CIRCULATION DEPARTMENT GRAIN GROWERS' GUIDE, WINNIPEG

Thresher's Account Book

No Thresherman can be sure that he is getting full pay for all his work unless he keeps accurate records of the amount of grain threshed, as well as his man's time, and receipts and expenditures. This book will show him his profit or loss every day. It is easy to keep and gives the standing every night. In this book the most striking feature is that two minutes after the last sheaf has been passed thru the machine the threshing account may be handed to the farmer. Supplies to laborers are kept in a systematic form always ready to be deducted from the wages account. There can be no "leakholes." The book is bound with stiff board, covered with leatherette, having protecting edges. A book constructed to stand rough usage. Size of book 8 1/2 by 11 1/2. Price of one copy \$1.00 Price for two copies \$1.50
