Not Responsible. SASKATOON, Sask., June 26.—Sir William Mackenzie wires the Saskatchewan City Commissioner that the C. N. R. assumed no responsibility for Horne Payne's declaration. He expressed the personal opinion that municipal securities are first class investments.

London Was a Garden Yesterday Filled With Artificial Wild Roses

LONDON, June 26.—London was a garden of artificial wild roses yesterday. Aristocrats wore them, hawkers had them in their coats and caps, and every vehicle had a pink and white flower stuck somewhere in it—in fact, every man, however humble, wore a rose.

The purchase prices varied from one penny to £20. President Poincaré paid £5 at York house for a small garland. More than £8000 was realized by the sale last year, but yesterday's success will eclipse this record.

Queen Alexandra, for whose charities the festival was held, drove through the streets during the afternoon, accompanied by Queen Mary, and observed with marked appreciation the success of the day.

As Queen Alexandra drove down the Strand she threw roses, of which her carriage was full, to several poor, who ran from the curb to receive them.

As the two Queens drove without escort, there was no one to hinder the recipients. This little incident was noted with much enthusiasm by spectators.

OPERATIONS ARE PLENTIFUL

This Was Announcement Made at Medical Convention in London.

LONDON, nt., June 26.—A symposium on "Diseases of the Stomach, Medical and Surgical Aspects," introduced by Dr. Alexander McPhedran of Toronto, occupied the attention of the Canadian Medical Association for the whole of the morning session today. It was a meeting of the combined sections and many important points in relation to stomach diseases were brought out by the various speakers.

The convention will conclude Friday afternoon. This evening after an address on "Public Health" by Dr. Helen MacMurphy of Toronto, the visiting doctors will be entertained at a smoker by the local members of the profession.

Mr. McPhedran termed the present age the surgical one in the treatment of stomach diseases. But recent advances in abdominal treatment had been greater in physiology than in surgery. "Of all the organs of the body," said the doctor, "the stomach has the widest associations." He pointed out the effect on the stomach of any mental disturbance, of intoxicants or drugs which affected the brain, or of a disease of any of the other organs.

"Gastric symptoms were the nature of results of neurasthenia, of tuberculosis and a large number of other diseases. "I think that in a good many cases, where a surgeon opens the stomach and looks at the appendix, he finds it quite healthy. Of course, though, he removes the appendix, on principle. Some times the patient feels much better," added the doctor, but told of one patient who after the removal of her appendix, was quite as bad as ever in a few weeks. "Perhaps the surgeons will tell us how often this happens," he said.

There are a great many more operations than surgeons. There are a great many more physicians than there are qualified physicians. "Physicians make an abundance of mistakes, but our city is to use all possible means to arrive at a correct conclusion and then to act accordingly," concluded Dr. McPhedran.

FOUR FIREMAN LAID AT REST

Montreal Shows Grief and Sympathy For Heroic Men Who Lost Lives.

MONTREAL, June 26.—The funeral of Patrick Hamill, Webster Molson, John Forsythe and Michael McDermott, the four firemen who lost their lives in the Itzweir & Serriazin sash factory fire on Sunday, took place this morning, services being held in both St. Paul's church for the Protestant and in St. James' cathedral for the three Roman Catholic firemen.

Last night the lying-in state was held, when 35,000 people filed by the caskets containing the remains in the Central station. Archbishop Bruchési and two priests offered up prayers for the dead during the evening while kneeling before the bodies.

Eight Italians Blown to Pieces

KINGSTON, Ont., June 26.—Eight Italians are dead eleven miles from Parham near Sharbot Lake, as the result of a premature explosion on the C.P.R. construction work early this morning. Michael Guirrey, an Italian, and ten of his fellow countrymen were engaged in the work when the explosion occurred. Three bodies were found and five missing; men are supposed to be somewhere in the debris. Dr. W. W. Sanders, coroner, will hold an inquest this afternoon.

HEAD NURSE IS APPOINTED

New Brant Tuberculosis Hospital Open in July.

Yesterday Miss Cringle of Mount Forest was appointed head nurse for the new Brant Tuberculosis hospital by the committee in charge of that department of the work. Miss Cringle has had excellent experience and will no doubt prove most efficient in her work. She is expected to arrive in the city during the first week in July and will at once start to work to organize the corps of nurses, which are being secured. The institution will be opened July 10.

Dr. Bruce Smith, Government Inspector of Prisons and Public Charities, was in the city Monday afternoon and in company with Mr. A. E. Watts made a thorough inspection of the institution. Dr. Smith pronounced the hospital to be the most complete and best equipped hospital of its size he has charge of. He stated that the committee went the right way about everything when planning the institution. Everything was done in a thorough and permanent manner and at the same time incurring no unnecessary expense. The Government grant of \$4,000 can be paid forthwith.

