strates the fact that there is no necessary relation between the revenue of a college and its educational efficiency. Baliol is one of the poorest of all the colleges at Oxford, yet it educates 214 undergraduates and has nurtured a remarkable number of England's most brilliant men. Magdalen, one of the richest of the Oxford colleges, educates only 115; while Keble, with no corporate revenue whatever, educates 162.

From inquiries made it is found that there are amongst the Mayors of England and Wales twenty-seven abstainers from the use of intoxicating liquors as a beverage. company of Engineers. I saw many of 10th, I was very grieved to find that two to fulfil this, its most peculiar and essenthe sick from all the regiments, as they men I knew were dead. One I found a tial function, may be measured by the faith and zeal, and holiness of its members.

> A Church may be what the world calls strong in point of numbers and influence. A Church may be made up of men of wealth, men of intellect, men of power. high-born men, and men of rank and fashion, and being so composed, may be in a worldly sense a very strong Church. There are many things that such a Church can do. It can launch ships and endow seminaries. It can diffuse intelligence, can uphold the cause of benevolence, can maintain an immense array of forms and religious activities. It can build splendid temples, can rear a magnificent pile and adorn its front with sculptures, and lay stone upon stone, and heap ornament upon ornament, till the costliness of the ministrations at the altar shall keep any poor man from ever entering the portal. But I will tell you one thing that it cannot do-it cannot shine. It may glitter and blaze like an iceberg in the sun, but without holiness it cannot shine. Of all that is formal and material in Christianity it may make a splendid manifestation, but it cannot shine.

On the contrary, show me a Church, poor, illiterate, obscure, unknown, but composed of praying people; they may be men of neither power, nor wealth nor influence ; they may be families that him, won him over to Christ. A young

Let us hear and remember his word. "As the Father hath sent me into the world, even so have I sent you into the world." Do we at all recognize this as a fact, that we are sent of God into the world, in some sense, at least, as Christ was sent, "that all men through him might be saved ? And if we have been sent by God upon such a mission as this. to reveal Christ to men as their only hope of salvation, are we at all attempting to do it ? Carrying about with us this thought day by day, that we are of God to work for him in this present evil world, let us esteem no labor too great for us to undertake, and no human soul too degraded to be sought out and brought to him who stooped to the vilest, who came to seek and to save that which was lost, and whose command to his servants still is, "Go ye into all the world, and preach the Gospel to every creature."-Am. Messenger.

#### THE BEAUTY OF HOLINESS.

We know a lady, sixty years of age, who has been a Methodist forty-seven years. She was of poor parents, her father being a drunkard, but her mother was an angel in woman's form. The daughter imbibed her mother's spirit, and sought and found Jesus when she was thirteen years old. She lived at the foot of the cross, and the candle of the Lord shone brightly upon her. Never did I see just such a mother and daughter. Their united, fervent prayers
