### Around Town.

**BOY WANTED.**—To learn the print-  
ing business. None but a smart intelli-  
gent boy, willing to work, need apply.  
Apply at this office.

**NEW POUND.**—A new cattle pound  
has been built at Tracad's corner.

**HAY.**—On the 2nd of May a hay  
was shipped to Antigonish by W. F. George,  
and on the 6th Jas. Patterson shipped  
two cars to same place.

**RIFLE MEETING.**—A meeting of the  
'Sackville Rifle Club' will be held at  
Music Hall Block, Friday evening, 12th  
inst., at 8 o'clock. A full attendance is  
requested.

**CATTLE.**—Labaron Anderson shipped a  
car of cattle to St. John on the 3rd, and  
on Monday W. W. Fawcett shipped a car  
of cattle to Chatham. Nearly all the good  
cattle has been picked up in this locality  
and prices rule high.

**SHIPPING.**—Schr. Annie E. Wright,  
Davis, is loading deals at the mouth of  
Dorchester river for Liverpool. The  
cargo is being stowed from Hillside  
and Stoney Creek and the vessel will be  
some three weeks loading her cargo of  
two million feet. Capt. James Cook of  
Hopewell Cape, and Capt. John L.  
Peck, of Hillsboro, have purchased from  
Capt. Eugene Ward, the schooner Glad  
Tidings. She will undergo repairs and  
will then carry deals on the river to  
Grindstone Island.

**LABOR DEMONSTRATION.**—The man-  
agement of the labor organizations in  
Amherst intend holding a monster labor  
demonstration in that town on some  
date in August. Excursions will be ar-  
ranged from all points between St.  
John and Halifax and full delegations  
from all points will be present and take  
part in the parade. It is expected that  
upwards of 2000 workmen will be in  
line and form the largest trade process-  
ion ever witnessed in the maritime provinces.

**NEW LAW FIRM.**—The Moncton cor-  
respondent of the Telegraph says: We  
learn of another new law firm being  
formed in Westmorland, that of Chan-  
dler & Robinson. Mr. W. B. Chandler  
has been for some time a member of the  
firm of Emerson & Chandler, and Mr.  
C. W. Robinson has been a member of  
the firm of McMahon & Robinson, but  
both these partnerships being dissolved  
resulted in the formation of the above.  
For the present they will have two offices,  
one in Dorchester, run by Mr.  
Chandler, and one in Moncton, run by  
Mr. Robinson.

**QUEEN'S BIRTHDAY.**—An announce-  
ment appears elsewhere in this issue,  
of races to be held on the Driving Park on  
the 24th. The track is being placed in  
first class condition for the season, and  
doubtless many will take a lively in-  
terest in the races offered for the holiday.  
The sporting element in Amherst  
contemplate a monster Polymorphin  
tournament with several bands in the pro-  
cession, to finish with athletic sports on  
the athletic grounds.

**ST. PAUL'S CHURCH CONCERT.**—A  
fair sized audience attended the concert  
given in Music Hall on Friday evening,  
under the auspices of St. Paul's Church.  
A large number came from Amherst,  
and a special train was arranged to take  
the party back at the close of the con-  
cert, and several drove from the shire  
town and Pt. de Bute. The first part  
of the programme was taken with single  
numbers and the latter part with table-  
aux from Scott's 'Lady of the Lake'.  
Concluding with a grand tableau, 'The  
Presentation of Columbus to the Court  
of Spain'. Mr. Murray sang 'Hail, Gen-  
eral', 'I fear no Fox', and Misses  
Mack and Crompton sang two duets  
very sweetly. Miss Crompton also sang  
a solo with fine effect and was given an  
enthusiastic encore. Miss Mack's many  
admirees were more than pleased with  
her solo from Verdi's opera, 'Ereani'.  
The selection was a difficult one to sing,  
but her finely cultivated voice allowed  
to its full extent and sweetness. A  
strong number on the programme was  
Miss Landers' reading, 'Aux Italiens',  
which in her hands is ever given of the  
finest interest. The tableaux were intro-  
duced by a character song 'Who will Wal-  
lace', by Mr. Murray in Scotch costume,  
to which his fine tenor voice did full  
justice. The first tableau was, 'Helen  
Douglas and James Fitz James'; second,  
'The Wedding Scene'; third, 'The Du-  
el'; fourth, 'Ellen Douglas, James Fitz  
James'; fifth, 'Ellen, Fitz James, Dou-  
glas, and The Graeme'. The musical  
numbers were accompanied by Mr. Mack  
and the orchestra and Scotch airs were  
played by the orchestra of the 8th over-  
all. The management of the concert  
desire to thank the friends at the In-  
stitutions for the liberal aid given toward  
making the concert a success.

