We wa'ked on again.
You are alone, I presume? said I.
My daughter wasted to accompany cas. but this is not a fit place for her and

It is not indeed, I replied. But as I had said this it recurred to me how frequently ! had heard the same observations from a usa the entrance into the prison of their wives and daughters, and how often I had seen those feelings overcome by the pain of sepaquences which had often ensued from the breaking down of the mind's best resolutions under the pressure of the misery and despair of a prison life; however I said nothing of that at the time, but turned my attention the present solace of the old gentleman in

I could not find a place for him to sleep in except at a cost which was unsuited to his curned upright on its end, formed a very scanty means, so I persuaded him to make convenient seat, and one calculated to discusse of my hed for the early part of the night.

liedging that I had writings to complete When I came in with my hot rons, as hick ordiged me to sit up; so that by mak- was about to make a gallant speech on the

The Ruined Merchant.

It was at the close of the year 1810 that the close of the year 1810 that the code of the year 1810 that the close of the year 1810 that the year

the ground floor, looking out into the front spartingly person?

The shock his head, and turned round to the door behind, which was chosed and lock, which forms an amount of make up his muid to his tate he descended the steps, and we walked across the yard together. I did not like to urge thim to take for least the mounts of the mount of the mounts of the person does not receive the mount of the mount of the mounts of the person does not receive the description of the merches have not received the steps, and use unade one or two turns up and down to force I spoke again.

Those said I, that you are not another in the fifteen on the right hand side, with the mount of the person does not receive the person does not the entrance into the prison of their wives and daughters, and how often I bad seem taken off her bonner, and sat at the head of ing the opposite end for me With the de-ference which she thought due to my years, I suppose, she had left the other of the two chairs—the best one—for me; the one which

ing use of my narrow crib turn and turn a occasion of being honoured with such a vi-

mining, I asked him if he was looking for yard, the prospect forwards being bounded her only as a lovely flower of the earth, too

such expenses, my solicitor had me removed during which the lady had been its occupant to this place, as being more convenient, he said the freedy advice of some one what to do, for every thing is strange to their features and the expression on us; we look at them Do you anticipate, I asked him as delicated by as I could, remaining here long?

My creditor he said energetically, is ruh.

Said had been its occupant the insorting which the lady had been its occupant. There certainly is nothing like a woman's hand to set a place in order! At seventy years of age women do not make any particular, which alarmed me, and made into according to their features and the expression of their countenances, as at pictures by as I could, remaining here long?

My creditor he said energetically, is ruh.

Said that the disappeared, the almost of the moment he disappeared, the almost seventy with which all down the suppeared, the almost overwhelming emotions with which all down the hand to set a place in order! At seventy years of age women do not make any particular, where reversed with a violence which alarmed me, and made into almost stand against at the awful exhibition of anguish unspeakable! Her sobs and tears burst forth like a pent up sea: she fell on her knees, and without regard to my presence; but the presently recovered himself. I was burst forth like a pent up sea: she fell on her knees, and without regard to my presence; but the presently recovered himself. I was but the presently recovered himself and the tears streamed through his fingers; and credit which gave him the opportunity of increasing it to a boundless extent. He but with fortical ter, who had resumed her forced composure:

We wasked out with him into the gaples.

We wasked out with him into the gaples. The moment he disappeared, the almost ter looks upon those of the other sex. But tremity of trouble, and for sengeance on their on this occasion I felt my heart quite warm prosecutor? The soft and delicate girl beaming with smiles, was transported in a moment of the soft and delicate girl beaming with smiles, was transported in a moment of the soft and delicate girl beaming with smiles, was transported in a momore cheerful position close by the window, ment into the very semblance of passionate

her tather occupied was a very good one, only having no bottom, that deficiency was obliged to be supplied by the lid of an old
box; and the young lady herself was pleased
to content herself with the box itself, which,
ning like her father, and feared to open al conference of the did with the local transfer of the did with

his eppearance impressed me with the idea crying "hot rolls" for those who had money of his being a man of substance, unosten to buy them, I ventured on a piece of extra tions, but wealthy; and the black crape vagance that morning, and bought two pentured on the black crape vagance that morning, and bought two pentured on the black crape vagance that morning and bought two pentured on the black crape vagance that morning and bought two pentured on the black crape vagance that morning and bought two pentured on the black crape vagance that morning and bought two pentured on the black crape vagance that morning and bought two pentured on the black crape vagance that morning and bought two pentured on the black crape vagance that morning and bought two pentured on the black crape vagance that morning and bought two pentured on the black crape vagance that morning and bought two pentured on the black crape vagance that morning and bought two pentured on the black crape vagance that morning and bought two pentured on a piece of extra volving these thoughts in my mind,—fcr long straction by a young girl of twenty; but I working these thoughts in my mind,—fcr long straction by a young girl of twenty; but I working these thoughts in my mind,—fcr long straction by a young girl of twenty; but I working these thoughts in my mind,—fcr long straction by a young girl of twenty; but I working these thoughts in my mind,—fcr long straction by a young girl of twenty; but I working these thoughts in my mind,—fcr long straction by a young girl of twenty; but I working these thoughts in my mind,—fcr long straction by a young girl of twenty; but I working these thoughts in my mind,—fcr long straction by a young girl of twenty; but I working these thoughts in my mind,—fcr long straction by a young girl of twenty; but I working these thoughts in my mind,—fcr long straction by a young girl of twenty; but I working these thoughts in my mind,—fcr long straction by a young girl of twenty; but I working the set thoughts in my mind,—fcr lon

but she repressed her agitation, as I observed, ships; the whole earth was embraced in his speculations. His daugter took his hand and kissed it; London. The seas were covered with his

hand, soothingly: for she was in deep mourning like her father, and I feared to open a
new a wound that was perhaps scarcely closed.

