## OBITUARY.

MR. GEORGE MACKINSON.

We regret to record the death of Mr. George Mackinson, which took place at the Goulds, Brigus, last Thursday. Deceased, who had reached his 87th year, was an active worker all his lifetime, and while he resided in Harbor Grace was connected with nearly every public scheme in the working of the mail service in the mail service via Portugal Cove. He came out to Puntun and Munn from England in 1860 via the West Indies. He was a marine engineer. He ran the s.s. Ellen Gishorne and Lady Glover in the mail service to Portugal Cove before the days of the railway. Mr. Mackinson was a great believer in the agricultural possibilities of the country and during the past 20 years has given practical expression to his faith by the farming operations carried on at Cochranda, near Brigus, C.B., and his butter factory at the Goulds. His wife, three sons and three daughters survive him. Mrs. James Munn and Mrs. D. Baird, of Harbor Grace and St. John's respectively, are his

daughters. To them and all the other members of the family the Telegram extends sympathy.

## Had Smallpox.

Constable John Nugent went out by the express Thursday afternoon to look after the quarantine at Seal Cove where the man Morgan who contracted smallpox lives. The British also went out and will vaccinate most of the people of the place. We learn from people who arrived by train yesterday that quite a number of people at Seal Cove and neighbourhood had been afflicted with the disease which was very light and they were not aware of its nature until the illness from which Morgan suffered was diagnosed. The people visited the houses of those who were ill and thus contracted the malady. The car in which Morgan was was thoroughly fumigated and disinfected Thursday afternoon.

Marvelous results have been obtained from using STAFFORD'S Lintment—14 cts. bottle. mar. 4.

## City Council Meeting.

A full Board was present at the weekly meeting held on Thursday evening at 2.30. The complaint of Mr. Geo. R. Williams, about a drain on Water Street is attended to. The Council in reply to Mr. Silverlock, instructed the Secretary to write him that the Council had as yet nothing to do with the appointment of an Inspector of Motor Cars, etc. The City Hall will be formally opened on Coronation Day. What was pointed out by Mr. Bennett as a mistake of \$50,000 made in the planning of the new water works, would if a mistake at all be less than \$5,000.

Mr. Shea will be allowed to erect a porch to his home on Balsam St. Prizes for vault doors for City Hall were submitted. Mr. Roper's tender being lowest, he will get the contract. A discussion took place over the action of the R. N. Co. in piling dirty snow near the churches. The Engineer's report for the week was read and referred to streets, gullies and water pumps. After the pay rolls were read and passed, Councillor Mulhally rose and in a short speech wished the Mayor a pleasant trip in Montreal and a safe return. The Mayor thanked him and the meeting then adjourned.

## Masonic Installation.

At High Noon yesterday the Installation of the R. W. M. and officers of Tasker Lodge, A. F. and M. E. S. took place in the Temple. The principals in the coronation were father and son, Mr. John Cowan, being the D.G.M. and his son, Mr. H. C. Cowan, was the newly installed Master. The installing master was assisted by D.G.M. Cliff, past D.D.G.M. and D.C.S. Duder. After the ceremony a feast was presented to the retiring Past Master, Bro. R. G. Ash. A purse of gold containing \$50, was presented to Bro. A. Johnston for the faithful work done by him the past 20 years. The newly installed officers are: R.W.M.—Bro. H. E. Cowan, I.P.M.—Bro. R. G. Ash, P. M. W.S.W.—Bro. W. R. Warren, W.J.W.—Bro. D. M. ## Good Send Off.

Mayor W. J. Ellis left here by the Bruce express Thursday evening for Canada and the States. The Councillors and Council's employees went to the railway station and gave him a hearty send off, cheering him repeatedly. The T. A. Band which was leaving for Holyrood played several select pieces before the train went off.

## Remarkable Incident.

Special to Evening Telegram  
NEW YORK, March 17.

