It's a good thing for a man to sit down and figure out just how his money goes; and then how money grows when he begins to save systematically. Cents, quarters and half dollars take wings when they are used for unnecessary things—but they grow rapidly when properly cared for. \$1. opens a Savings Account in this Bank. ## TOWN AND VICINITY

Appin's big garden party next Wednesday. You haven't read all the news in this paper until you have read the ads. Renew your daily paper subscriptions at the Transcript office and make a saving worth while. The sacrament of the Lord's Supper will be observed on Sunday morning at the Methodist church.

Reopening of the Presbyterian church auditorium after being decorated is expected to take place on Sept. 4 or 11.

The local event this week will be the annual garden party by the Daughters of the Empire at Recreation Park next evening. Mrs. Scott Willey of Campbellton had the misfortune to be knocked down by a cow. She was badly bruised, but had no bones broken.

Herbert Greenfield, chosen as the next premier of Alberta by the farmers' conference at Calgary, was brought up on a farm near Strathroy. The post office department is reminding the publishers of an increase in the postage rate to be charged on newspapers after first of January next.

Theodore Gray, organist and choir director of the Presbyterian church, is holidaying in a month. Miss Elizabeth Grant will officiate as organist during his absence.

Peter Ernest, of Toronto is handling Mr. Reith's bakery while Mr. Grant takes a week's holiday. Mr. and Mrs. Grant leave on Friday to visit friends in Port Dover.

Miss Louise Garbutt and Earl McDonald, Glencoe, and Harold Fennell, Newbury, were successful in the upper school examinations, results of which were announced on Monday.

Potatoes, which a few weeks ago were almost a drug on the market, are now a scarce article. The crop, it is said, will be the worst for years on account of the long hot spell of weather.

Shelgrove & Faulds have been appointed Ford dealers for Alborough township and have opened a service station and garage in Rodney. This firm runs the Central garage in Glencoe and the Tourist garage in Wardsville.

The death occurred in Metcalfe on Monday, August 1st, of Miss Carrie Moore, in her 54th year, and the funeral was held on Tuesday from the residence of her brother, James Moore, lot 9, con. 13, to Strathroy cemetery.

The work of street paving in Glencoe is to be commenced immediately, and the public are cautioned to take notice that the main thoroughfare north of the railway is closed to traffic, and to take every precaution to avoid danger.

The Daughters of the Empire have received from Every Woman's World a beautiful service flag with the names of the Glencoe boys who served or fell in the great war. This flag will be on exhibition at the garden party Friday, August 5th.

The prevailing retail price of gasoline is thirty-seven cents a gallon, and, although local dealers do not give out much hope regarding a possible reduction in price, the Imperial Oil Company intimates that an appreciable drop in price is expected now any time.

In reporting winners of the field crop competition in last week's Transcript, W. A. McCutcheon should have been credited with 88 points in the standing field and threshed grain competition in oats. Owing to a typographical error he was only credited with 82 points.

The death occurred at Appin on Tuesday, August 2nd, of Matthew Morrison, one of the oldest residents there, in his 84th year. The funeral service will be held at his late residence on Thursday afternoon at 2 o'clock and interment will be made in the Lotan cemetery.

Rev. and Mrs. D. G. Paton left on Tuesday evening to spend a month's holidays in Muskoka. During Mr. Paton's absence the Presbyterian pulpit will be supplied on August 7 and 14 by Rev. C. C. Strachan of Burgoyne and on August 21 and 28 by Rev. Kenneth McLean of Stainer. Both are Glencoe old boys.

Mr. Reith has been busy in his spare moments constructing a gasoline pleasure launch which he finished last week and transported to the lake at Tyrconnell. The launch is complete in every detail and will add greatly to the pleasure of the Glencoe campers who are spending the summer at Mr. Koehler's popular resort.

A Western correspondent writes: Wm. M. Leonard and family, missionaries en route to Luchow, Szechuan, China, arrived in Hardisty, Alberta, July 23rd, and are the guests of Mr. and Mrs. T. A. Weekes. It is glorious weather in the West, and the Leonard family are having an enjoyable camp by a pretty lake about three-quarters of a mile from Hardisty.

