RECIPROCITY.

A few days ago we commented on the attitude of Secretary Knox towards Reciprocity. Apparently only in case of the arrangement between America and Canada being ratified was he disposed to open negotiations with Newfoundland. We pointed out that the main value of Reciprocity to Newfoundland was an arrangement in which Canada did not share. With this view Mr. Harvey concurs. This was our main contention. It had reference to both the salt fish and the fresh fish trade with the States. As to the later we pointed out that the Provinces had geographical advantages which would handicap Newfoundland if Newfoundland had no tariff advantage on a market where the Provinces were already established firmly and where there was no great bonanza in such perishable articles at the low prices we quoted yesterday.

As to Mr. Harvey's contention that the onus should not be on his side to produce facts and arguments, we differ. He proposes a change of policy, viz., the giving of bait to Americans. It is on him to justify such a change. The issue seems to be: is the decline in the marketing of our commodity in Porto Rico and the States, which Mr. Harvey fears, of sufficient importance to induce Newfoundland to give Americans bait and give them a chance of reviving their banking by having free access to Newfoundland? As Mr. Harvey thinks so, it is for him to make out a conclusive case.

Appeal Filed.

Privy Council against the judgment of the Supreme Court in the case of the Attorney General vs. the Commercial Cable Company. Mr. Furlong, for the Attorney General, consented. Leave was granted. (In Chambers. Before Chief Justice.)

The Death of James Gallately.

We record to-day the death of James Gallately, the well-known marine engineer who passed away at Harbour Main on Sunday at the residence of Mr. C. Furey, his son-in-law. Mr. Gallately came to this country about 40 years ago as an engineer. He worked with the Reid Newfoundland Co. for many years, and left the S. S. Invermore a few days ago to visit his daughter Mrs. Furey, and passed away after two days illness. He leaves two sons and two daughters. Deceased was a native of Scotland, and of a genial disposition, popular amongst his fellow craftsmen and his death will be deeply mourned. The deceased was buried at the General Protestant Cemetery this afternoon. We extend the relatives our deepest sympathy. The body was brought in by train to-day and taken by undertaker Martin to his rooms where the funeral took place.

Skin Like Velvet.

Is greatly to be desired and is very attractive. There is one sure way of making your skin like velvet, and that is by using Snow Cream. It is neither sticky nor greasy, and the general verdict is "it makes your skin like velvet." W. T. COURTENAY, the Prescription Pharmacy, corner Duckworth and Prescott Streets, sells the Cream at 25c. per bot.—ap21,1f

Horse in Trouble.

To-day at noon, a horse attached to a carriage took fright and dashed up Duckworth Street, threw the driver and ran up Bate's Hill. Here a man took off his hat and waving it tried to stop the animal. As it shot by the beast kicked the chapeau out of his hand, and its hoofs missed his face by a couple of inches. When the animal was brought down the hill a pony took fright and jumping over the carriage and the traces had to be cut away to disentangle the pony.

LOBSTERS TAKEN.—The lobstermen secured from a dozen to twenty lobsters each at Portugal Cove this morning.
2,000 MILES.—A misprint occurred in the publication of "Terra Nova" letter. The fishing coast line should have read 2,000 miles, not 200.

Gave Wrong Name Last Wednesday.

Last Wednesday two men came to our office informing our reporter that one of them had jumped over Job Bros. wharf and had swam out in the harbor, and was taken out of the water by one of the men. The alleged swimmer said that his name was James Clancey, and that he belonged to Caplin Bay, an assertion which his friend corroborated. We gave the matter place in the paper as a news item. To-day Mr. James Clancey, of Caplin Bay, arrived here, and calling at our office said that he had not been in the city since last November and that the man gave a false name. For any annoyance to Mr. Clancey over the matter we much regret it.

CL.B. A. A. Meeting.

The Seventh Annual Meeting of the C. L. B. Athletic Association was held in the Gymnasium last evening. There was a good attendance, and the meeting was presided over by Lieut.-Col. Rendell supported by Capt. Brenton and Capt. A. F. Goodridge.

The report of the council was read by Lieut.-Major Dicks, Sec., and on motion of Capt. Brenton, Capt. Goodridge was adopted. The former in moving its adoption made a few remarks to the members about last season's work. He advised them to practice hard and try and make this Coronation year a memorable one in sporting circles for the Brigade. Lieut.-Col. Rendell also spoke on the report, expressing the satisfaction of the work accomplished by the Council. He was very pleased to see the Council were endeavoring to learn the members the proper application to take their defeats, and was specially pleased to note a congratulatory note to the winning of the football race by the Guards. He also paid a tribute to the retiring Secretary, Sergt. Major Dicks, who has been obliged to retire from active work. The Treasurer's (Sergt. W. Edwards) report was also received and adopted. Although the fitting up of the new gymnasium has been a heavy tax on the Association's resources, the Treasurer has been able to carry forward a satisfactory balance. The election of officers for the ensuing year resulted as follows: Hon. President, Lieut.-Col. Rendell; Hon. 1st V.P., Capt. R. F. Goodridge; Hon. 2nd V.P., Capt. Brenton; Hon. Sec., Capt. Alderidge; Chairman of Council, Lieut. W. F. Rendell; Vice-Chairman, Lieut. T. A. Winter; Secretary, Sergt. F. Marshall; Treasurer, Sergt. W. Edwards; Football Capt., Pte. Herbert Bartlett; Rowing Capt., Sergt. Ins. Ebsary; Council—Lieuts. Bowring and Carter, Col. Sergt. Miles, Sergts. Reid, Barnes and Strong, Corp. Spry and H. Barnes, Sergt. Major Dicks and L. Corp. B. Chafe. The Association is in good condition and the members intend to work hard during the coming season for the honour of the C. L. B. A vote of thanks to the Lieut.-Colonel for his interest and for presiding closed the proceedings.

McMurdo's Store News.

TUESDAY, May 16, 1911.

The present moment is the time for planting Rose Trees, and you can obtain from us the hardiest and especially adapted to this soil and climate. Many years' successful importation of trees and shrubs, and our connection with some of the most reliable nurserymen on the other side, has made us somewhat expert in this line. Our trees were all brought over last fall and "heeled in" for the winter. Any possible "falling out" has thus eliminated; and in buying rose trees from us you get only rose trees that are alive and ready to grow. That, of course, explains the satisfaction of our customers in general with the stock they get from us. If you want rose trees come to us. Price, 40c. each; \$4.50 dozen.

Eczema on Face and Hands

Gave up work—Could not shave—Relief and cure obtained from DR. CHASE'S OINTMENT.

"I had eczema nearly all over the body," writes Mr. John Gordon Campbell, foreman Holland Grove Lumber Co., Sudbury, Ont., "head, neck and wrists were blistered and itching with it. I could find absolute relief no cure until I obtained Dr. Chase's Ointment. After using this ointment I was almost instantly relieved and soon completely cured."

"So bad was the eczema that I had to give up work. Could not shave. I was so bad that they had to take me out of camp in a wagon and send for a new foreman. I cannot recommend this ointment too highly. As a means of soothing raw, flaming, irritated skin no treatment can be compared to Dr. Chase's Ointment. It often heals in a single night. You can see for yourself, each day the good it is doing. Sample box free. 60 cts. a box, at all dealers or Edmonson, Bates & Co., Toronto.
