

THE ACADIAN.

WOLFVILLE, N. S., SEPT. 22, 1911.

Election.

One of the greatest victories in the present campaign was the defeat of Sir Frederick Borden by Arthur de Witt Foster. In 1908 Borden's majority was 491, while in this election Foster received a majority of 250. This is a difference of 741 votes, which is a wonderful change to bring about in a short time.

Although the unpopularity of the reciprocity pact was the chief cause of this change, still there are other reasons. Kings has had enough of old men and old ideas. She saw in Foster an untiring and enthusiastic worker, who would build up the County as no one else has done.

Kings county has done nobly. She has elected a young man of which any Province or County would be proud. Nova Scotia which has already given two Conservative Premiers at Ottawa and another just ready to form a government, will find in young men of ability like A. de Witt Foster the material for future leaders.

With the defeat of the Laurier Government on the 21st of this month an event has taken place that will go down to posterity as one of the greatest in the annals of Canadian history. The outcome plainly showed that the people of Canada did not want Reciprocity with the United States.

However they voted, most Canadians openly or privately rejoice at the final issue. They are delighted that the country's fiscal autonomy has not been sacrificed, that the Dominion is not to be bled for the benefit of the Republic, that its natural resources are to be conserved for its own inhabitants, that American trusts are not to dominate our commerce and our politics, that Canadian business interests are not to be jeopardized, that Canadian workmen are not to be exposed to American hard times, that single cropping and land impoverishment are not to be encouraged, that inter-Provincial trade is not to be slaughtered, that the well-proved National Policy of moderate protection is to be maintained, that Imperial trade is to be fostered, that the nation's political independence is not to be risked, and that once and for all the electorate has declared emphatically against continentalism and for the Empire.

Representation will be as follows:— Each Sunday School is entitled to send one delegate for every one hundred scholars or fraction thereof. Two accredited delegates from each county association. Besides above all Evangelical clergymen, Sunday School superintendents, county and provincial Sunday School officers can attend as delegates. Free entertainment will be provided for all delegates. The names of those requiring such entertainment should be sent to Mr. F. E. Cox, Middleton, on or before October 10th.

Reduced fares on the standard certificate plan will be granted by all railways and the Canada and Bras d'Or Steamship Companies.

Rev. Franklin MacEilfresh, Ph. D., of Chicago will represent the International Sunday School Association. Besides addresses by Dr. MacEilfresh, the programme contains the names of many strong men of our province.

The programme will be printed in full in the October number of the 'Sunday School Worker.' If you are not a subscriber send to headquarters Office, Room 57 Metropole Building, for a copy.

O. P. Goscher, President N. S. S. School Association. S. O. Hogg, Chairman Executive Committee.

Hymeneal.

ROY-RICHARDS
A very pretty wedding took place at the residence of the bride's sister, Mrs. James Evans, Campbellton, N. B., on the evening of Sept. 20, when Thomas S. Roy, pastor of Digby Baptist church, was united in marriage to Miss Mary E. Richards. The bride, who was sustained, presented a very charming appearance in a gown of duchesse satin with pearl trimmings, and carried a bouquet of bride's roses.

The Rev. F. J. Stockhouse, pastor of the First Baptist church, of Amherst, N. S., an intimate friend of the bride and groom, officiated at the service. The ceremony was performed in the drawing-room, which was artistically decorated with white and green. Mendelssohn's wedding march was played by Miss Toner, of Newscastle.

The bride wore a going-away suit of easy blue serge with hat to match. The happy couple left on the Maritime for Digby, where they will reside.

The Latest Report Gives Forty-Seven Majority to Premier Borden

A New Song for Kings.

TUNE 'WHAT'S THE MATTER WITH FOSTER'

What's the matter with Foster? He's all right.
What's the matter with Foster? He's all right.
He threw off his coat when he took the stump.
Now he's put poor Frederick over the dump.
What's the matter with Foster? He's all right.
When Foster came to us at first and opened up his show,
Sir Frederick says, 'now listen, gits, see how the wind doth blow.'
They listened hard and listened long; 'Ne'er opened up their yap
But when at last they whooped her up, blew Fred clean off the map.

General News.

Lord Strathcona, High Commissioner of Canada, sailed from London for home on Saturday, by way of New York. It is expected that his successor will be appointed as soon as his arrival in Montreal.

An informal announcement was made by Sir Wilfrid Laurier Saturday evening at Ottawa to the effect that he would lead the opposition at the coming session of parliament and until a successor could be agreed upon.

At Campbellton N. B., Friday, Mr. D. J. Bruce died of injuries inflicted by Dr. Doherty on election day. They had some words about political matters, and Doherty stuck his umbrella into Bruce's eye causing his death in a few hours.

LONDON, September 27.—A new treaty for the occupation of Tripoli and unless a reply is received by tomorrow Italy will immediately proceed with her threatened occupation.