The Attorney-General's department has promised to take action to put a stop to any undue harassing of motor vehicle drivers on the roads leading into London. Compliments of many motorists allege that feigning constables are causing unwarranted prosecutions through enforcing a regulation that autos may not travel faster than 12 1/2 miles per hour over road intersections.

An Unblemished Record. Sensational advertising methods have so often been used to exploit worthless articles that we have always preferred to be very conservative in our claims for Dr. J. D. Kellogg's Asthma Remedy. We keep it before the public by modest announcements, relying almost wholly for its more extensive use upon its recommendation by those whom it relieves of Asthma's dreadful agonies. These are now numbered in many thousands. We suggest a trial of Dr. J. D. Kellogg's by every sufferer from Asthma.

Since he had been in France he was very fond of airing his slight knowledge of French. On leaving his friend one evening he said, "Au revoir." "What do you mean?" "I mean goodbye—an revoir is goodbye in the French language." "O, I see; well, carabolic acid to you." "What does that mean?" "That means goodbye in any language," said his friend with a grin.

Mothers Value This Oil—Mothers who know how suddenly croup may seize their children and how necessary prompt action is in applying relief always keep at hand a supply of Dr. Thomas' Electric Oil, because experience has taught them that this is an excellent preparation for the treatment of this ailment. And they are wise, for its carbolic uses render it a valuable medicine.

Hay Fever and Asthma are quickly relieved with "RAZ-MAH." Time to fight Rheumatism is the warm weather. RAZ-MAH and T.R.C.'s both sold by H. I. Johnston.

## FIT BEES FOR WINTER

Get Them in Shape for Their Long "Shut In."

Be Sure Your Queen is a Good One—A Strong Colony and Plenty of Stores the Next Requisites—Pay Less for Better Hives.

(Contributed by Ontario Department of Agriculture, Toronto.)

It is taken for granted that the beekeeper has introduced a vigorous Italian queen to every colony in which a falling or poor queen was found, late in July or early August. If this has been done and room provided, so that the queen could lay to capacity and the bees still store any surplus honey that might be harvested, then the beekeeper is in a fair way to winter the bees successfully. There are two other manipulations, however, which should be completed to assure successful wintering.

First, unless one has a first-class colony, it does not pay to attempt to winter weak colonies in the cellar. Weak colonies or nuclei cannot be wintered outdoors with success at any time.

All colonies covering less than three frames, on both sides should be united with other colonies. The best way to unite is to place a sheet of newspaper between each brood-chamber and allow the bees to unite without any further attention, except that in a week or two the paper should be removed and the bees left in one hive-body.

The second manipulation, and equally important, with having a good queen and a strong colony, is the question of the winter food supply. Beekeepers who are willing to make an investment of not less than fifty pounds of first-class honey per colony, are the beekeepers who next season secure the large crops of honey. If the fall honey is not of known quality, then it will be better to feed each colony from ten to fifteen pounds of sugar syrup, mixed in the proportion of two of sugar to one of water. The sugar should be thoroughly dissolved, but the syrup must not be burned. This syrup should be fed while quite warm in an inverted Mason fruit jar or honey pail with perforated cover; and if fed inside an empty super, with the entrance reduced, there will be very little fear of robbing. Feed the warm syrup in the evening and before the end of September. Then if the colony has 50 pounds of natural stores and is headed by a good Italian queen, this colony will then be in shape to either pack for outdoor wintering or to place in the cellar.

In the winter of 1919-1920 the winter loss throughout Ontario was over 50 per cent., yet even in a winter when the loss was so heavy, many successful beekeepers wintered practically without loss. It is unnecessary to have a heavy winter loss in bees, provided the beekeepers will give the same thought and attention to the apiary, when successful business men in all walks of life give to their individual business.

The office of the Provincial Apiarist, Ontario Agricultural College, Guelph, is always ready to assist beekeepers in any way to make beekeeping more successful. Consult him, if in doubt.—E. Eric Milten, O. A. Guelph, Guelph.

Watch for particulars of the big West Middlesex U. F. O. picnic on August 24th at Weekes' grove, near Glencoe. Premier Drury and local member of the Legislature will speak. Good program of music and sports.

## Children Cry for Fletcher's

# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

## What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
