Agents for London and the West. ABOUT HAIR

Editor of the ADVERTISER:

Sir.—I have, as you know, for some time advertised in Canada and the States a preparation for the hair called. "Dr. Dorenwends Hair Magic." I have received some thousands of flattering testimonials from those who have used it as to its merits as a restorative of gray or faded hair, also as a promoter of the growth and a certain use for your respondents ask the questions: "Why is my hair turning gray so early! Why is my hair turning gray so early! Why is my hair falling out?" Ast it is impossible for me to answer every one, I take the liberty of encroaching on your valuable space to make a general reply. A great many persons do not seem to be aware that excessive washing and rubbing is injurious to the growth of the hair; such is the case, however. Constant washing and rubbing the scalp and hair causes over irritation and removes the oily substance which gives strength to the hair; undue heat caused by the wearing of heavy headgear is also injurious. Anything that will tend to dry up the sap or life of the hair will cause dandruff, falling out of the hair, gray or faded hair and finally baldness. Of course there are other causes as diseases, hereditary itendencies, etc., but the first mentioned are the main and most common.

Dr. Dorenwend, an eminent German phy

but the first mentioned are the main and most common.

Dr. Dorenwend, an eminent German physician, has given to the world after years of toll and experiment his now famous "Hair Magic." The object of this preparation is to assist nature in the production of this oily substance absolutely necessary to the growth of the hair. It is now sold by all reliable druggists at \$1\$ per bottle, or six bottles for \$5\$, owill be sent on receipt of price to any address. See that each wrapper bears the seal and signature of the manufacturer.
