ADVERTISE IN THE EVENING TELEGRAM.

### Reichstag Approves Acceptance of Dawes' Report

New French Cabinet Under Marsal Will Have Short Life--Battle Cruisers to Visit Newfoundland in September--Jury Disagree in the Bank Murder Trial.

#### REICHSTAG ELATION

**OVER APPROVAL.**  
BERLIN, June 7. Elation was expressed in Government headquarters to-day over the outcome of the voting in the Reichstag on the question of approving Germany's acceptance of the Reparations Experts' Report with a clear majority of 64 votes in favor. The Marx Cabinet now is equipped with full authority to carry on negotiations with the Reparations Commission for the fulfilment of the provisions contained in the Experts' plan.

#### FRENCH POLITICAL DEADLOCK.

**PARIS, June 7.** The Governmental deadlock continues but there was evidence this morning that President Millerand who has been withholding his hand thus far would take action this evening and name a Premier after consulting M. Steeg and a few other political leaders. According to those near him the President is convinced that he has lost nothing by being deliberate inasmuch as his resistance to the interests of the left has been approved by steadily growing sections of Parliament opinion.

#### THE EVANESCENT CABINET.

**PARIS, June 8.** The new French political Cabinet named to-day by M. M. Francois Marsal, to take the place of that headed by M. Poincare which recently resigned, is as follows:—Premier and Minister of Finance, M. Francois Marsal; Foreign Affairs, Edmond Lefebvre Du Prey; Justice, Senator Antoine Rateur; Interior, Justin De Selves; War and Pensions, Andre Maginot; Labor and Hygiene, Paul Jourdain; Navy, Desre Ferry; Public Works, Yvesse Trocquer; Education, M. Landy; Commerce, Pierre Flaudin; Agriculture, M. Capus; Devastated Regions, Louis Marin; Colonies, Jean Fabry. The Ministry was made known after a final interview between President Millerand and M. Francois Marsal. It will make its appearance before Parliament on Tuesday when the Premier will read a message from President Millerand in the Chamber explaining the political situation as the President sees it. Simultaneously the Minister of Justice will perform a similar duty in the Senate. The entire appearance of the Cabinet before the Chamber is likewise likely to prove its farewell. The general impression is that France which has been without a responsible Government since June 1st, will have one Tuesday, but only for a few hours. The Francois Marsal Cabinet has already been referred to by its friends as an "evanescent cabinet" while the Opposition has dubbed it "the still born government." So certain is everybody who concerns himself with politics that the message from the President, the delivery of which to the parliament is the sole purpose of its formation, will find the Government in a minority upon the first vote.

#### SQUADRON WILL VISIT Nfld.

**OTTAWA, June 7.** The British battleships at present on the world cruise are scheduled to reach Esquimaux, June 21. The squadron is now in Honolulu. According to the naval service branch of the Department of National Defence, the ships will visit Victoria and Vancouver and leave for San Francisco July 5th, where they will remain until July 11. The two battle cruisers Hood and Repulse, will pass through the Panama Canal, while the four light cruisers will proceed down the coast of South America, visiting various ports, and home via Cape Horn. The Battle cruisers will make no stops in American Atlantic ports, the first port being Halifax on August 18th to September 2. The ships will be at Quebec. There will be a cruise through Newfoundland and Nova Scotian waters until September 17th, when the ships will leave for England.

#### LOEB BLAMES HIS PAL.

**CHICAGO, June 8.** All blame for the murder of Robert Francis is placed upon Nathan Leopold, Jr., by his former pal, Richard Loeb, in a confession made by the latter to State Attorney Crowe a week ago and made public on Saturday. "I want to say that I offer no excuse. If it was not for the suggestion and stimulus of Leopold the crime would not have been committed," Loeb said in ending his confession.