### Local Matters.

Mr. Robert Manning, of Parrabro,  
shipped 107 pounds of spruce gum to  
the States last Wednesday. His total  
shipment of gum during the season  
amounts to about 1,900 pounds.

Wm. Cameron, of Indianstone, St.  
John, was last week found guilty in  
the County Court of passing bogus  
money. Judge Peters at once sentenced  
him to three years confinement in  
Dorchester penitentiary. The jury  
deliberated but 20 minutes.

Mr. James Brehaut of Summerside,  
P. E. I., lost 600 traps last Sunday  
night. These were on Contain Island  
and were baited and all ready.

They were set on fire by some fiend.  
Patriot.

While a lobster smack, commanded  
by Nelson Wentzell, was working up  
Liverpool, N. S., harbor Thursday  
morning in a south-east gale, a lad  
named Benjamin Waynos was washed  
overboard and sank immediately. His  
body has been recovered.

James W. Grant, of Gulf Shore,  
returned last week from a trip to P.  
E. Island, bringing with him a fine  
young stallion five years old, sired by  
Administrator, dam by Abdallah Mes-  
senger. He stands 16 hands high and  
weighs 1200 lbs. He is a horse of  
great natural speed and this with his  
size and royal breeding should make  
him a very desirable sire.—Sensit.

### Joggins.

—The Church of England folk are  
arranging to erect a church at the Joggins  
Mines this summer. It will be  
24x48 with a chancel 18x24. In style  
it will be similar to the new one at Fort  
Lawrence. Inside it will be finished in  
natural wood without paint or plaster.  
The cost will be \$2000, a large portion  
of which has already been raised through  
the energetic exertions of Rev. V. E.  
Harris. Dr. Heslow of Amherst has  
donated the site, and the Joggins  
people are doing their best to raise the  
rest. Mr. B. B. Barnhill is now saw-  
ing the frame. The new structure will  
be an ornament to the place.

Yesterday (Wednesday), morning  
Mr. Melvyn, our flourishing merchant,  
met a loss in the death of his oldest  
son, Sydney, a promising young man  
24 years of age. Cause, pneumonia.

On Tuesday, Peter Arnesen, a  
very young man aged 30, died of  
pneumonia after an illness of only two  
or three days.

A number of new dwellings are be-  
ing commenced amongst which  
three by E. Landry, J. Lockhart and  
L. MacLachlan.

Joggins is nowadays booming.  
Laborers have good employment, cash  
is plenty, the days of idleness are gone,  
and the people are doing well. The new  
bills promptly paid, and every one  
feels good. The new blood infused in  
mining by the Canada Coals & Ry. Co.  
has given new life to the community.

The temperance cause has a large  
loyalty I. O. O. F. called Bay View  
Lodge they held a pie social on 29th  
inst.

Joggins wants three things at once.  
1. A small working factory, 2.  
money order office, 3. P. O. station.  
The latter is not a great in-  
centive to laboring classes to lay up  
money and habits of thrift and economy  
amongst a class of people proverbially  
prodigal cannot be too much encourag-  
ed.

The Athletic Club organized a year  
ago is a popular and prosperous in-  
stitution. They have a fine base  
ball ground, a hall where debates are  
held on Thursdays, a reading room,  
a smoking room and a store room for  
books and culinary staples. The mem-  
bers meet here daily, take exercise,  
smoke and read, and the consequence is  
a noticeable decrease in rum holes and  
drunkenness in the place. The first  
President was D. R. Burke, and the  
first Secretary George A. MacLachlan,  
both of whom deserve much credit for  
the creditable position the club occu-  
pies.

A short time ago the debating so-  
ciety's meeting was made highly inter-  
esting by a debate on 'which is the  
most useful on a farm, a griststone or  
an old hen'. The debate was ex-  
cellent and the members showed great  
abilities. The debate was evenly and  
closely contested.

### River Hebert.

—What changes we have in a few  
days! The river Hebert, a few days  
ago was saying, what a healthy winter  
we have had; since that there has been  
a great many persons sick, and some five  
or six deaths here and the Joggins; the  
doctor has been kept more than busy  
for the last few weeks; but several of  
those that were very sick are some bet-  
ter.

All the mills have commenced saw-  
ing. Young's mill on this river has been  
sawing about two weeks. Kelly's starts  
their new mill on Wednesday; some of  
the small mills are nearly through saw-  
ing.

