

CAMP OPENED AT NIAGARA.

Five Thousand Men Under Canvas at Old Grounds.

They Found Everything Ready For Them Yesterday.

Ross Rifle Will be Used Exclusively at Ranges.

Niagara Camp, June 17.—Camp opened yesterday with fine weather and every indication of a successful annual outing.

Twenty-one trains composed of an aggregate of 225 cars, four Niagara Navigation boats, the Turbinia and the Garden City brought the host.

The brown uniforms of the Medical Corps, with the red cross planted as standard, were early tenanted, but accidents there were none.

It is estimated that there will be 3,500 men in camp. The various arms of the service will be represented as follows:

- Infantry ..... 3,000
Cavalry ..... 1,500
Artillery ..... 300
Army Medical Corps ..... 300
Army Service Corps ..... 200
Engineers ..... 100
Miscellaneous ..... 180

The three batteries of artillery in camp this year were at Petawawa last season. While prepared to cram into the ten days all that the ten days will hold in the way of drill and discipline.

To the indignation of the little town the city water has been condemned for military use. Signs marked "condemned; unfit for drink" are strewn plentifully through the artillery quarters, and the A. M. C. Wagons will be kept busy hauling water.

The business end of the camp is increasing at the rifle ranges, after giving all other sections their due. Every man of the 3,000 infantry has to pass through the careful hands of Capt. W. P. Butcher, R. C. R., and his staff of instructors.

The principal camp and brigade officers are: Camp commander, Brig. General W. H. Cotton; orderly officer, Lieut. A. V. S. Nordheimer, R. C. D.; chief staff officer, Lieut.-Col. S. A. Denison, C. M. G.; district engineer, Capt. W. B. Lindsay; senior A. S. C. officer, Lieut.-Col. J. G. Langton;

MAXIMS ON MANNERS.

In view of the interesting aroused by the publication in the Daily Mirror on April 3 of particulars regarding the Children's Code of Courtesy in connection with the London County Council schools, we publish to-day the full list of the guide's rules, as follows:

- COURTESY TO YOURSELF. Be honest, truthful and pure. Do not use bad language. Keep your face and hands clean, and your clothes and boots brushed and neat. Do not copy. Keep out of bad company. COURTESY AT HOME. Help your parents as much as you can. Be kind to your brothers and sisters. Do not be selfish, but share all your good things. Do your best to please your parents. COURTESY AT SCHOOL. Be respectful to your teachers and help them as much as you can. Observe the school rules. Do not cut the desks or write in the reading books. Never let another be punished in mistake for yourself; this is cowardly. COURTESY AT PLAY. Do not cheat at games. Do not bully. Be pleasant and not quarrelsome. Do not jeer at or call your schoolmates by names which they do not like. COURTESY IN THE STREET. Salute your ministers, teachers and acquaintances when you meet them, when you return. Do not push or run against people. Do not chalk on walls, doors or gates. Do not annoy shopkeepers by loitering at their shop doors or gates. Do not throw stones or destroy property. Do not throw orange peels or make sludges on the pavement; this often results in dangerous accidents. Do not make fun of old or crippled people. Be particularly courteous to strangers or foreigners. COURTESY EVERYWHERE. Remember to say "Please" and "Thank you." Always mind your own business. Before entering a room it is often courteous to knock at the door; do not forget to close it after you. Always show care, pity and consideration for animals and birds. Never be rude to anybody, whether older or younger, richer or poorer than yourself. Always show attention to older people and strangers by opening the door for them, bringing them what they require (hat, chair, etc.), giving up your seat for them if necessary. Never interrupt when a person is speaking. Be tidy. Be punctual. As the result of the Daily Mirror article on the subject of the guide, teachers in various schools in London and neighboring districts are now engaged in forming new branches.

BLOCKS FOR MAIN CORNER.

Better Than Brick Pavement, Aldermen Say.

New Gravel Pit By-law Will be Tested.

Board of Works Instructs Engineer in Matter.

The Board of Works last night discussed the advisability of replacing the brick pavement at the corner of James and King streets with creosote blocks. If a decision is made by the Street Railway Company the bricks have to come up and the pavement is in such bad shape that it will have to be replaced very soon, in any event.

The committee will test the new gravel pit by-law, recently passed, by which the city's permission to excavate gravel pits can be established in the city limits.

Edward New asked for permission to work the following pits: On York street, west of the city cemetery; On Hunt street, west of the T. H. & B. Railway; On Dundurn street, between Ardorn and Lochearne streets; On Marguerite street, between Sophia and Dundurn streets.

The Grand Trunk offered to pay half the cost of a light in the Cannon street freight yards. The city will have the light installed under the 927 rate, but on the understanding that if there is any further reduction on street lighting this lamp will be included with the others.

A SUDDEN CHANGE.

Windor, June 16.—From the privations of poverty to the luxuries of affluence is the rapid transition in the fortune of Joseph Hutchinson, who has just been released from the House of Refuge at Leamington. He is an Englishman, about sixty-five years of age, and for a time made his home in Kent county. He drifted to South Essex some time ago, became a public garage, and at last found refuge in the county house.

By the death of an uncle in the old country he has fallen heir to an estate in Manchester, consisting of about five acres of realty, valued at a million at a conservative estimate.
