Total Cost of Artesian Scheme in One Year.

Fire insurance rates took a tumble today, when a circular was received by Mayor leattle from the Underwritters' Association, notifying him the rest at week or so ago, they had decided to cut the key rate in congested districts.

A further reduction of 10 cents on insurance in the congested district, and 5 cegis elsewhere will be given, when the city increases the efficiency of the irre department by adding 10 men to the force, and by placing another are compressor in the Horton street plant, and connecting the reservoir there with the Springhank main, as recommended by Inspector Howe in his recent report.

This is the second reduction made since the wells system has been installed. Last year the Underwriters cut the rates 20 cents, and this combined with the reduction made to the wells system has been installed.