IDENTIFICATION WAS INCORRECT

Winnipeg Man Learns That His Wife and Child Were Safe.

OTTAWA, Ont., June 26.—Up to noon today no further bodies had been added to the list of the dead in yesterday's disastrous train wreck here. Most of the injured are reported to be doing well. Operations were begun on the removal of the two wrecked coaches from the river this morning and there is a possibility of some bodies being found under them.

It was discovered today that one of the dead women and a baby had been incorrectly identified last night. In the woman's clothing was found a card bearing the address of Mrs. F. W. Bunting of Broadway avenue, Winnipeg, and the authorities there were asked if they could identify her from this clue.

This clue, knowing that Mrs. Bunting and children were on board the train, Mr. Bunting at once concluded that the dead woman was his wife and the unidentified baby his child. Mrs. Bunting and her family were however found this morning safe at a house near the scene of the accident.

Later the dead woman, a boy aged five and the baby were identified as Mrs. McClure, aged 55, of County Antrim, Ireland, and her two grandchildren, John and Matilda McClure. They and the mother of the children were proceeding to Edmonton, to join the father, Mr. H. McClure, son of the dead woman.

GERMAN TAXES HIT THE RICH

Incomes Are Heavily Taxed For New Army Expenditures.

BERLIN, June 26.—The Imperial parliament read a second time today the German military contribution bill, whose purpose is to meet the contribution of \$250,000,000 in connection with the increase of the German army.

The measure has been greatly changed from the original bill proposed by the government which contemplated a levy on owners of property valued at over \$2,500 with an incidental tax on big incomes. It now hits also persons earning salaries, as it taxes incomes of \$1,250 and upwards on a graduated scale of from one to eight per cent.

The increased armaments of Germany, according to the government's final estimates, will be largely paid for by rich men, as \$40,750,000 of the \$250,000,000 is to be derived from persons worth \$250,000 and over and \$23,250,000 from those with incomes of over \$25,000 per annum.

Ten Thousand Inches Human Skin Required

BUFFALO, N. Y., June 26.—Over 10,000 square inches of skin must be given for grafting purposes if the death list of the Husted Elevator explosion and fire is to be kept from reaching far more appalling proportions, according to conservative estimates of physicians in attendance on the injured at the various hospitals.

WALL STREET HAS MONEY

NEW YORK, June 26.—The New York banks have begun preparations for the disbursement of the greatest sum of money that will ever have been paid out in a month in the history of Wall street. These disbursements will aggregate \$266,000,000 and will consist of the annual, semi-annual and quarterly disbursements of dividends and interest. The total payments last year were \$254,000,000.

HEAVY FINES WERE MULCTED

CROOKS WITH BARNUM AND BAILEY CIRCUS ARE CLEANED UP.

WINDSOR, Ont., June 26.—The gang of pick-pockets and crooks, followers of Barnum and Bailey circus, who were rounded up and prosecuted at Woodstock last week by Travelling Immigration Inspector D. H. Reynolds of Ottawa, settled their fines and costs and were deported to the United States. The fines and costs at Woodstock amounted to \$568.10, while at Berlin \$263.10 was imposed. Of this amount the fines aggregating \$575. will be forwarded to the Minister of Finance at Ottawa, while the costs go to the municipality.

Auto Crash

Killed One Man and Chicago Woman is Drowned.

CHICAGO, June 26.—H. A. Gregory, manager of a circulation bureau, was fatally injured, and Miss Minnie Bristol was drowned early this morning when their automobile crashed into the railing of the Jack Knife bridge in Lincoln Park. Miss Bristol was thrown into the lagoon by the impact and went down before a policeman in a shanty nearby and two fishermen could reach her. Gregory died on the way to a hospital.

Two other women and a man who rode in the machine, were slightly injured. They escaped death by a narrow margin, the front of the automobile projecting over the edge of the bridge. The machine skidded at the curved approach to the bridge while going at a high rate of speed.

Four Picked Up. QUESNEL, B. C., June 26.—Four men, Robert Wills, Toronto, H. Proud, Ottawa, J. M. Manning, New York and Charles Black from Ontario, were picked up by the steamer B. X., as she came down the Fraser river from Fort George yesterday. The men left Fort George last Wednesday losing their boat on their first night out. They were without food six days and were very weak when taken aboard.

Johnson Will Officiate. CHICAGO, June 26.—Jack Johnson, negro prize fighter, will serve his term of a year and a day in the Federal prison at Leavenworth instead of the State penitentiary at Joliet, if the United States Circuit Court of Appeals and the United States Supreme Court sustains the verdict of guilty of violation of the Mann Act. Federal Judge Carpenter so stipulated yesterday at the request of Johnson's attorney.
