REPORT OF THE CONVENTION OF 1891.

The newspapers of Montreal city have already given attention to the proceedings of the Teachers' Convention of 1891, held last month in that city, and under the guidance of their reports we have been able to make up the following summary. The various sessions were held in the McGill Normal School, all of them being largely attended by teachers from every section of the province. The proceedings were opened in the usual way by the Rev. E. I. Rexford, who called upon the Corresponding Secretary, Mr. Arthy, to read the report of the Executive Committee of the Association. In this report reference was made to the organization of a Dominion Association of Teachers under the presidency of the Hon. G. W. Ross, of Ontario, to the action taken in the matter of compulsory education, to the organization of a Kindergarten in connection with the Public Schools of Montreal, and to the appointment of an interim Secretary in the person of Mr. H. H. Curtis. After the reading of the report, formal congratulations were extended to Mr. G. W. Parmelee, Dr. Kneeland, and the Rev. Mr. Rexford, in consideration of their respective promotions to higher spheres of labour.

The report of the sub-committee on compulsory education, which was ordered to be read separately from the Executive Committee's report, need only be mentioned here, as the full report will be found elsewhere in our issue of this month.
