## Union seeks incorporation

**HAMILTON (CUP)**—Students at McMaster University here expect to incorporate their union by March.

Their lawyer, now drawing up the union's charter, will negotiate the move with the university's solicitors. The Ontario government will be asked to give the charter final approval in February, after the university allows students to use the name McMaster.

Meanwhile, at Acadia University, students are proceeding with incorporation plans of their own.

Students council there last week agreed to changes in their act of incorporation proposed by the university board of governors. Their incorporation act will come before the Nova Scotia legislature for approval in February.

## Phantom phoner swindles student

**TORONTO (CUP)**—Two University of Toronto students have been defrauded of \$200 by an unknown person or persons posing as a representative of their college or faculty offices, U of T police chief said last week.

An unidentified person telephoned each student, saying he was calling from his faculty dean's office, Chief J. B. West said.

The caller asked the students for information concerning his bank account saying he needed the information to clarify the student's records or for the student to obtain a loan, Mr. West said.

The caller then went to the student's bank and made out withdrawal slips on his account.

Toronto Metro police are still pressing the investigation for the unidentified caller.
