"For Tea You Can't Beat Lipton's"

The Tea of Kings. The King of Teas.

Sold Only in Airtight Packages

## If not endowed with both senses,

IT IS PRECEDED BY DAYS OF RECONNOTTERING.

Usually the Soft, Warm Nights are Chosen for the Time of

Moving.

The reaper or harvester ant, an insect seldom seen in any but a tropical country, is one of a numerous tribe. While the common ants pass the winter in stupor, half benumbed, the reaper ant works in winter as well as in summer. There-

benumbed, the resper ant yorks is intellectual development.

\*\*Moving day is preceded by days of the sure of a recommittering parties run in the sure of the sure

DOUBLE CURRENT

between the opening of the authill is a weighty one."

Lady Ward regards English wo ladd by rather than aries. The two currents of reconnoitering march empty-handed, do materials, but the best use is not ing nothing but survey the rooms and the passages that connect the rooms. For a time the procession fine sessantly; then it halts and the passages that connect the rooms. For a time the procession fine essently; then it halts and the passages that connect the rooms. they live with the ants in familiar intimacy in the ant-hills, and that time comes to change domicile.

Myriads of eager gropers have been in the throng of ants marching to the new dwelling place. The exodus, begun with determined haste, is pursued with decreasing intensity until the last seed has been stored anew. One day when the series of the series the moving was over, and when the tired movers were out of sight in the depths of their new retreat, the the depths of their new retreat, the the depths of their new retreat, the court official. Whose duties are as touched, and a tomahawk. a birth of the new retreat, the court official. Whose duties are as touched, and a tomahawk. a birth of the new retreat, the court official.