The vessels are commencing to load  
lumber in this river. The Shutes Lum-  
ber Co. are loading the lumber, the three-  
masted schr. 'Florence R. Hewson',  
with piling.

### Melrose.

—We have had that smooth article  
the spectacle impostor to call on us.  
'But thanks to the timely warning given  
in the daily papers, a lot, the dogs  
loose, have been excited.

—The season is very backward, as  
yet there is no farming being done.  
The rotary saw mill seems to be the  
only thing that is humming. But  
we expect the dull monotony of things  
will be somewhat relieved next Satur-  
day evening, roads and weather permit-  
ting when W. J. Riley and E. G.  
Mahoney are matched to test the trot-  
ting merits of two horses that they have  
recently become the owners of, and  
which there seems to be a great diver-  
sity of opinion as to their relative speed.  
Consistent motives deter these men  
from a wager being permitted. It is  
rumored that the horses have re-  
corded better than 2:45 so that an inter-  
esting race is looked forward to. But  
it is generally conceded that Mr. Riley  
will carry off the laurels.

—Dame rumor seems always on  
the alert. And now she says that one  
of Melrose's fairest daughters has con-  
sented to make forever happy that very  
genial and affable Mr. — Well we  
don't want to have our head knocked  
off; on a reconsideration we think it  
advisable to omit the name for the present.

When you speak or even think of  
melrose mention, how quickly flood's  
Sarsaparilla comes into your mind. Take  
it now.

Douglas & Co., Amherst, are offering  
barbed wire at astonishingly low prices.

### Around Town.

To WORK.—The N. Y. Freestone  
Quarrying Co. will commence at once to  
pump out the quarry at Wood Point  
preparatory to beginning work.

CHINESE.—Five cars of Chinese en-  
route from China to Cuba, passed here  
on Thursday. They go to work on the  
plantations there.

TELEPHONE TO CAPE TORMENTINE.—  
Sixtons of telephone wire have arrived  
for the new telephone line to Cape Tor-  
mentine. Work will be commenced as  
soon as the frost is out of the ground.

MR. ALLISON.—The members of the  
geology class to the number of 22 visited  
the Joggins Coal Mines on Saturday.  
A pleasant and instructive day was  
spent in the locality and much was seen  
of interest to geologists.

Mrs. Brecken and family left yester-  
day for their new home at Fredericton.

DIVORCED.—On Monday last inst.,  
Judge Cullen of the Supreme Court at  
Brooklyn granted an absolute divorce  
to Jane E. Clark from her husband  
William D. Clark who is now serving a  
three year sentence in Dorchester Peni-  
tentiary for larceny, wife No. 2 being  
Mary Cullen whom he married in 1891.  
The evidence in the case was taken by  
H. A. Powell here, who has appointed  
a commissioner for that purpose.

LECTURE.—Our popular representa-  
tive Mr. H. A. Powell will deliver a  
lecture in Music Hall on Friday even-  
ing, May 12th, at 7:30 o'clock. Subject,  
"The Development of Canadian His-  
tory." Those who have heard this lec-  
ture pronounce it as able and scholarly  
presentation of the facts connected with  
the early history of our country. It is  
hoped that a full house will greet the  
lecturer. Proceeds in aid of Reading  
Committee for that purpose.

FERTILIZERS.—The Provincial Chemi-  
cal Fertilizer Co., St. John, N. B.,  
whose advertisement appears in another  
column, have worked up a large business  
for their manures in the Lower Pro-  
vinces. Our farmers, in this section,  
should look more carefully into the uses  
of commercial manures, as the quantity  
of goods this Company is shipping  
throughout the different sections of the  
provinces, is proof positive of their  
High Grade Fertilizers. They have  
had to make quite an addition to their  
stock this season, in order to meet  
the increased demand for their pro-  
duct.

CAPE TORMENTINE.—The N. B. road  
has laid a temporary track to the end  
of the pier at this point and on Monday  
the steamer Alameda landed a cargo of  
oats from the Island, the first to come  
by this route this year. The govern-  
ment intend to make the repairs on the  
pier, the particulars of which have al-  
ready appeared in the Post, by days  
work instead of by contract. The work  
was to have been commenced in April,  
and completed before navigation opened  
so that traffic would not be interrupted.  
As matters now stand the work of rais-  
ing the track bed will necessarily be  
carried on slowly so that the trains may  
run to the end of the pier with freight.  
It is found necessary to stop the  
traffic, ships that have been chartered  
to load here will be severely incon-  
venienced by the delay. Mr. E. T. P.  
Shewen, C. E. will superintend the work.

