

Ranked at the Very Top

DAVID Rankin was a big farmer and he knew his business. He owned the largest corn farm in the world, about 35,000 acres down in Missouri. He devoted his life to the pleasant study and practice of right farming, and he succeeded mightily, for he made \$4,000,000 in the business of farming. This is what David Rankin said about the manure spreader: "It is the most efficient money-maker on the place."

It's warm praise to be ranked above all other farm machines, but it is in keeping with what all the agricultural world has been recognizing. Soils rebel when crop after crop is taken from them, without return of fertilizer. Witness the abandoned, worn-out farms of New England. Return every bit of manure to the soil by the spreader method. The IHC manure spreader will save you much disagreeable, hard labor, will spread evenly, and will make one ton of manure go as far as two tons spread by hand.

IHC Manure Spreaders

Deering and McCormick

are built to suit you, to do best work for the buyer in every case, to convince him that he has made the wisest purchase. Every detail in the construction has a purpose for which it was made after thorough tests and experiment. They have the maximum of strength and endurance, and their construction bristles with advantages.

You will find all styles and sizes in the IHC spreader line. They will cover the ground with a light or heavy coat, as you choose, but always evenly, up hill or down. There are high and low machines, with steel frames, endless or reverse aprons, but always giving best possible service. Tractive power is assured by position of the rear wheels well under the box, carrying nearly three-fourths of the load, and by wide rimmed wheels with Z-shaped lugs.

These and many other things will interest and convince you if you look the IHC spreader line over at the local agent's. There is one for your exact needs. Read the catalogues that the agent has for you.

Use Coal Oil—12c. For 10 Hours

This is the cost for Coal Oil per horse power to run this engine, figuring the price at 16c. a gallon. Don't let the high price of gasoline prevent you from having cheap, safe and dependable farm power.

ELLIS ENGINE

Will develop more power on a gallon of the cheapest coal oil than other engines will do on a gallon of high-priced gasoline; no danger of fire or explosion. Simplest engine on the market, only three working parts; starts without cranking; runs either way; no excessive weight; guaranteed 10 years and will last a life-time. Anyone can run it; very complete instructions furnished.

Make Us Prove It Don't let any competitor or agent tell you that Ellis Engines will not use coal oil satisfactorily; ask anyone who saw them run at Toronto Exhibition. Let us prove it to you under actual working conditions on your own place before you buy. We'll ship an engine from Windsor, Ontario, on 30 day's trial, freight prepaid, so you will have neither duty nor freight to pay. If we don't prove our claims, send the engine back. Write to-day for catalogue and opinions of users in all parts of Canada.

ELLIS ENGINE CO., 94 Mullett Street, Detroit, Mich.

The Marlin Repeating Rifle

Model 1897

Shoots all .22 short, .22 long and .22 long-rifle cartridges; excellent for rabbits, squirrels, hawks, crows, foxes and all small game and target work up to 200 yards.

Here's the best-made .22 rifle in the world!

It's a take-down, convenient to carry and clean. The tool steel working parts cannot wear out. Its Ivory Bead and Rocky Mountain sights are the best set ever furnished on any .22. Has lever action—like a big game rifle; has solid top and side ejection for safety and rapid accurate firing. Beautiful case-hardened finish and superb build and balance. Price, round barrel, \$14.50; octagon, \$16.00. Model 1892, similar, but not take-down, prices, \$12.15 up.

Learn more about all Marlin repeaters. Send 3 stamps postage for the 128-page Marlin catalog.

Barn Work Cut In Half—Dairy Profits Boosted!

Coupon Brings Proof!

If you are interested in saving half the work and time of cleaning your barn—if you want to save money by saving all the valuable liquid manure—by keeping your barn much cleaner and your stock free from disease—if you want to know how hundreds of other dairymen are accomplishing these things—send the coupon for our fine free book about Manure Carriers.

BT Manure Carriers

have proved their value and superiority. They are easy to install—the track can be bent around curves without heat; the only tools needed are a hammer and wrench. The hangers button through holes in the I-beam track; can be suspended at any angle; only one style of hangers needed for any barn. The rounded surface of the track prevents accumulation of dirt or ice.

The handwheel windlass makes it easy to raise and lower the tub when loaded; also serves as a clean handle with which you can run the loaded bucket out of the barn—keeps your hands from touching the manure.

The tub holds half-a-ton of manure; made of 18-gauge galvanized iron, and strong enough to stand up to the work for 50 years. Carefully galvanized to hold all the liquid manure. Carrier dumps either way; is self-cleaning. You will be interested to know about the above and many other features of the BT Carriers. You will be interested in other BT Equipment. Free book tells all. Mail coupon for it to-day.

MAIL COUPON RIGHT NOW

Don't attempt stable-cleaning this winter without the BT Manure Carrier Outfit to help you. It will abolish all the monotonous drudgery. You can have it put up in the spare time this fall, it will pay for itself before winter is over, in labor-saving alone; and every year after stable-cleaning will be a pleasure for you or your help. But don't lose time—winter will soon be here.

Get our illustrated book, No. 22, that tells about Manure Carriers, investigate all the facts and then decide.

We'll send the book free if you'll fill in the coupon or send us your name and address on a post card. Address:
