Good Rubbers Mean Foot Comfort, Shoe Economy and Health Protection

Why are they comfortable? Because in the Dominion Rubber System brands, you can get just the size and shape of rubbers to perfectly fit every pair of shoes.

That is one advantage of having a great organization like the Dominion Rubber System to study your needs. With factories and service branches all over Canada; and with experts in constant touch with the leading shoe manufacturers, the Dominion Rubber System is able to make and supply your dealer with every style

How do Rubbers economize on shoes? They protect shoes against slush and rain—make shoes wear longer and hold their shape better—and enable you to wear old shoes in bad weather.

Is it necessary to speak of health protection? With the epidemic of "Flu" so vividly in mind, and the warning of physicians to keep the feether, surely no one will run the risk of going without rubbers on wet days!

When you choose rubbers, ask for one of these brands:

"Jacques Cartier" "Granby

"Merchants" "Dominion"

These trademarks guarantee quality: and behind these trademarks is the Domina Rubber System, a power of protection to every pair of these guaranteed rubbers.

Caucus on Tariff

Government Will Hold One In both parties met this morning behind closed doorsto decide on sessional

closed doorsto decide on sessional possibilities.

The Government caucus was a continuation of the full party caucus of last week, at which the discussion was general. The Liberal grouping was confined to the members of the advisory committee which met with the object of reaching definite conclusions as to the desirability of moving some amendments to the addres in reply to the speech from the throne.

to be held at a later date. This was decided at the second Government cancus held this morning. The subject was broached but further discussion was adjourned on the understanding that a full opportunity would be given at a special gathering to every member to express his views. This mornings meeting lasted untilt 1 o clock and it was noticeable than members left the caucus before the adjournment, which is unusual circumstance. The sessional program including proposed highway legislation prohibition and other matters was discussed, and on these questions it was said that hrmony prevailed and that any divergent views tions it was said that hrmony pre-vailed and that any divergent views that may exist will be satisfactoril

Wednesday a deputation consisting of Mayor Somerville, City Solicitor Meredith, City Clerk Baker, ex-Controller John M. Moore and Alderman Sam Manness journeyed to Toronto to bring before members of the private bills committee the several items included in this years City of London bill.

Mr. Lucas was Kind

The deputation waited upon Hon. I. B. Lucas, attorney general, at the Parliament buildings.

"Mr. Lucas was most kind, said Mr. Baker, smiling blandly, when a Free Press reporter asked him what kind of a reception the deputation met with when the matter of the commission government scheme was mentioned.

Pressed for some further information as to what transpired, Mr. Baker admitted that Mr. Lucas had not spoken at any great length, but that he had distinctly left the impression the lefore the private bills committee would gase with favor upon the idea.

No Ghance

Mayor Somerville corroborated all that Mr. Baker had to say and went the city clerk one betten by admitting right out and out that the seheme had practically no chance at all of surviving the tender mercies of the private bills committee.

"We were informed, said his worship, that the Government intends opening up a department of municipal itses. However, continued his worship, that the Government intends opening up a department of municipalities. However, continued his worship, that the Government intends opening up a department of municipal is overcome.

Stop suffering! It's needless—neurity and the survey of the private bills committee.
