

volunteered the information
to me that he had recommended
in a letter to the Commission
or the Government that the
proceedings against you should
not be gone on with, but
discontinued, as a result
of the views he took that
there was no fault
on your part after he had
thoroughly investigated the
case and facts, and particularly
after you were examined
for discovery, and upon the
facts there adduced.

He further told me
that he had protected