AN IMPOSTOR.—Sussex Record: 'A  
certain man from St. John is now along  
the line of the I. C. R. selling what he  
claims to be gold watches, gold-rimmed  
spectacles and other gold articles. While  
he was in Hampton he represented him-  
self to a lady as doctor. The first  
certain respectable St. John doctor, and  
on the strength of such representation,  
sold her a pair of his gold-rimmed spec-  
tacles for \$12. We would warn our  
readers against such impostors, espe-  
cially this one, who is acknowledged to  
be a very smooth article and liable to  
deceive anyone who does not previously  
know him. He comes from Mill Street, St.  
John. Perhaps you know him.' The  
Post's Melrose correspondent is in bil-  
l for the above party was at that  
place recently.

DETERMINING THE SERVICES.—During  
several Sunday evenings lately the  
services at the Methodist church have  
been disturbed by a number of boys  
who congregated in the inner vestibule  
and conduct themselves in a noisy and  
otherwise unbecoming manner. Last  
Sabbath the usual performance was  
carried on, but to prevent any possible  
interruption by the sexton they placed  
the bell ladder against the gallery  
door and fastened him in. Mr. Doull  
managed to get the door open and to  
get down stairs in time to take the  
names of some twenty boys, belonging  
both to the institutions and to the vil-  
lage who were disturbing the service.  
The Post has been asked to call the at-  
tention of these boys to the fact that  
the law provides a fine of \$20 or one  
month's imprisonment in the county jail  
for every offence of this kind, and that  
upon the first repetition of this mis-  
conduct the names will be handed to  
the Stipendiary Magistrate for treat-  
ment as the law directs.

PERSONAL.—Mr. C. B. Trueman,  
Mrs. H. Humphrey and Miss Amelia  
Trueman are at present on a tour in the  
Republic and upper provinces. Before  
they return they will visit Boston, New  
York, Albany, Toronto, Niagara and  
Montreal.

Master Herbert Wood returned  
from Batavia where he spent the winter  
on Monday.

—Lt. Col. Maunsell of Fredericton  
visited the academy at Baie Verte and  
Sackville yesterday, and reports both in  
good order. He took last night's ex-  
press westward.

—The many friends of Simon Out-  
house Reg., will regret to learn that he  
is dangerously ill and that his physician  
holds out no hope of recovery. As Mr.  
Outhouse is over 83 years of age the  
world fears are entertained. His son,  
Charles, of Halifax arrived on last  
night's train.

—J. Macgregor Grant, of St. John is  
in town.

Entitled to the Best.  
All are entitled to the best that their  
money will buy, so to every family should  
have, at once, a bottle of the best family  
remedy, Syrup of Figs, to cleanse the  
system when constipated or bilious. For  
sale in 75c. bottles by all leading drug-  
gists.

### Four Men Drowned.

SAD ACCIDENT AT CAPE TRAYVRE  
THURSDAY.

(Charlottetown Guardian.)  
A sad drowning accident happened off  
Bell's Point, Cape Traverse, Thursday  
morning, by which Muncy Irving of  
Cape Traverse, McKinnon of Souris,  
Currie of Wellington and McDonald of  
Moncton, lost their lives. A great  
many rumors are afloat as to how the  
accident happened. One is that the  
four men were out moving a trawl and  
that while doing so the boat upset, and  
the four men went to the bottom. An-  
other story is that they went part of the  
way out to their traps, and it is sup-  
posed they thought it too rough for  
them to turn back. After returning a  
short distance, they however started out  
again, and in a few moments after  
turning the boat went down.

Another account adds that they left  
to move a large boat which was being  
driven too near the shore by the  
wind. They had got on board the boat  
when it suddenly capsized and the men  
were drowned 100 yards from the shore.  
The boat had a good deal of ballast  
aboard which made it easier to sink.  
The accident happened about 1 p. m.

There were only four men in the  
boat. Currie's body has been found,  
but none of the others had been up to  
Thursday night.

Church Services  
May 14.

Sackville Methodist—11, Dr. Allison,  
7, R. O. Armstrong; Upper Sackville,  
3, J. S. Gregg.

Baptist—Pastor W. H. Warren.

PILLS  
WILL CURE YOU

"Backache means the kidneys are in trouble. Dodd's Kidney Pills give prompt relief."—*Dr. Bled*.  
"One of the most common causes of disease is first caused by disordered kidneys."—*Dr. Bled*.  
"Might as well try to have a healthy city without sewerage as good health when the kidneys are clogged, they are used."

Sold by all dealers or sent by mail on receipt of price 25 cents, per box or six for 1.50. Dr. L. A. Smith & Co., Toronto. Write for book called Kidney Tule.
