

## Questions

years of age in the family, which had immigrated from Asia at some time.

Information on the total number of oriental family immigrants is not available in the dominion bureau of statistics, but according to the 1961 census of Canada, there were 24,242 Asiatic families in Canada, in which both husband and wife were present at the census date and the head of the family was an Asiatic. A number of these, although of Asiatic origin, are Canadian born.
