CROWDS OF PICNICKERS HOLD FORTH AT PARK

Thousands of Children, Old! and Young, Celebrate Dominion Day.

HAPPY HOLIDAY

Weather Joins In To Make Event One To Be Remembered.

It was a glorious day-a day of of brilliant sunshine tempered with fresh, cool breezes that put a tang into the air and a zest into sport. For thousands of children, old and young, Dominion Day at Springbank will long be remembered as one of the happiest of holidays.

Varied were the programs, for it was a day of merrymaking. Busy committees offered baseball, softball, football, races and novelties to satis-

ootball, races and novelties to satis-

fy the whims of all.

All roads, it seemed, led to Springbank, the beautiful. Trolleys closely following each other were crowded with marry problems. with merry picnickers with bulging hampers of good things to eat. A steady stream of motors made their the picturesque spot, and there discharged cargoes of boys and girls who lost no time in catching the spirit of the first of July.

Springbank was gowned in all of nature's loveliest dress. A profusion of flowers, bubbling springs of crystal waters, flanked by shade trees of every description and carpeted with E score of lovely lawns, welcomed the housands of visitors who came for

Picnics were numbered in scores. There were Sunday school picnics. tamily reunion picnics, railway pic-nics, where knights of the road and their ladies gathered with the children to laugh and sing and play. There were large picnics and small pienics, pienies that took weeks of preparation, and picnics that just Girls, raturally happened, when old friends McRue. get together. Every group was a picnic. HOUSE APPROVES

Parliament, After Long Debate, Authorizes Robb To Raise Money.

IN THE BEST MARKET

Canadian Press Despatch Ottawa, July 1.—A resolution authorizing the Dominion government to borrow a total of \$300,000,000 to meet maturing obligations was passed after prolonged debate in the House of Commons tonight. Acting Finance Minister Robb said he hoped Three-legged race—J. Duncan and to float the loan at less than 5 per Miss Brodford.

He gave maturing obligations: Vic the gave maturing obligations: Victory loans, treasury bills and so forth, up to the end of 1927, as totalling \$382,000,000. The advantages of the New York money market were urged during discussion, one member remarking that money was going begging there at 3½ per cent. Mr Robb replied that authorities varied between a domestic and an external loan. He would float the loan "in the

best market possible."

A suggestion was made that the Dominion should issue Dominion bonds to its own treasury and issue necessary credits thereon. To this Mr. Robb replied that he did not propose to Russianize Canadian se-

Associations Claim Pension Commissioners Unfit For Administration of Act.

Canadian Press Despatch Ottawa, July 1.—Urging the removal from office of the board of pension commissioners, G. G. Mac Veterans Association, appeared before the House of Commons committee on soldiers' pension, today on behalf of the G. W. V. A. and the Veteran royal commission, which had in vestigated the charges made against the board in 1922, had sustained those charges of unsympathetic and an-tagonistic treatment of veterans. The board had been proven, he claimed, to be entirely unfit for the adminis-

the tration of the act. The intention of amendments to the act had been deliberately evaded by the board of pension commis-sioners. There was, it was claimed, widespread lack of confidence in the administration and veterans had been deprived of the rights granted

Caterpillar War Is Believed Won

Device On Engine Blows the Insects Off Rails.

Canadian Press Despatch.
Edmonton, July I.—To combat
he plague of caterpillars which infest the Alberta and Great Water-way Railway, a novel device has been introduced by the officials. It con-sists of two steam pipes which are carried down to the front of the wheels from the boiler of the engine, with the result that the pressure blows the insects off the rails, and thus prevents delay in the time schedules.

A road inspector travelling gasoline speeder followed behind the caterpillar-destroying locomotive recently. Millions of the creepy insects they reported had been destroyed, while the progress of the light machines which is usually impeded by these pests was greatly facilitated. Swarms of caterpillars passing over Swarms of caterpiliars passing over the railway lines have presented a grave problem to railway companies in past years. The rails are gen-erally rendered so slippery by the insects that a train finds great dif-ficulty to make any headway.
