**IMPORTANT TO THE STATIONERY TRADES.****Patent Cameo Colour Stamping Press.**Economic in Working.Does the Very Best Work.Cheap in Price.

The attention of the Stationery Trades is particularly directed to the important advantages combined in this NEW PATENT PRESS (as per Illustration); the several operations of Colouring, Stamping, &c., are effected in the same manner as Plain Stamping has hitherto been done—by one half swing of the Ball Lever and with provision made for ensuring the constant supply of Colour of an uniform consistency, whatever description may be used. These highly important features—which have not hitherto been accomplished automatically in one Machine—it is considered, must command its general adoption by the Trade.
