Government Responsible For Gambling Stain On Country's Character

Moderator Dr. Gordon Designates the 1921 General Assembly As "Historic"—Numerous Resolutions Occupy Closing Hours.

TORONTO, June 9.—(By Canadian Press).—"We are now bringing to a close what may in future be regarded as an historic assembly," said the moderator, Dr. C. W. Gordon, after reaching the end of the docket of the Presbyterian General Assembly shortly before 11 o'clock. "I am not going to let anyone persuade me that anything untoward is going to befall the Presbyterian Church."

Continuing, the moderator said that the men who had voted against union were to be commended for the very fine spirit they had shown in the assembly. The assembly, he said, was a business through with a great burst of speed this afternoon and evening in order to finish tonight.

The assembly adopted a resolution moved by Dr. J. McCartney Wilson of Calgary, embodying greeting to the Church of England.

The union committee, which will have in hand the negotiations with the Methodist and Congregational Churches was empowered also to conduct any conferences pertaining to union with the Anglican Church.

The assembly listened to brief addresses from representatives of the Bible Society, Dr. Boyle and Dr. Cooper.

Government Responsible

A series of resolutions was submitted by D. N. McLaughlin, secretary of the social service department, and adopted by the assembly. The spread of the gambling habit was greatly deplored, especially at the race tracks, and the Government of Canada was held responsible for "this stain on the country's character."

Dr. Gordon pointed out that Premier Meighen had put himself on record as an enemy of the gambling evil.

Another resolution urged the employers of labor to get at the bottom of the social unrest and complaints of the workers.

Dr. Rochester, secretary of the Lord's Day Alliance, in a brief address said the amusement business had risen up to menace the Sabbath and he hoped the churches would support the alliance in fighting this new danger. A resolution thanking Dr. Rochester for his work was adopted.

In response to a letter from St. Robert Borden, suggesting a pronouncement on the league of nations the assembly adopted a resolution placing itself on record as endorsing the league.

CATERPILLARS HOLD UP TRAINS ON C. P. R. IN NEW BRUNSWICK

Steam At 200-Pound Pressure
Used To Clear the Rails.

ST. JOHN, N. B., June 9.—Trainmen report millions of caterpillars or army worms between Fredericton Junction and Harvey, on the C. P. R. line, and that train travel has been greatly impeded. An official today said that for miles the forest had been stripped of foliage, and the tracks are covered with these worms, which grease the rails so badly that freight trains are having a hard time getting over this section, and passenger trains have to double or cut and be conveyed in two sections. All C. P. R. trains have been equipped with special steam jets which are placed in front of the wheels and a 200-pound pressure of steam is used to help clear the worms off the rails. The condition arising from this invasion is said to be the worst ever experienced by the C. P. R. in this district.

"SOUND ASLEEP AS THE GRAND TRUNK"

Photograph Interjects Humor
Into Evidence Before the
Arbitration Commission.

MONTREAL, June 9.—Detailed evidence was furnished today before the arbitration commission sitting to inquire into the value of the Grand Trunk system prior to its acquisition by the Dominion Government, tending to show that the line was not in such good shape as the company's experts had indicated, and this evidence took up the whole of the day, most of it being very technical. It dealt with local conditions at a number of Ontario points and was supplemented with photographs showing each spot touched upon.

A humorous point was interjected into the evidence when a photograph was shown of a navy sound asleep at his job.

"I suppose that was a Government employee," said counsel for the Grand Trunk.

"Well, he seems to be about as sound asleep as the Grand Trunk has been for the last forty years," retorted the witness.

AMBASSADOR OF IRISH REPUBLIC TO UNITED STATES

NEW YORK, June 9.—Dr. Patrick McCartan has been known in the United States as "ambassador of the Irish Republic to the United States." He is a member of the British Parliament from King's County, but like the other Sinn Féin members, chosen at the general elections in 1918, did not take his seat. In January, 1919, a John F. Ryan, described as a lawyer of Buffalo, N. Y., was indicted by the federal grand jury in New York City charged with treason. It was alleged that Ryan was associated with others in plotting to bring about the defeat of the Allies. It was stated by the authorities at that time that Ryan was believed to be in Mexico.

STEAMER SAILINGS.
MONTREAL, June 9.—Sailed: Scotland, Newcastle; Turcoman, Liverpool; Canadian Seignior, London; Canadian Reaver, British West Indies; Hastings County, Antwerp.

ORDER PERMITTING ONE-MAN CARS IS MADE PERMANENT

May Be Operated Across L.
and P. S. R. and Pere
Marquette Tracks.

