NEW BRANCH IS ORGANIZED

Ontario Government Takes Steps to **Encourage Community Marketing** by Appointing F. C. Hart as Head of a New Section of Department of Agriculture Has Had Wide Training.

TORONTO, Dec. 13.-The Ontario Government, working through the Department of Agriculture, is out gunning for the high prices of farm products in the province. The new organization was announced last evening as the co-operation and markets branch, and F. C. Hart, B.S.A., district representative of Galt, is the man who will take charge.

The purpose of the move is explained by the Hon. J. S. Duff as an endeavor to assist the farmers in the deavor to assist the farmers in the solution of their local marketing problems. The general subject of marketing will be thoroughly discussed in public, and the best methods and means of placing farm products before the public will be advertised. An important part of the work of the new branch will be in dealing with the preparation of produce for the market a thing which at the present market, a thing which at the present is often overlooked by the average

The matter of transportation will necessarily be linked up with the subject of freight and produce rates, which have been threshed out so vigorously in recent conventions of farmers and market gardeners. The aim will be to allow the grower to arrive at a position where he can secure the best price available and make the demand for his goods more steady and more satisfactorily supplied.

Co-operation and methods contri-buting to the unity of farmers in the cientific culture of their farms will be one of the greater problems of the new director. In the advocating of new director. In the advocating of better organization, special emphasis will be laid on the lusiness side of farm management. This follows the growing dissatisfaction with the great difference existing between the price the producer receives and that which

the consumer pays.

F. C. Hart, the new director, is well qualified for the work he assumes. Born in Nova Scotia '1 1878, he is a graduate of the Halifax Academy. After teaching school in rural sections and farming for a number of years, he graduated at the O. A. C. in 1902. He distinguished himself in his class, being president of his year, president of the Junior Literary Society, and staff editor of 'The O. A. C. Review." During undergraduate holidays, and for a year after graduating, days, and for a year after graduating, he was engaged in Federal Govern-ment forestry work in the west. In 1907 he returned to Ontario to take half dozen district representatives. He has taken a special interest in all

FOR The Hospital for Sick Children COLLEGE ST. TORONT

Thanks for your kindness in allowing me the privilege of appealing at this Christmas time on behalf of the Hospital for Sick Children, Toronto. It would take more space than you can spare to tell of the good work done for the sick and deformed children of this Province. Let me, however, in a few words, tell you of the progress of the work of the Hospital.

One nurse, six little white beds, a few dollars, a few friends—this was the beginning. The beds have grown to 250, the dollars to thousands, the triends to hundreds. 1875, the first year, 44 in-patients, 67 out-patients; 1913, last year, 1,648 in-patients, 25,547 out-patients; 1875, I nurse; 1913. 28 aurses. Dear Mr. Editor:-

out-patients; 1876, I nurse; 1913.

Since 1876, thirty-eight years ago, the Hospital has admitted within its walls 21,018 children as in-patients, and 159,231 as out-patients, a total of 180,249, or an average of 4,743 per year. Of the 21,018 in-patients, 15,200 were from Toronto, and 5,818 from other parts of the Province; 10,150 of the total in-patients were cured, and 5,367 were improved.

In the Orthopedic Department last year, of the 1,648 in-patients, 278 were treated for deformities, 25 hip disease, 37 Pott's disease, 2 knock-knees, 19 bow-legs, 62 club feet, 3 lateral curvature of the spine, 44 infantile paralysis, 6 wry neck, and 75 tubercular disease of knee, hip and ankle. In 1913, the Surgical Apparatus Shop manufactured 427 appliances for in-patients and out-patients, including ankle braces, spinal braces, hip splints, bow-leg splints, patients, including ankle braces, spinal braces, hip splints, bow-leg splints, club-feet splints, plaster jackets, etc.

In this Department in 38 years nearly 800 boys and girls have been treated for Club Feet and 650 corrected. Half of these came from places outside of Toronto. Surely we have a fair claim for help from the people of this Province. you, the reader of this letter,

Will you, the reader of this letter, help to give crippled children a fair start in life?

Busy dollars are better than idle tears. The sympathy that helps is good, but the Hospital has to have the sympathy that works.

While Christmas Bells are ringing to the glory of Him "Who made the lame to walk and the blind to see," give, give, give, and help the Hospital to help God's little ones, upon whom the heavy hand of affliction has been laid. been laid.
