Just Be Glad.

Heart of mine, we shouldn't worry so! What we've got of rain we couldn't have, you know! What we've met of stormy pain And of sorrow's driving rain We can better meet again If it blow.

We have erred in that dark hour We have known When the tears fell with the shower, All alone - Were not alone and shower blast As the gracious Mother spirit Let us temper our content With His own.

For we know not every sorrow Can be sad; So, forgetting all the sorrow We have had, Let us loide away our fears, And put by our foolish tears, And through all the coming years Just be glad.

A Heavy War Loss.

The world's stock of sheep has decreased by 54,000,000 head since the war began. Millions of cattle and swine have also been destroyed. While the war lasts the resulting shortage in cattle and hogs will have to be in part endured in order to conserve grain for shipments overseas but the immense gap between supply and demand must be bridged as far as possible to save a desperate situation. The most effective step that we can take at present is to greatly increase the number of sheep. These can successfully be maintained on pasture in summer without any supplementary food, and in winter on hay and roots with a very trifling amount of grain in the present crisis, and especially in view of the shortage of mill feed which must follow a low yield of grain in the West, it is imperative to increase the stock of sheep in Eastern Canada. In this connection we direct attention to the joint policy of the Federal and Provincial Departments of Agriculture which is advertised in a late issue of this paper.

German Spy is Landed Again.

New York, Sept. 23 - Lieutenant Robert Fay, convicted German agent, in prison more than two years ago who was caught in Spain recently, has been brought back to this country and is in the custody here of the department of justice. He is held here today under guard from New London (Conn.) where he arrived from Spain on a United States naval vessel.

Disposition of his case awaits instructions from Washington. It was announced by the department of justice yesterday. Fay, who styled himself a lieutenant in the Prussian army, was sent to Spain three years' sentence after his conviction in the New York federal court on the charge of conspiring with others in a plot to blow up United States ships leaving New York harbors. Fay had perpetrated a powerful bomb, designed to blow up a ship's stern.

No Chance for the Germs.

Disease germs cannot live in rich, red blood. It is people in low vitality that fall victims to germ diseases. By using Dr. Chase's Nerve Food you enrich the blood, increase vitality and prevent disease germs from finding lodgment in your body. There's wisdom in prevention. It's easier to keep well than to get well.

White Monkey.

Try it. Perhaps you know it. It's good for a meatless day. Heat one pint of milk in the double boiler. Stir in one tablespoonful of flour which has been previously mixed with two tablespoonfuls of cold water. Then add, very slowly, two-ounce grated cheese, one ounce of butter, one teaspoonful salt and egg yolk. Beat an egg very light in two tablespoonfuls of milk and add this to the mixture which should now be cooked gently for five minutes and served on toast.

It Sure Would.

The joy-riding editors overtook the others, are spilling much ink these days on the "democracy" of George V. This stuff about what the editor thinks of the king makes rather flat reading. But - oh, most wouldn't it be interesting if we could print what George said to Mary about the Canadian editors after tea was over and the company out of hearing.

With Remembering.

When preparing a chicken, try rubbing the inside with a piece of lemon and you will find it very good, as it whitens the flesh and makes it more tender.

To keep a chimney free of soot, occasionally sprinkle a little salt petroleum on the fire. Teaspoonful is enough.

Also, new buttonholes shut by themselves a sweater or any other winter garment where buttonholes are in the neck.

Put a little salt on the spot with the button. Wash the spot afterwards with beaten white of an egg.

To remove dog tracks from white enamel, rub with a moist cloth dipped in whiting.

A colored faded blouse may be bleached white by boiling in cream of tartar solution.

Equal parts of turpentine and ammonia will remove pain.

To restore color taken out by acid use ammonia (not volatile, or hartshorn) drop on the faded spot.

When travelling dip the tops of corked bottles in hot paraffine before packing them and the contents will never spill or leak out.

Use kerosene or gasoline for cleaning purposes only during the daytime - and in the open air or in a well-ventilated room containing no open fire.

The Business Woman.

Today, more than ever before, is woman's opportunity. Many new occupations are now opened to her, which, before the war, she was deemed unfitted to fill. And truth to tell she has risen to the opportunity, and now shares many business responsibilities in former times confined to men. But, as women are subject to more frequent fluctuations of health than men, many will be handicapped early, if they regard their health requirements too lightly.

The nervous strain, long hours and prolonged mental or physical fatigue thin the blood and weaken the nerves. Such conditions as women are now called on to undergo can only be met by a full-blooded constitution.

Women, only weaker women suffer from it. The woman worker, in any line, requires her blood replenished frequently. She needs new, rich blood to keep her health under the trying conditions of business life, and to fortify her system against the effects of overwork. This applies also to the woman in the home, who, perhaps, has more worries and anxieties than usual. So let all girls and women take heed and renew their blood promptly at the first approach of pallor, lack of appetite, headache or "backache." This can be best and most effectively accomplished by taking Dr. Williams' Pink Pills which make new, rich blood and thus help woman stand up bravely. No woman need fear failure of health if she takes these pills occasionally to keep them well, or give them a fair trial if they find themselves rundown.

You can get Dr. Williams' Pink Pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Rich Loot For Huns.

NEW YORK, Sept. 23 - The Cathedral of the Holy Saviour in Moscow, says Stray Stories is probably the most magnificent church in the world. Its five cupolas are covered with pure gold - each inch in thickness. Its interior decorations are magnificent and very costly.

This church is the nation's thank offering for the deliverance of Moscow from the French. It took fifty years to build, and its cost has been estimated at \$10,000,000.

In the Cathedral of the Assumption, situated inside the Kremlin, is the most sacred picture in Russia, the Virgin of Vladimir, said to be painted by St. Luke. The jewels which adorn it are valued at \$1,250,000, one emerald alone being said to be worth \$250,000. Napoleon took from the church five tons of silver and 500 pounds of gold, but its most precious treasures were concealed previous to the French invasion, and afterward restored.

Correct style worn by well dressed young men in all localities. Lace boot - medium narrow recede toe, low heel - made in black, tan or patent calf. Price, \$7.00 to \$12.00.

Style - Plus Service at a Fair Price

THE style illustrated above is one that is largely preferred by Canadian business men - especially young men. It has the medium long vamp and narrow, somewhat pointed toe which gives the foot a slim and "dressy" appearance, without being extreme in style. Those who like this type of shoe will find it thoroughly satisfactory in fitting qualities and a comfortable easy shoe to walk in.

This style can be obtained in several grades of black and tan. The price range - \$7 to \$10 - considering the present leather market, is extremely moderate.

Next spring a shoe of the same wearing qualities will cost from ten to twenty per cent more. It would cost more now except for the fact that the resources of this company enable us to cover our needs well in advance.

A.H.A. War-Time Selections offer special Service Value for Men, Women and Children. Ask your dealer for them.
