

Notre Dame Church.

The view, from the main entrance, of the gorgeous altar of this sacred edifice is an inspiring one. Here are to be seen, during the tourist season, at almost any hour of the day, scores of visitors from all parts of the globe. To visit Montreal, and not to have seen Notre Dame, is to have missed one of the principal attractions of our city. The organ, said to be the finest in America, cost over \$50,000. The architect of this magnificent building was an Irishman, named O'Donnell, and is buried in one of the vaults of the church.
