, with a photograph as the main clue, Pinkerton detectives have placed John Thompson Hall, justice of the peace, of Barrington, England, in the hands of the police. He is charged with defrauding the Dominion Securities Company, which is composed of the Vanderbits, Wm. Seward Webb, Sam. R. Callaway, John Jacob Astor, Henry L. Sprague, Arthur L. Meyer, Edgar Van Eken, Alfred Schiffer and other American capitalists and promoters, made a verbal offer from Halifax to Toronto. The local government has power to grant a subsidy of \$10,000 per mile for construction of this work. The Dominion government subsidy exceeds a certain amount, there is a provision for an increase in subsidy. Some 40 old miles of road, that is from Yarmouth to Barrington, has been completed. Messrs. Brill and Fletcher, of Philadelphia, owners of this road, state that it cost in construction and equipment about \$1,000,000. This will, in all probability, be taken over by the company undertaking to construct a through road.

Premier Murray asked Mr. Webb to put his proposition in writing in order that it might be submitted to the government for consideration. The answer, a satisfactory one, was made by Messrs. McKenna and Mann have with the Dominion Securities Company is not stated.

The offer to Premier Murray was made by William Seward Webb. It was virtually an acceptance of the government's proposition to give a subsidy of \$10,000 per mile for construction of a through road. The road would be built in sections, and the government would be required to purchase the road when it was completed.

There is, however, a connecting link between the Cape Breton Development Company and the Dominion Securities Company. The Development Company is to build a road from the Strait of Canso to Lunenburg. Robert J. Campbell, of New York, president, is now in the city. He is accompanied by Edward Goeman, of Cape Breton, who is the project's engineer. It is said that the Dominion Securities Company has acquired interests for Mr. Campbell and his associates in the project.

Regarding the Halifax-Yarmouth through line, there are several matters to be straightened out before satisfactory agreement can be arrived at. Some arrangement must be made with Messrs. Fletcher and Brill at one end of the line, and there are matters at the other end needing adjustment.

It is said that it will cost between \$5,000,000 and \$6,000,000 to complete the road from Halifax to Yarmouth.

OTTAWA MATTERS. Supply of Dorchester Penitentiary.

Ottawa, June 21.—(Special)—Sir Wilfrid Laurier will leave Saturday for Montreal and will proceed thence to his old home in Arthursville where it is his intention to spend a brief holiday. The deputy minister of justice, Mr. E. L. Newcomb, left today for England. While there he will go into the question of copyright with the imperial authorities in London. Mr. Newcomb will also watch the Manitoba liquor case before the judicial committee of the privy council of the British empire.

Auditor General McDougall will leave in a couple of weeks to visit London, Paris and Berlin. He will look into systems prevalent in respect to auditing expenditures and matters appertaining to his office.

From Mr. Sifton told your correspondent today that he had received a report from Dr. Haanel, the new superintendent of mines, who has just returned from the United States, where he was making enquiries and arrangements for an assay office at Vancouver. The minister now feels that the office will be established by the 15th of July at Vancouver.

The only difficulty that might prevent this will be obtaining suitable premises or delay in arranging of satisfactory arrangements. Mr. Ryke, chief clerk of the mining department, will leave on Monday for Vancouver for the purpose of making necessary arrangements.

The following will be gazetted tomorrow: E. S. McNeil, John Victoria, Nova Scotia; To be wharfinger of the district of Charlottetown.

Deaths: Robert Walls, of Chatham, New Brunswick; To be shipping master at Chatham.

In regard to the report in official circles that Major General O'Grady-Haley has been recalled, the facts so far as can be ascertained tonight are these: As one meeting will be gazetted tomorrow: E. S. McNeil, John Victoria, Nova Scotia; To be wharfinger of the district of Charlottetown.

In reply to that request, it is understood that the answer is in the affirmative. A major general is granted an extension to 30th September or all about one month. The salary of a major general is \$10,000 a year. It is understood that the answer to the request tonight this would give sufficient time to pack his trunk. There will be general regret here if the war office cannot be prevailed upon to accede to the request from Canada as the major general has made warm friends among militiamen and others since his arrival in Canada. It is said that strong efforts will be made to get the major general to stay.

Three Deaths Reported—Grand Stand of Ball Grounds Carried Body.

Pittsburg, Pa., June 21.—Three lives are reported lost in a rain storm which raged over this section this afternoon, doing great damage. It is reported that only one name had been learned. He was Charles Marcus, an Italian.

Great damage was done in the two cities and in the suburbs east, but nothing like accurate figures can be given tonight. Conservative estimates place the loss at \$30,000. The tornado, when it reached Allegheny struck the grand stand of the ball park and carried away bodily 150 feet of glass structure and moved the stand from its foundation. Great beams, with portions of the stand, were carried from 100 to 300 feet from the park, lodging on the roofs of houses. Beams ploughed through the roof of the grand stand building, carrying away a portion of the building in which James Williamson was asleep. The Point Bezeze Presbyterian church was blown away by high winds, the steeple together with a portion of the roof of the edifice wrecked. The Presbyterian church at Wilkesburg was also struck.

The C. P. R. STRIKE. French Laborers at Work in Carleton County—The Upper Canada Situation.

Pent, N. B., June 21.—(Special)—The strike still continues here and is likely to end as that for the Peary expedition, which was promised. The section men of the Woodstock division, of which there are about 100, are very stiff and soot at the idea of returning to work without the order from their headquarters. Today a carload of Frenchmen came down from Madawaska and are taking the sections.

Toronto, June 21.—(Special)—The C. P. R. are taking aggressive measures in connection with the strike. Local strikers' headquarters are under charge of Foreman Wilkinson of Junction yards and his position has been permanently filled. The men allege the company is making special offers to foremen and sending out Italians from the city to work instead of them while, on the other hand, the company claim the strikers themselves are returning to work in considerable numbers, especially in eastern Ontario.

It costs about \$25,000 to fit out for a season's voyage to the Arctic such a vessel as that for the Peary expedition, which sails in July, or that for the Baldwin expedition, which also sails next month. The fare for the round trip, if any passengers are taken, is about \$500. Members of the crew of an Arctic ship are paid about a fifth more than on ordinary voyages. The captain will receive about \$125 a month, the mates and engineers perhaps \$50 or \$75 and the seamen \$35 a month. These wages, it is always stipulated beforehand, must be paid promptly and regularly to the men's families in Newfoundland or Nova Scotia. There are usually 10 to 20 men in the crew.

Webster, Mass., June 21.—Lightning played sad havoc at the home of Mr. and Mrs. Andrew Ruzan, in East Woodstock, Conn., five miles from here, during a terrific thunder storm this afternoon, instantly killing Ralph, 21 years old, burning Clarence Ruzan, 5 years old, so severely that he will probably die, and terribly burning the father and another son, Egan, 7 years of age, although there are hopes that the lives of the two latter may be saved. All together with Mrs. Ruzan and four months' old baby, were in the sitting room, when a lightning bolt struck a large pine tree near the house, splintering it and glancing into the house. Everyone in the room was rendered unconscious, but Mrs. Ruzan and the baby sustained no injuries except to their nervous systems. The lightning darted from room to room, demolishing furniture and tearing away partitions, causing a money damage of \$500 or \$600.

The Ruzan house is in a rather isolated section. It was some time before medical assistance could be brought. The injured were in such a condition that it was impossible to remove them and they are being attended at their homes.

Woodstock Ladiesmith arrived at Indian-town last evening with a cargo of timber.
