

THE STERLING SAFETY BRAKE

Is a complete equipment. It is not only the quickest and most powerful hand-brake. It is so skilfully designed, so perfect in the co-ordination of parts, that it works as smoothly as a high-class engine. It is easy to operate and motormen like it. It never fails. It never gets out of order unless badly abused. It is the only brake that anticipates and provides against breaking chains. References and samples on request.

STERLING MEAKER CO., NEWARK, N.J.

COACH AND LAG SCREWS

Our specialty lines for Railroad use embrace a full range of Coach and Lag Screws in all sizes.

THE GIMLET POINT is a distinct improvement over the old style. Starts easier and holds better.

We want to take care of your requirements in this line. We've the capacity and can give you the goods.