#### BOTH SOMEWHAT AT FAULT.

**LONDON, June 8.** The debate in the House of Commons on the Lausanne Treaty matter and the relation of the Dominions thereto will have done good, the Manchester Guardian says, if it leads to a re-arranging of the machinery required for the unification of the

entire policy. The Guardian commenting on Premier MacDonald's suggestion that if Great Britain were to engage in further negotiations involving either the honour or resources of the Empire these should be made the subject of very careful enquiry by constitutional representatives of Dominions as well as of Great Britain, says: "In this particular case (signing of the Lausanne Treaty) which has not the support of all the dominions an examination of the rapid fire cablegrams between London and Ottawa indicate that neither Great Britain nor Canada is altogether blameless. It clearly would have been better for the Home Government then and there to have discovered what the Canadian reservations in the signing of the Treaty implied. It is equally clear the Canadian Government might have volunteered more details in explanation."

#### SQUADRON REACHES HONOLULU.

**HONOLULU, June 7.** The special service squadron of the British navy headed by the battle cruiser Hood arrived here yesterday for a week's visit.

#### FOURTEEN DEAD IN COLLIERY EXPLOSION.

**WILKESBARRE, Pa., June 8.** Fourteen dead have been established as the total of the gas explosion on Friday at the Loomis Colliery of the Alden Coal Co. Two men are in hospital seriously injured, while four or five slightly hurt are at their homes.

#### EIGHT DROWNED WHEN LAUNCH SWAMPED.

**SANTA ANA, Calif., June 8.** Six men and two boys, members of a fishing party, were pounded to death on the rocks of Newport Bay Jetty here to-day when the launch in which they were heading out to sea was swamped and capsized. Five others were saved.

April 1st, reported a disagreement this morning, seven being for a verdict of murder and five for a verdict of manslaughter. Serafini will be tried again at the September sessions of the court. The trial of others arrested in connection with the hold-up will proceed Monday.

#### BRITISH COMMUNISTS ACT.

**LONDON, June 7.** British Communists to-day showed their hand in the rail strike which is continuing to spread, while the public is awaiting further statements of the Government's intentions beyond Labor Minister Shaw's declaration that it would endeavour to maintain the public utilities and protect the men who are continuing to work. The Communist party of Great Britain issued a statement declaring the workers had tried vainly to get their grievance remedied through constitutional Trade Union methods, and charged that the National Union of Railwaymen did not intend to act.

#### LORD PIRRIE DIES AT SEA.

**BELEFAST, June 8.** Word was received here to-day that Viscount Pirrie, Chairman of the Wolf Shipbuilding Company, has died at sea near the Panama Canal. Lord Pirrie accompanied by Lady Pirrie sailed March 20 from Southampton for a three months' visit to Brazil and Argentina to make an inspection of harbor conditions and port facilities for new steamers of the Harland and Wolf concern.

#### Game Wardens Keep Going With Mercury At 78 Below

**Anchorage, Alaska, May 8. (A.P.)**—Frank Dutresne, fur warden at Nome, and his trail assistant, Fay Delesene, a noted northern dog musher, encountered some of the coldest weather known in the territory during a trip last winter to the north of the Arctic Circle. Leaving Nome on the 1,474 mile journey, the two first traveled to Safety, then to Bluff, across Norton Sound to the reindeer station; thence to Unalakleet and Kaltag, up the Yukon River to Nulato and on to Koyukuk. From Koyukuk they followed the military telegraph line and the Yukon River to Louden, Ruby, Koltines, Birchies and Port Gibbon. They next struck north to Alakakal,

swinging west in a circle to Shungnak and down the Kobuk River to Noorvik, Kotzebue, Keewalik, Candie and overland to Norton Sound and Nome.  
For ten days at one stretch the mercury registered from 62 to 78 degrees below zero, according to Dutresne.

"An interesting fact," said Dutresne, "is that when the thermometer registers 60 degrees below or colder, animal life ceases to move and burrows into the snow, remaining there until the weather warms up."
