The Royal Road Begins When You Ride on Goodyear Tires

Try them a little while. They have smoothed out the rocky road of tire troubles for thousands of motorists.

Because Goodyears are fortified 5 ways against the major tire troubles. And yet they cost you 37 per cent less than two years ago.

Best For Farmers

Last year men bought in Canada as many Goodyear Tires as there were cars. Thousands of these Goodyear users are farmers, too.

These men want tires that turn rough roads into royal roads. They want the least risk of tire trouble when driving, as they must, miles from the nearest garage or repair shop.

They want low cost per mile. These things they get in Good-

years. And so in every farming section, you'll meet these men driving on the royal Goodyear road.

You, too, should try these tires. Let them reveal the five costly ways in which they protect you from tire troubles—against rim-cuts, against blowouts, against loose treads, against punctures and skidding. And no rival tire has these Goodyear features.

Prices Reduced

Despite the war tax, we made another big reduction February 15th. That was three reductions in two years, totaling 37 per cent.

"IT THROWS AND BLOWS"

Papec Ensilage Cutters
Cut silage perfectly, and at a very low cost of operation. Papec knives cut smoothly and swiftly. They make a fine uniform silage that is very palatable and nutritious. The combined throwing and blowing force that lifts the silage is generated from one belt, less power than is required by any other blower doing the same work.

Me-haul all perfection and high quality of material mean long life, no loss of power and low cost of operation.

Our new illustrated catalog gives facts showing how the Wonder Cutter will save time and money at cutting time. Send for copy today.
