Other mining men who have visited this property state that the showing is magequalling anything at present opened up on the Coast.

when several of the claims will be thorough-

for the hardware, grocery and clothing merchants, which is certainly tributary to ictoria. That trade, like the trade of the Kootenays, may assume immense proportions if outside capital can be secured to develop the district, and if Victorians will have a little more faith in the country and not under estimate it because it is near home.

AS TO DIVIDED SKIRTS

The Part Li Hung Chang Played in Woman's Decision Against Them.

From the New York Sun. Divided skirts, their advantages and disadvantages, was the subject under discussion, and the woman's club which was sion, and the woman's club which was discussing it was as divided on the question as the subject could possibly be. There were pros and cons in great number, and presently a small, quilet-looking woman, with big, black thoughtful eyes, got the combined ear of the assemblage and said: "I'd like to turn this into an experience meeting for a moment, and tell you of the time I saw Li Hung Chang."
"But he doesn't wear them, does he?" said the temporary chairwoman. "If he did, I suppose we'd have heard as much

said the temporary chairwoman. "If he did, I suppose we'd have heard as much about them as about the yellow jacket."

"He didn't wear them," said the little woman, quietly; "at least, so far as I could see; but I did on that occasion, as he or anyone else could see, and that is why I array myself against division."

"You have the floor," said the temporary chairwoman, and the little woman told her tale as follows:

"When I heard that Li was here I heran."

When I heard that Li was here I began

make one of the great mines of British Columbia.

On the Castle property a tunnel about one hundred and fifty feet long is now being started to tap the ledge at a least of one hundred and ten feet. This velo, on which fifty feet has now been sunk, shows a width of nineteen feet, between two clearly defined walls. The ore from this property is also of high-grade.

MR. CROFT'S PROPOSAL. To the Editor of the Colonist:

On the Satanita group of twelve classics owned by a Victoria syndicate and recently bonded to Chicago capitalists, considerable of \$3,000 per annum, after the lapse of several years. The revenue to be described being done. A much larger force nual charge of \$4,875 from the date of the work, with a possible estimate revehave ever satisfied my calculations. It From the above particulars it is evident that all this development work means trade right privileges on the habor which are uld be distinctly understood, however, the prerogatives of the Dominion gov-

> I entirely concur in your views expressed in that editorial, "that if the proposed improvement of James Bay is made, the complete improvement of the the matter to the favorable vote of the ratepayers at the polls on the 2nd of

THOMAS C. SORBY. Victoria, July 29, 1899.

Emperor William has elevated Herr von Bulow, minister of foreign affairs, to the rank and title of count. His elevation is a recognition of his services in securing the Caroline islands for Ger-

"When I heard that Li was here I began to have a great curlosity to see him.
"The papers were just full of him, what an important personage he was, and all that, and I thought it would be a good thing to see a Chinaman who really amounts to something for once in my life. So when the day finally arrived on which he was to vide through the streets I was up bright and early, and got all my work done long before the usual time, so as to be sure to get a good place where I could see everything.

"Well, he was expected to pass Madison Square about 4:30 o'clock, and at 4 o'clock I was there, standing where I could get a first-rate view of Ll's face, and was feeling very contented. I stood there a few minutes all right, and already saw the mounted policemen approaching from down the street, so I knew Li was close at hand, when I'felt something, I couldn't tell what.

"You know," she continued, after a moment's hestitation, in which the feelings awakened by her recollection of a former predicament were plainly depleted on her face, "you know, I used to go in for reform clothing, combinations and divided" onto. An anaemic person is usually weak,

COLLEGIATE SCHOOL SPORTS. Annual Athletic Programme Provided Yesterday-The Results.

The annual athletic sports of the Collegiate school took place yesterday afternoon on the school grounds, Cook street. Upwards of three hundred ladies and gentlemen were present, by invitation, and showed much appreciation of the afternoon's programme. There was not a hitch in the sports, and the quick succession in which one event followed the other, especially where entries were many, was a matter for congratulation. The officers of the day were as follows: Judges, J. W. Laing and Rev. C. Esnor Sharp: referee, H. J. S. Muskett; starters, J. Fortesque Foulkes; stewards, W. Alexander, D. Hanington, H. Hamersley, H. C. Keefer, H. Miller, R. Monetith, O. L. Spencer and C. Usborne.

C. Usborne.

The events as they took place, together with those who contributed prizes and the results, are appended:

THE STRUGGLE WITH KRUGER. Blue Book Bringing History of the Case Down to Date.

question seems to have arrived at a deadlock. The Blue Book issued yesterday, which brings the history of the case down to July 23, is chiefly interesting as showing that the Cape ministry approved President Kruger's latest proposal as adequate, and that the Transval refused friendly consultation with the most famous grandees of Spain bore the name of O'Sullivan; and in our own time an O'Donnell has risen to be Spain's prime minister, and almost dictator, under the title of Duke of Tetuan.

The Duke of Tetuan, whose grandfather was famous in Spanish history as Count de la Bisbal, is a lineal descendant of "Red Hugh" O'Donnell, who fled his native country when England conversed Wilster Land and Thomas Greenhow.

The City of Puebla left on deadlock. The Blue Book issued yesterday, which brings the history of the case down to July 23, is chiefly interesting as showing that the Cape ministry approved President Kruger's latest proposal as adequate, and that the Transval refused friendly consultation with the British government before passing and promulgating the franchise bill.

It is understood that negotiations have passed since this period between the British government and the Transvaal. The firm speech of A. J. Balfour, first leader in the House of Commons, had a double object, to impress President Kruger with the necessity of further contact.
