**BUILT ON THE GROUND**

That's the reason fences built with London Field Weaving Machines are superior to others.

Men of long experience with wire fences say they would not pay as much per pound for roll fence as for the same quality of wire with which to weave their own fence on the ground. Why? Because it's built so much better that it pays. Yes, it pays twice over for the work. Buy London Coiled Wire with London tin tags. Build it in the field with a London and get the best results for the least money. Ask your dealer for our catalogue or write us.
