

Athabasca:

Western Canada's Next Big City

Athabasca is the Gateway to the Peace River Country—the same as Winnipeg is to the Prairies. Athabasca has advantages which Winnipeg has not: Natural Gas, Lumber, Coal, Asphalt, and other minerals. Athabasca is fast becoming one of our most important railway centres. And Athabasca is today the greatest inland steamship port in Canada, west of the Great Lakes.

Therefore authorities agree that Athabasca is bound to become Western Canada's next Big City.

The big money in real estate has been made by those who foresaw the possibilities of Edmonton, Calgary, Saskatoon and our other cities when they were still small—five or six years ago. They got close-in property at low prices. Athabasca offers the same opportunities today.

Lincoln Park is Athabasca's finest residential section. It is close in—and still offered at original prices and on easy terms. Write us today for full particulars. No obligation to buy.