I confess I had been so long noused to
new a wound that was perhaps scarcely closed.

I will tell you. When my poor father
was ruined, the shock was too much for my
mother, she died, she said shudderingly,
only ten days since, the day before yesterday
was the day appointed for the foneral, and as
my lather was coming down stairs to follow
her to the grave, he was arreased.

Good God Lexclaimed, arrested as he
town, with one servant girl, who was tatality
too often produce—he became more kindle
and affable; his heart grow more compassionate towards the wards and necessities of
his fellow-creatures; his benerolence intreased with his means of doing good, so
young ladies, that I was considerably puzzled how to advise my new friends in their
difficulty. On examining into their case, I
found that Mr. Contracy in the most sum the was
from bad to worse in his affairs, until he was
from bad to worse in his affairs, until he was
from bad to worse in his affairs, until he was
from bad to worse in his affairs, until he was
from bad to worse in his affairs, until he was
from bad to worse in his affairs, until he was

from bad to worse in his affairs, until he was
from bad to worse in his affairs, until he was
from bad to worse in his affairs, until he was
from bad to worse in his fellow-creatures; his benerolence intreased with his means of doing ord, so the character of with his means of disposing of
young ladies, that I was considerably puzteled how to advise my new friends in their
difficulty. On examining into their case, I
have the was and necessities of
his fellow-creatures; his benerolence intreased with his means of doing ord,
so with his means of disposing of
young ladies, that I was considerably puzteled how to advise my new friends in their
difficulty. On examining into their case, I
have the was and necessities of
hi The close acquaintance to which this triffing service—so acceptable at the moment—naturally ied, brought on an intimacy during which became acquaintance with the circumstance which led to my friend; imprisonment, but first I must describe his interview arrival.

St. Paul's clock had struck eight, at which following against the doors of the prison were opened for strengers, and I had just finished putting the close acquaintance to which this striffing the nature of our acquaintance to the grave? In the most surface, stretched out her hand, and a cquaintance, stretched out her hand, and taking mine in hera pressed it warmly, gives about to follow her to the grave?

Good God I exclaimed, arrested as he town, with one servant girl, who was tarsily in a small cuttage on the outskirts of the warmly, gives about to follow her to the grave?

That was the very time they chose to do not be supposed in the misfortones are to the grave?

That was the very time they close to do not be supposed in the misfortones are town, with one servant girl, who was tarsily in a small cuttage on the outskirts of the town, with one servant girl, who was tarsily in a small cuttage on the outskirts of the town, with one servant girl, who was tarsily her to the grave?

That was the very time they close to do not follow her to the grave?

That was the very time they close to do not be supposed in the misfortones town, with one servant girl, who was tarsily her town, with one servant girl, who was tarsily her town, with one servant girl, who was tarsily her town, with one servant girl, who was tarsily her town, with one servant girl, who was tarsily her town, with one servant girl, who was tarsily her town, with one servant girl, who was tarsily her town, with one servant girl, who was tarsily her town, with one servant girl, who was tarsily her town, with one servant girl, who was tarsily her town, with one servant girl, who was tarsily her town, with the misfortones town, with the misfortones of the misfortones.

That was the end of the misf

"This is not a place, said I, fit for a carountering the back of her delicate hand, young lady to reside in; but there is no prohibition against it, if you desire to remain tather, and gave me the opportunity to say with your father. You can come in every that if I had been fifty rears younger, I would

than to learn it suddenly and more painfully, of his misfortunes, which I shall be the more Tell it to me, dear papa, replied his daugh-particular in laying before the readers, as it ter, who had resumed her forced composure: illustrates, in a forcible manner, the cruoity.

the poor man put his han's before his face, ready realised, and to a position of influence and the tears streamed through his fingers; and credit which gave him the opportunity but he presently recovered himself. I was of increasing it to a boundless extent. He thinking, said he, of your poor, poor mother: followed up his business with an energy and it is well that she has been spared this last an ardour which was remarkable even among the assiduous and enterprising merchants of

y a strong effort.

A creditor, continued her father, stimu's merchants over all the globe; and his signaand the scanty materials for breakfast were despair. I was amazed: and for a brief re arranged; and somehow the things about the room looked better. I don't know why; and the little ledge of wood above the hearth, which formed the chimney-piece, was set out with an unusual effect. The young lady had taken off her bonnet, and sat at the head to the table, with her father on one side, leave. Affection which no human being could listen the topposite end for me. With the decision by rising up and with an appeal of filing the opposite end for me. With the decision by ment into the very semblance of passionate despair. I was amazed: and for a brief of a brie olasped fervently, and with an appeal of filist affection which no human being could listen to immoved, she implored me:

Oh! she said: dear sir, you who have been so kind to my father, do not desert him! You do not know him as f do, he is broken hearted! he is indeed, but he tries to keep the arted! he is indeed, but he tries to keep his grief from me: my poor mother!

What of your mother! said I, taking her hand, soothingly: for she was in deep mour-stances?