The annual meeting of the Dominion Atlantic railway, which takes place October 13th, will be held at Windsor street station, Montreal. In the past the annual meetings of the company have been held at London, England. The fact that the meeting is being held at the new head office of the company is proof that the C. P. R. has in almost every respect taken over the road.—Herald.

DIGBY, N. S., Sept. 26.—Harry Wilson, whose trial took place in Little Brook today at the regular session of the Supreme Court, Judge Meagher presiding, was found guilty of the murder of his brother, George Wilson, Jr., and was sentenced to be hanged in Digby on Wednesday morning, November 15th, between the hours of four and eleven o'clock. The crime was committed last Wednesday.

Not for years has the Canadian Pacific Railway had so many miles of new track under construction as they have this year. New lines are being built practically all over Western Canada, and hundreds of gangs of track builders are at work in the various provinces. The C. P. R.'s network of new lines is rapidly extending into new districts. For the incoming settlers of next year it is stated that the C. P. R. will rush to completion nearly four hundred new lines in Alberta and Saskatchewan.

What's the matter with Foster? He's hot stuff.
What's the matter with Foster? He's hot stuff.
He stood by us, now we stand by him.
While we stand together we're bound to win.
What's the matter with Foster? He's hot stuff.
Now Foster is a specialist, of course you all can see
He put the thing right up to us 'bout Reciprocity.
And when they said to Arthur F. 'You're nothing but a blow.'
He never said a word to them, he let the ballots show.

What's the matter with Foster? He's no alloy.
He's straight and clean and he's white clear through
When's the hottest gale that ever blew,
What's the matter with Foster? He's the boy.
Sir Fred he said in Canning, 'he's far too young you see,
Don't vote for him, he has no chance against a man like me.
He's poorer, yes, he's poorer far than anyone you know.'
We drank it in and held our breath,
But this is how we let it go.

What's the matter with Foster? He's on top.
What's the matter with Foster? Did you hear it drop?
It dropped so hard that it broke up things.
It rained the Devil in old Kings,
What's the matter with Foster? He's on top.

Farewell Banquet.

MEMBERS OF THE BOARD OF TRADE ENTERTAIN COL. PARSONS.

On Thursday evening the 7th, about 25 members of the Middleton Board of Trade met in the dining room of the Central House to spend a social hour with Col. N. H. Parsons before his departure for Wolfville.

Although the notice was very short, yet Miss Host Perkins had prepared an excellent spread. After due attention had been given to this, President F. L. Shaffer, acting as toast master, called upon the members present to honor His Majesty George V.

The following toasts then received due attention from the gentlemen whose names are given below:—

Our Merchants
Arch Porter
A. M. Reed
W. L. Magre
G. B. Myles
W. G. Parsons
The Gallant Defenders of our Country
Major Jones
Capt. G. H. Vinton
The Middleton Driving Park
S. N. Miller
G. N. Rugh
The M. A. A. Asso.
G. W. Crowe
H. E. Reid
The Ladies
Mr. Simpson
Capt. A. B. Barreux
Our Guest
C. E. Jubien
Col. N. H. Parsons
Auld Lang Syne

Letters were read from Col. Spang, Mr. A. J. Morrison and Mr. A. L. Davidson, conveying regrets at their inability to be present and expressing good wishes to the guest of the evening and his family. The speeches were also full of kindly reminiscence of the past 15 years during which Col. Parsons has resided in Middleton and has actively participated in the affairs of the Board of Trade, the school, the driving park, the M. A. A. and the militia.— Outlook.

The electors of this County will find in Mr. Foster, their representative, one who will be ever ready to give an attentive care. He will just as truly endeavor to be the representative of all those who conscientiously voted for his opponent as of political supporters. Only office holders who have proved themselves to be offensive parties need fear the wrath of the new government. Mr. Foster was just and magnanimous during the contest, and he still wears the same smile of face, as when a student at Acadia.—Orchardist.

More bread and Better bread — And the Reason for it

A STRONG FLOUR can only be made from strong wheat. Manitoba hard wheat is acknowledged the strongest in the world—and that is the kind used for Purty Flour.

But that's not all. Every grain of this wheat contains both high-grade and low-grade properties. In separating the high-grade parts from the low-grade the Western Canada Flour Mills put the head wheat through a process so exacting that not a single low-grade part has the remotest chance of getting in with the high-grade.

Of course this special process is more expensive to operate but it means a lot to Purty flour users—that's why we use it.

It means that Purty Flour is made entirely of the highest-grade flour parts of the strongest wheat in the world.

It means a high-class, strong flour and therefore yields "more bread and better bread."

Purty may cost a little more than some flours, but results prove it the cheapest and most economical after all.

Write for sample papers, full particulars, etc. Name this paper and we will send free a set of Purty Maps.
