AYER'S Sarsaparilla

cures Rheumatism, Neuralgia, Rheumatic Gout, General Debility, Catarrh, and all disorders caused by a thin and impoverished, or corrupted, condition of the blood; expelling the blood-poisons from the system, enriching and renewing the blood, and restoring its vitalizing power.

During a long period of unparalleled usefulness, AYER'S SARSAPARILLA has proven its perfect adaptation to the cure of all diseases originating in poor blood and weakened vitality. It is a highly concentrated extract of Sarsaparilla and other blood-purifying roots, combined with Iodide of Potassium and Iron, and is the safest, most reliable, and most economical blood-purifier and blood-food that can be used.

Inflammatory Rheumatism Cured.

"AYER'S SARSAPARILLA has cured me of the Inflammatory Rheumatism, with which I have suffered for many years.
W. H. MOORE."
Durham, Ia., March 2, 1882.

"Eight years ago I had an attack of Rheumatism so severe that I could not move from the bed, or dress, without help. I tried several remedies without much if any relief, until I took AYER'S SARSAPARILLA, by the use of two bottles of which I was completely cured. I have not been troubled with the Rheumatism since. Have sold large quantities of your SARSAPARILLA, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public.
E. F. HARRIS."
River St., Buckland, Mass., May 13, 1882.

"Last March I was so weak from general debility that I could not walk without help. Following the advice of a friend, I commenced taking AYER'S SARSAPARILLA, and before I had used three bottles I felt as well as I ever did in my life. I have been at work now for two months, and think your SARSAPARILLA the greatest blood medicine in the world.
JAMES MAYNARD."
520 West 42d St., New York, July 19, 1882.

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Boils, Tumors, and Eruptions of the Skin. It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.

Agriculture.

Care of Horses.

1. Never allow any one to tickle your horse in the stable. The animal only feels the torment and does not understand the joke. Vicious habits are thus easily brought on.

2. Never beat the horse when in the stable. Nothing so soon makes him permanently vicious.

3. Let the horse's litter be dry and clean underneath as well as on top. Standing on hot, fermented manure makes the hoofs soft, and brings on lameness.

4. Change the litter partially in some parts and entirely in others, every morning; and brush out and clean the stall thoroughly.

5. To procure a good coat on your horse, use plenty of rubbing and brushing. Plenty of "elbow grease" opens the pores, softens the skin, and promotes the animal's general health.

6. Never clean a horse in the stable. The dust fouls the crib, and makes him loathe his food.

7. Use the curry-comb lightly. When used roughly it is a source of great pain.

8. Let the heels be well brushed out every night Dirt if allowed to cake in, causes grease and sore heels.

9. Whenever a horse is washed, never leave him till he is rubbed quite dry. He will probably chill if neglected.

10. When a horse comes off a journey, the first thing is to walk him him about till he is cool, if he is brought in hot. This prevents his taking cold.

11. The next thing is to groom him quite dry, first with a wisp of straw, then with a brush. This removes dust, dirt, and sweat, and allows time for the stomach to recover itself, and the appetite to return.

12. Also let his legs be well rubbed by the hand. Nothing so soon removes a strain. It also detects thorns or splinters, soothes the animal, and enables him to feel comfortably.

13. Let the horse have some exercise every day. Otherwise he will be liable to fever or bad feet.

14. Let your horse stand loose, if possible, without being tied up to the manger. Pain and weariness from a continued position induce bad habits and swollen feet and either disorders.

15. Look often at the animal's feet and legs. Disease or wounds in those parts, if at all neglected, soon become dangerous.

16. Every night look and see if there is any stone between the hoof and the shoe. Standing on it all night the horse will be lame next morning.

17. If the horse remains in the stable his feet must be "stooped." Heat and dryness cause crack hoofs and lameness.

18. The feet should not be "stooped" oftener than twice in the week. It will make the hoofs soft and bring on corns.

19. Do not urge the animal to drink water which he refuses. It is probably hard and unwholesome.

20. Never allow drugs to be administered to your horse without your knowledge. They are not needed to keep the animal in health, and may do the greatest and most sudden mischief.

Miscellaneous.

This continent is to be favoured with a grand eclipse on May 6; but while presenting unusual attractions, it will be a most exclusive performance, seeing that it will be only visible from two little islands in the South sea named Caroline and Flint, accumulations of rock of no possible use except for this purpose. The eclipse will last six minutes, more than twice the usual duration, and will be observed by a deputation of astronomers sent out by the United States National Academy of Science. Much importance is attached to this observation, and it is expected that it will be definitely settled whether or not there is any planet between Mercury and the sun.

WHAT IT IS FOR.

ZOPESA cures Indigestion.
It cures constipation.
It cures sick headache permanently.
It cures depression of spirits.
It stimulates the appetite.
It gives strength to the organs to assimilate the food.
It is a panacea for all Liver and Bilious troubles.
It is *specially* adapted to the Liver and stomach.

Russia is said to have expressed a desire to enter the Austro German alliance, but Prince Bismarck declined the proposal with thanks.

