This is the "young man's buggy," with 21-inch body, 7-inch tread wheels.

It has a good width of seat, so that two can ride in it comfortably.

We paid considerable attention to the details of this job, and have fitted it up throughout so that it is very pleasing.

While it is light, yet it is whalebone construction, and will stand a lot of racket.

While the wheels are 7-inch tread, yet they are strengthened here and there so that you may be assured that they will not only take you there, but bring you home.

### SUMMER SHIPMENTS OF GRAIN

Farmers who have still wheat or oats on hand should not delay now in getting the same shipped forward to Port William and Port Arthur in order to secure the comparatively high prices which will be going for old crop grain during July, and probably the most part of August.

Farmers can only be sure of getting all that they ought to realize out of their grain by shipping it in carlots to Port William or Port Arthur, and having it sold for them by a first class commission house, acting as their agent.

We possess unsurpassed facilities for handling wheat, oats, barley or flax for farmers who ship their grain themselves, because we are a reliable commission firm, of many years standing and experience, well known over Western Canada as working solely on commission as agents for shippers, and we are prepared to handle to the best advantage for our customers all grain entrusted to us. We make liberal advances against railroad car shipping bills immediately we receive the same, and make prompt returns after sales have been made.

We always give our customers the name and address of the party or firm to whom we sell their grain.

When in Winnipeg we will be much pleased to have farmers visit us at our office in the Grain Exchange Building.

Please write us regarding prices and market prospects, and for shipping instructions, any information or advice about selling will be promptly and cheerfully given.
