

News carrier for week of Aug. 19.

John Sterle, 14, son of Mr. and Mrs. Martin Sterle, 1508 Asgard Dr., is The News' carrier of the week for Aug. 19. John will be entering Grade 10 at Gordon Graydon Memorial Secondary School this fall and says there "is no subject I don't like." He passed out of grade nine with a 87.5 percent average. His hobby is microscopy and electrical "gadgets" which he makes himself. Among his many accomplishments have been a carbon arc furnace and a puzzle solving computer. He has also rigged up his own type of directional signals for his bicycle. He has 48 subscribers and delivers The News in the Alexandra Dr., Asgard Dr., South Service Rd., and Northmount Ave. area.

Mississauga Rd. 'like a snake having a fit'

A request that Peel County roads' committee shift its priority from a grade separation on Mississauga Rd. to the Erin Mills Parkway proposal was last week deferred by committee to await results of a feasibility study on it.

County engineer Bob Knight said several grade separation plans are on the deferral list and it would be about 10 or 15 years before the Streetsville one would be undertaken.

Streetsville mayor Hazel McCallion and reeve Bill Appleton asked for the switch in priority to the proposed Erin Mills Parkway, saving area residents and businessmen wanted it that way.

Mr. Appleton said the present alignment of Mississauga Rd., going through Mississauga and Streetsville was "like a snake having a fit."

Mr. Knight told committee the grade separation pro-

posed for the road would still be needed to cope with traffic conditions even with the new parkway. "Traffic will certainly not decrease," he added.

Contest winners
