The BELL Piano & Organ Co.  
GUELPH, (Limited.) ONTARIO  
Largest Makers of Pianos, Organs and Playerpianos in Canada.

## This Cylinder Shows Why The "EUREKA" Root Cutter

is the best on the market. See how it is designed. Grooved knives, with the grooves on one blade opposite the teeth on the next. Instead of slicing or pulping, the "Eureka" turns out roots in shreds—thin narrow strips—suitable for any kind of feeding. The "Eureka" shreds from one to two bushels a minute, and turns so easily that a child can operate it.

In the "Eureka" the feed is kept free from dirt, the feeder bottom being made with iron rods, thus allowing all dirt to drop out before it can reach the shredding cylinder. The sloping form of the cylinder makes the machine a self-cleaner. Write for catalogue which explains fully.

## The Marlin Model 20 REPEATING RIFLE

You can buy no better gun for target work and all small game up to 200 yards.

Without change of mechanism it handles .22 short, long or long-rifle cartridges perfectly. The deep Ballard rifling develops maximum power and accuracy and adds years to the life of rifles.

The solid top is protection from defective cartridges—prevents powder and gases from being blown back. The side ejection never lets ejected shells spoil your bead and allows quick, accurate repeat shots. With simple take-down construction, removable action parts,—least parts of any .22—it is the quickest and easiest to clean. A great vacation rifle. Ask any gun dealer.

The 136 page Marlin catalog will help you decide what rifle best suits your individual desires. Send 3 stamps for it today.

## Consult your wife about the new barn.

It's your duty, Mr. Reader. She has helped you make a new barn possible. Get her opinion of "Galt" Steel Shingles. She has probably read about them and her opinion is worth something to you. Find out for yourself what "Galt" Shingles are made of—how they are made—how they lock—how they make a storm, fire-and-lightning-proof and permanent roof—how they save you money compared with any other building material you can use. Or if your present barn needs a new roof make it a first class barn by putting a "Galt" Roof on it. For old and new barns, wood shingles are out-of-date, use

## A Paying Business

Where the Others do the Paying—Not You

HERE is a business that does not tie up your money where you will never see it again. If you are not afraid of honest work, you can build up a substantial business in your own neighborhood by digging machine-made ditches with a

## BUCKEYE TRACTION DITCHER

Farmers are waking to the value of tile-drainage and sub-soiling. They are demanding machine-made ditches.

1. Because they are within the reach of every pocketbook.
2. Because they are truer and always of perfect grade.
3. Because the work is quickly done.
4. Because there is no gang of men to board for weeks at a time.

Where there is a demand, there is where you can build up a successful business. If you have a keen eye for opportunities, you will here see the road open for large profits. Others have earned \$2,500 a year. You can do the same. The initial cost of the machine is small, and it pays for itself the first season. Requires no technical knowledge to operate, work is agreeable and profitable. Buy a BUCKEYE and watch your bank account grow.

## NO LEAK-NO RUST

### STEEL TANKS V. WOODEN

The steel tank for water storage is as much superior to wooden tanks as modern steel farming implements are to the crooked sticks of our ancestors in early ages. Wooden tanks are unsanitary and liable to leak. Our steel tanks are all steel of the finest quality—self supporting—surrounded by an iron angle framework with braces added according to size of tank. The angle iron framework ensures absolute rigidity, and the braces added give the tank strength four times in excess of any strain that may be applied.

Guaranteed for ten years but will last a lifetime.