ST. THOMAS, June 9.—The Dominion Railway Board has made permanent the interim order issued some months ago, permitting the operation of one-man cars on the local street railway. The order allows the city to run its cars over the London and Port Stanley Railway crossings at Talbot and Wellington streets and the Pere Marquette intersection at Wilson avenue. The city directs the municipality to pay one-half of the cost of protection at the L. and P. S. crossings and the expenses of a watchman at the Pere Marquette lines from 6 o'clock in the evening until midnight. The board took no action in the requisition of the Pere Marquette to have the city pay all the expenses of the watchman at the Wilson avenue crossing.

An Economic Success.

So far the one-man car has been an economic success, and no general inconvenience has been complained of by the patrons of the system. The deficit, however, in the monthly accounting is still very much in evidence.

GREEKS READY FOR ATTACK ON TURKISH ARMY

Both Armies Confident of Victory
in Impending Battle
in Asia Minor.

CONSTANTINOPLE, June 9.—A Greek offensive is announced for the end of the week, and both sides apparently are confident of victory. Speaking of the impending attack, Fazl Pasha, in command of the Turkish troops, said: "We are not alarmed over British aid to the Greeks. Let them come and enter our traps."

British Aeroplanes.

The entire Turkish forces, estimated at 100,000, with 50,000 effective, occupy virtually the same locations between Bursa and Smyrna as they did last March. The Greeks, reinforced by British aeroplanes, tanks and gas shells, have 120,000 men, of whom 80,000 are effective as a fighting force. The Greek morale, owing to quarrels, was poor until lately, but has vastly improved, owing to the British support.

The Real Issue.

There are many conjectures as to the outcome of the offensive. It is pointed out that the issue now is between the British and the Bolsheviks, and the latter are ready to send troops to assist the Turks.

EACH CHURCH MAY RETAIN OWN CREED

Ex-Moderator Dr. McMullen
Suggests Scheme To Avoid
Future Friction.

CLEAR CONSCIENCE

Anglicans Could Also Enter
Such Union With Perfect
Safety.

WOODSTOCK, June 9.—Rev. Dr. McMullen, for 50 years pastor of Knox Church and ex-moderator of the Presbyterian General Assembly and one who has for many years favored church union, today made the following comment on the action of the General Assembly in Toronto:

"I am strongly in favor of church union and I regret to see that there is in the General Assembly such a considerable minority vote against it. As the property of the Presbyterian Church is devoted to principles set forth in the subordinate standards a minority protesting against any abandonment or changes of these might obstruct the obtaining legislation vesting the property in the united church of the patrons of the system. The deficit, however, in the monthly accounting is still very much in evidence."

Risk Is Involved.

"The drawing up of new articles of faith involves this risk. To head off the danger I am of the opinion that the proper expedient would be to have no new articles of faith, but let the churches come into union bringing with them their present articles of faith, and let them follow their present usages and modes of worship, including the sacraments. The consequence of this would be that no church entering union could be charged with altering in creed or forfeiting its property, and is it not an assumed truth that not one of the churches is changing its creed for the sake of union?"

With Clear Conscience.

"Any minister in the united church

charged with error or heresy would have the right to claim that he believed under articles of faith he subscribed to before union. I can see no reason why the three churches, and the Anglicans also, could not by this method enter union with perfect safety as to property and a clear conscience as to creed."

ANGLO-FRENCH TREATY NOT UNDER DISCUSSION

LONDON, June 9.—J. Austen Chamberlain, the Government spokesman, stated in the House of Commons this afternoon that the question of arranging an Anglo-French alliance, even without possible participation by the United States, was not under discussion.

Recently the French newspapers have been discussing the question of a closer alliance between France and Great Britain, and it was indicated that the United States Government would be sounded as to its attitude toward such an alliance.

BIGAMY CHARGE IS ADJOURNED; ACCUSED AT LIBERTY, ON BAIL

John Range, Residing Near
Galt, Alleged To Have Two
Wives.

GALT, June 9.—On a charge of bigamy, John Range, who lives in the country near this city, appeared in police court this morning and pleaded not guilty. The case was not proceeded with but adjourned until Monday next, the accused, who it is alleged has two wives living, was given his freedom on furnishing \$1,000 bail.

Died at Santa Monica
Word has been received here of the

death at Santa Monica, California, of Charles Crane, a native of Galt. He left this city in the sixties and obtained considerable prominence in the United States as a mining engineer. He at one time was a candidate for the United States Senate. A brother, William, still lives in this city.

A Danger Signal— Tender and Bleeding Gums

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously diseased. For not only the teeth are affected, but Pyorrhea germs seep into the body, lower its vitality and cause many ills.

Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them.

Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhea away by using Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.
