MARKET REVIEW AND FORECAST

TORONTO, January 24.—The best news of the week is the renewed activity in army home buying. From last week, taking about three hundred animals as yet. In addition to army buying Western buyers have been on the market and have operated quite extensively in the country districts.

The general farm market situation is strong. All lines of grains have advanced one to four or five cents. Hay and straw are firm, mill feeds have gone up and potatoes promise a reach of a higher before long.

WHEAT.

The leading factor in the market continues to be the scarcity of grain for consumption in the allied countries. Another factor now assumes importance, cold weather in the winter wheat and an insufficient covering of snow. The result is an advance all along the line, Ontario wheat being held at one to two cents more than at last report. No. 1 Northern, \$1.27; No. 2, \$1.25; No. 3, \$1.23; Ontario No. 2, \$1.19 to \$1.21; sprouted and tough, \$1.05 to \$1.19; sprouted or sun-dried, \$1.00 to \$1.10; feed wheat, 85c to 90c.

COARSE GRAINS.

Small advances are recorded in all the coarse grains. Advices at this season of the year are common and seasonable. Oats are quoted C.W.