The London correspondent of the Tribune cables a remarkable incident which occurred in the House of Commons when cheer upon cheer rolled up from all sides of the House as Mr. Balfour declared in emphatic terms that if the Government could see its way clear to carry into effect the hopes expressed by Sir Edward Grey in the direction of an arbitration treaty with the United States, it would find no heartier friends to such a policy than in the Unionist party. English opinion is rapidly moulding in favor of Grey's policy of support for Tait's suggestion for an arbitration treaty.

## Hints to Householders.

A model laundry, with all necessary requirements can easily be fitted up. A boiler fitted with a tap and a gas burner can be obtained which takes up very little room, and it is more economical than the use of coal, in that no preparation is required in laying the fire beforehand, or in making it up. Thus cleanliness, comfort and convenience follow the use of gas. Flat irons may be heated on an ordinary gas ring, an iron plate being placed between the burner and the iron. Small gas stoves specially made for heating irons may also be had. The heating of irons by gas is a great convenience, and if they are wanted in a hurry the gas is always available and reliable.—Extract from article by Miss Vander Linde.

## French Hair Dressers Are Clever

Scientists in France have given much study to the care of the hair and nowhere in the world do men, women and even children have such luxuriant hair. It was Dr. Sangerbund, of Paris, who discovered that falling hair, faded hair and dandruff was caused by germs, and it was a Frenchman that first gave to the world a hair tonic that would destroy the germs. Since the introduction of Salvia into Canada, the people have learned that dandruff can be quickly abolished, that falling or thin hair is unnecessary, and that everybody can have an abundant head of vigorous hair full of life and beauty.

It is because Salvia Hair Tonic works such wonders that the sale all over Canada is phenomenal. The McMurdo Drug Co. guarantee it to eradicate dandruff, stop falling hair and itching scalp in two weeks or money back. Salvia costs 50 cents a large bottle at all drug stores and druggists everywhere. The girl with the long hair is on every package. McMurdo & Co. are wholesale agents for Newfoundland.

## Wesley Church Sociable Success.

The Sociable in the Wesley Church basement last night, was a genuine success. The management showed skill in seating the large audience. Rev. J. K. Curtis presided. The audience was delighted with the instrumental solo of Miss Cora Asey and with the vocal items of Miss Russell, Mr. Courtenay and Rev. Mr. Westlake. The renditions of Miss May Taylor and Miss Flossie Pike afforded a pleasant surprise for all and the comicalities of Messrs. H. B. Chafe and Mr. Miller were most amusing. The contributions of Mr. A. W. Martin, Hamlin (2), Wilcox and Barnes, were well received. The instrumental solo by Mr. Leslie Rees, on the Saxophone, well merits praise. The main school was represented by Master Fred Gushue and the primary by Miss Madge Quick, who recited, and were rewarded by well-merited applause. The candy table was presided over successfully by Miss Jennie Horwood. The staff are to be congratulated on the great success achieved.

## Girl in Trousers Was Regular Beau.

New York, March 6.—A despatch from Washington to the World says: Because her father was "too strict" Esther Watson, a 16 year old Philadelphia girl, cut off her curls, traded her skirts for trousers, and came to Washington a week ago, registering at a downtown hotel. She met some girls and became a "beau." She took her girl friends to dances and theatres. She pulled cigarettes in the hotel lobby, and seemed to be highly happy. Esther is at the House of Detention now, waiting for her papa to come from Philadelphia to take her home.

## Pays \$60,000 Rent for Coronation

It is stated that Mr. John Hays Hammond, who is expected to be the official representative of the United States, is paying \$60,000 for a six weeks' tenancy of the Burdett-Coutts house, Stratton street, Piccadilly. ## What Parrot Said About Burning Hotel

New York, March 6.—The Farmers' Hotel was burned yesterday morning, causing a loss of \$12,000, fully covered by insurance. Most of the guests made their escape in pyjamas. Several had to climb out of windows and get to the ground from the verandah roof by means of vines growing over them. The fire is supposed to have been due to the explosion of the water front in a range. Several boarders left their clothing and money in their rooms. A parrot that was rescued

said: "This is a hell of a place," as it was hurried from the building.
