BUILDERS OF

FINE CARRIAGES, Fredericton, N. B

Iver's Wagons,

These Shifting Tops have no rival, as a giance at the cut will show for itself; it is so simple It requires only one person to take it off or put it on, and when off no one would think a Top had been on, as no unsightly ends are stloking out. When the Top is on it is a firm as a rock. It can be put on any carriage in use. Persons ordering Buggies or Canopy Top Carriages should see that they have this Rail, as it will be greatly to their interest.

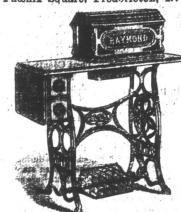

These Tops were awarded a Diploma at the Provincial Exhibition in October, 1880 Particular attention given to orders. Repairing done in the best manner, and at the shortest notice

Price List.—BUGGY TOPS, \$32 to \$50; CANOPY, \$15 to \$25 Patented in Canada, March 31st, 1877, and in the United States, Dec. 10th