Beware of Imitation

Since Dr. Thomas' Eclectric Oil has become celebrated, a number of unprincipled persons have been endeavouring to palm off Electro-and Electric Oil for the genuine DR. THOMAS' ECLECTRIC OIL. Beware of these similar named articles. If their originators had any faith in the healing properties of their own medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit, they resort to the most unprincipled means of selling them by getting a name as near as possible to *Eclectric*. We therefore ask the public when purchasing to see that the name Dr. Thomas' Eclectric Oil is on the front of the wrapper, and the signature of NORTHROP & LYMAN, the proprietors for Canada on the back. tf.

A special cable despatch from a London, England, correspondent announces that the Canadian Pacific have just secured a large space at the Amsterdam exhibition, which opens next May. A varied collection of Canadian products will be displayed.

Her Majesty has accepted, as a souvenir of the late war, a photograph of the New Testament which was pierced, during the assault on Tel-el-Kebir, by a Remington bullet, while in the haversack of Private Roome of the Seventy-fourth Highland Light Infantry. That Testament saved his life.

Mr. R. A. Harrison, Chemist and Druggist, Dunnville, Ont., writes: "I can with confidence recommend Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure for Dyspepsia, Impure Blood, Pimples on the Face, Biliousness and Constipation—such cases having come under my personal observation."

Cetewayo has been reinstated as King of Zululand. About five thousand Zulus were present at the ceremony. Many of the chiefs expressed great dissatisfaction at the conditions on which he was restored.

A married man returns home "at a late or, rather, an early hour," as the society papers say, and, aided by his wife, undresses and goes to bed. "How do you like to be trotted?" asked a gentleman of the little girl whom he had taken on his knee, in order to commend himself to her widowed mother. "Do you like that, little girl?" Three new Atlantic cables will probably be laid this year from Great Britain to Canada—one to Hudson's Bay, *via* Greenland, one to the Straits of Belleisle to connect with the government signal service line on the north shore of the St. Lawrence, and one to Nova Scotia, *via* Sable Island.

"Why, Pa," said little Tooser to Senior Alley the other day, "here comes Mr. Jones into the house, and it has only just begun to sprinkle. Isn't it funny?" "Why so?" asked Mr. Jones, who overheard. "Why," said Tooser, looking up with a rapt countenance, "papa said yesterday that you didn't know enough to come in when it rained. Pa got left, didn't he?"

The oldest vessel afloat is a barque of 300 tons, named the "True Love." Mrs. A. Nelson, Brantford, writes: "I was a sufferer from Chronic Dyspepsia for eleven years. Always after eating, an intense burning sensation in the stomach, at times very distressing, causing a drooping and languid feeling, which would last for several hours after eating. I was recommended by Mr. Popplewell, Chemist, of our city, to try Northrop & Lyman's Vegetable Discovery & Dyspeptic Cure, and I am thankful to say that I have not been better for years; that burning sensation and languid feeling has all gone, and food does not lie heavy on my stomach. Others of my family have used it with best results."

Berlin despatches reiterate the oft-repeated assertion that Germany is earnestly preparing for war with her Eastern neighbour. Although diplomatic circles deny the truth of the statement, confidential reports furnished the Vatican by its agents affirm that a European war is inevitable.

Mr. J. R. Cuthbertson, Toronto, writes: "My wife had a very severe attack of Pleurisy and Inflammation of the lungs about three years ago, and ever since has been subject to severe colds on the slightest exposure; in fact they were so frequent that her system was quite reduced. She tried several remedies, but without any permanent effect, until she was induced to try Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, and I am happy to say it has exceeded our anticipations. I have no hesitation in recommending it as a ROYAL REMEDY for all affections of the Lungs and Chest, and for all classes of Wasting Diseases, and building up of Weak Constitutions."

A LONG WISH.—There is a young lady who is six feet four inches tall, and is engaged to be married. The man who won her did it in these words: "Thy beauty set my soul aglow—I'd wed thee right or wrong; man wants but little here below, but wants that little long."

If a well be poisoned, woe be to those who drink thereat. It is worse to poison the fountain of life for one's self and for posterity. "No other medicine is so reliable as Ayer's Cherry Pectoral for colds, coughs, and all derangements of the respiratory organs tending toward consumption. In all ordinary cases it is a certain cure, and it affords sure relief for the asthmatic and consumptive, even in advanced stages of disease.

WILL YOU EXCHANGE a case of Dyspepsia or Biliousness for 75 cents? It is awfully unwise to agonize under the many ailments arising from Dyspepsia, Indigestion, Disordered Stomach and Liver, when this offer is made to you in your own home in all sincerity, with an absolute certainty of curing you.

ZOPESA (from Brazil) cures Dyspepsia and Biliousness. A single dose relieves; a sample bottle convinces; a 75 cent bottle cures.

It acts directly upon the Stomach, Liver, and Kidneys. Cleansing, Correcting, Regulating, Zopesa gives energy and vim to the Brain, Nerve, and Muscle, simply by working wonders upon the Digestion, and giving activity to the Liver.

Cut this out, take it to any dealer in medicines, and get at least one 75 cent bottle of Zopesa, and tell your neighbor how it acts. It is warranted to cure Dyspepsia and Biliousness.
