CANADA AND MAIL MATTER.

Dominion and United States Postal Representatives Hold Conference. Washington, March 30.—With a view if possible of arriving at a satisfactory adjustment of questions affecting second-class mail matter entering Canada from the United States, representatives of the Dominion were in conference yesterday with Post-master-General Mayer, Second Assist-ant Postmaster-General Shallenberger and other officials.

The action of the Canadian authori-ties in giving notice of their decire to

and other officials.

The action of the Canadian authorities in giving notice of their desire to withdraw from the postal convention with this country, with respect to second-class matter, was the principal topic of discussion.

Various propositions were advanced on both sides, which it is believed will have the effect of bringing the two countries together in an arrangement more acceptable to Canada.

Yesterday's conference was supplemented to one recently had with the Canadian postal officials in Ottawa by Gen. Shallenberger. The Canadian officials here are Postmaster-General Lemieux, Deputy Postmaster-General R. M. Coulter and Mr. Smith of the Canadian Department of Posts.

Dear Size: As I am one of the thousands that have been benefited by your Dr. Weed's Norway Pine Syrup, I thought it my duty to give you a description of my case. "I am 19 years of age and was always in the best of health until last spring when I caught a severe cold by going about with wet feet. It settled in my chest and all the remedies I tried would not stir it. My friends began to fear it had turned to consumption and were advising me to ge cast mel sees a specialist. One day my father brought home a bottle of Dr. Wood's Norway Pine Syrup. I laughed at the idea of it being any good and refused to take it, and only as a last resource would I. When I had finished one bettle I had only a slight cold left and before I had taken a quarter of the next I was as well as ever I was, if not better, so you can see what a God-send this medicine was to me. I never fail to recommend Dr. Wood's Norway Pine Syrup to my friends and they all use it. To show my full appreciation of this remedy I will gladly answer any letters in reference to it. Believe me. Sincerely yours,

Sincerely yours,

The force of his fall raised his feet from the rail, and the trucks, striking them, threw him to safety.

The Modesty of Women

troops are acting with increased energy.

Hundreds of rioters have been killed in the numerous conflicts with the soldiers, but as yet there is no sign of permanent amelioration of the situation. On the contrary, the rioters appear to be becoming more bold and determined and yesterday the situation undoubtedly was aggravated.

As an indication of the nervous apprehension existing even in the capital, the new prefect of Bucharest, as a measure of precaution, ordered all shops in the city closed. This order created the impression that the rioters were approaching Bucharest and there was panic until it was learned that these fears were groundless.

At Trigovistes, in the Argesh district, a band of peasants attempted Thursday to raid an arsenal and procure a supply of rifles and ammunition. Upon being repulsed by the troops, the rioters set fire to many houses in the town.

Brought to Bay by Troops.

The roving bands of peasants in the district of Teleerman were surrounded and brought to bay Thursday by detachments of troops.

At Viackha, a band of peasants were summoned to disperse, refused to do so and opened fire on the troops, whereupon the latter fired three shots at them from a field gun, killing seventy man and wounding many more. According to an unconfirmed version of the encounter, 200 of the peasants were killed.

A squadron of Hussars went to Brabova, came in conflict with a band of peasants, and it is reported that fifty of the latter were killed.

A train running between Bucharest and Komona was stopped by rioters and thoroughly looted.

There is a slight improvement in the situation at Jassy. The streets of the city are empty, and the shops still shut. The peasants there apparently were overawed by the concentration of troops.

Many Slais In Village.

A serious encounter is reported to have taken place at the Village of Papanhabestie, in which many peasants were killed or wounded.

The bombardment of the three villages in the Vlaschka district, in which rioters had taken refuge, undoubtedly resulted in a very large casualty list, but the exact numbers cannot be learned. It is known, however, that several hundred peasants were arrested there.

There have been sanguinary encounters in the district of Delj, but details are lacking. The peasants there are riotous, and rumor places the number killed and wounded in encounters with the troops at several hundred.

The authorities are beginning to use artillery to bombard the village where the rioters take refuge.

The peasants committed terrible atrocities in the Burzee district, and the troops sent thither had orders to suppress the disturbances at any cost.

Eleven Officers Killed.

It is impossible to give even an approximate estimate of the number killed or wounded since the beginning of the disorders, but there is apparently good reason to believe that the reports have not been exaggerated, and that when the totals finally are learned they will be greater than is now supposed. Not less than eleven army officers have been killed or wounded.

Order Restored in Moldavia.

Bucharest, March 30.—An official report just issued says order has now been restored in Moldavia, that prefects are traveling through the troubled districts quieting the agitated peasants, and that disputes between peasants, and that disputes between peasants and landowners are being settled amicably.
