

Rotary knitting machine. Joseph Emory Gearheart.	37,226	Baker, Henry H. Holder for cuffs.....	37,145
Rotary plow. Joseph Drader et al.....	37,235	Barker, Hugh Joseph, et al. Device for converting motion.....	37,218, 37,219
Round-about. William Towell et al.....	37,154	Bartholomew, Albert W. Cutting off and threading cutting tool.....	37,177
Sash for windows. Fealdon E. Watton.....	37,193	Bartholomew, Lewis. Mill for scouring grain.....	37,204
Saw. Andrew Krieger et al.....	37,192	Bauer, John. Cleaner for wire and tracks.....	37,133
Saw mill set works. Edwin Reynolds et al.....	37,238	Bellerive, Charles. Gaiter stocking.....	37,183
Scouring grain. Machine for. Dennis E. Sibley.....	37,181	Benedict, Irving W. Shield for stallions.....	37,210
Screw. Hugh Nettelford et al.....	37,168	Bertenshaw, Silas. Concentrator.....	37,194
Screw for wood. Charles D. Rogers.....	37,165	Bertram & Co. Method of preparing the surface of steel for etching.....	37,182
Seal lock. Robert M. Sully et al.....	37,126	Betham, William E. Weather strips for car doors....	37,187
Seat: see Extensible vehicle seat.		Beveridge, James. Pearl hardening.....	37,110
Set works: see Saw mill set works.		Billings, John Douglas, et al. Machine for bending horse shoe blanks into horse shoe shapes.....	37,231
Shaker: see Furnace grate and shaker.		Bissett, Edwin H. Nail cutting machine.....	37,236
Shelf for books. Louis Stockstrom et al.....	37,189	Blankeslee, Harvey Dwight. Holder for cuffs.....	37,145
Shield for stallions. Irving W. Benedict.....	37,210	Bogardus, Charles Andrew. Elastic belt.....	37,113
Signal receiving instruments: see Electric receiving instruments.		Boston Riding School Company. Round-a-bout.....	37,154
Sieve for threshing machines. John O'Brian.....	37,240	Bothwell, Henry R. Wheel for vehicles.....	37,217
Soda and tanning. Manufacture of. Francis Eilershausen et al.....	37,237	Botsford, George. Vaporizer and burner for hydrocarbon oil.....	37,104
Spraying: see Tobacco spraying.		Booth, Charles P. Registering toy bank.....	37,157
Spring motor. Charles A. Loring.....	37,125	Bottomo, Turner D. Method of treating filament for incandescent electric lamps.....	37,186
Spring motor for sewing machines. Augusta Bronner et al.....	37,139	Bottomo, Turner D. Process of desilverizing lead by electrolysis.....	37,200
Stamping or forming metal waists for boots and shoes. Apparatus for. John Ward Jones et al.....	37,109	Breeze, Herbert John. Support for caskets.....	37,122
Steam engine and thrasher. Ephriam Howland et al.	37,228	Brickwood, Albert W., et al. Omnibus.....	37,233
Steam trap. James Finney McElroy et al.....	37,203	Bridger, Edward K., et al. Apparatus for stamping or forming metal waists for boots and shoes.....	37,109
Steering gear for vehicles. Ephriam Howland.....	37,245	Bronner, Augusta, et al. Spring motor for sewing machines.....	37,139
Stocking: see Gaiter stocking.		Burden, William. Pea harvester.....	37,176
Stomach pump. William M. Lottridge et al.....	37,187	Brush, James Joseph, et al. Generator for steam.....	37,160
Storage battery. Thomas Laing Tray.....	37,198	Bryant, Waldo C., et al. Switch for incandescent lamp sockets.....	37,188
Stoves and furnaces. General Sherman Tabor et al.	37,209	Cadwell, Annie E., et al. Hand device for imparting rotary motion.....	37,197
Street railways. Charles A. Fisher.....	37,241	CaIRD, David. Construction of metal barrels, etc.....	37,207
Strips: see Weather strips.		Camden, John A., et al. Truss.....	37,147
Support for caskets. Herbert John Breeze.....	37,122	Carruthers, William Ross, et al. Fish joints for railways.....	37,212
Support for vehicle tops. Samuel San-ters.....	37,150	Carter, John Thomas. Tobacco spraying machine.....	37,169
Switch and holder for portable electric lamps. William Wallace Savage et al.....	37,127	Chaney, Frank S., et al. Wrench.....	37,196
Switch for incandescent electric lamps. Norman Marshall.....	37,246	Chartier, Eutrope. Composition for plastering.....	37,116
Switch for incandescent lamp sockets. Waldo C. Bryant et al.....	37,188	Chichester, Lemuel Andrus. Folding chair.....	37,282
System: see Electric railway system.		Church, William Hackly, et al. Wire racks for wardrobes, etc.....	37,171
System: see Heating system.		Clamer, Francis Julien. Process of coating metal plates.....	37,206
Tea kettle. John L. Clark.....	37,242	Clark, John L. Tea kettle.....	37,242
Thawing logs preparatory to sawing. Apparatus for. Harlow M. Crittenton.....	37,168	Clarke, Frederick O. Priced ticket for blocked goods.....	37,178
Thill couplings. William A. Maddy.....	37,141	Collins, Eli. Apparatus for heating and ventilating railroad cars.....	37,164
Thermo electric generator. Harry Barringer.....	37,112	Consolidated Car Heating Co. Steam trap.....	37,203
Thrasher: see steam engine and thrasher.		Consolidated Car Heating Co., et al. Heating system.....	37,202
Threading: see cutting off and threading.		Corlis, Josiah, et al. Box for matches.....	37,161
Three spindle boring machine. Jacob H. Nickler et al.....	37,190	Cox, Harry Barringer. Thermo electric generator....	37,112
Ticket: see Price ticket.		Crittenton, Harlow M. Apparatus for thawing logs preparatory to sawing.....	37,168
Tobacco spraying machine. John Thomas Carter.....	37,169	Dawson, William. Rest for books.....	37,138
Trap: see Steam trap.		Decker, John A., et al. Apparatus for registering the consistency of pulp.....	37,159
Trimmer: see Cutter and trimmer for mitre.		Decker, Peter. Electrical insulators for marine condensers.....	37,162
Truss. Thomas R. Park et al.....	37,147	Dennis, Edwin Benjamin. Calculator for percentages.....	37,158
Valve. Cofran T. Hall.....	37,225	Dolore, Louis, et al. Apparatus for grinding grain... ..	37,131
Vaporizer and burner for hydrocarbon oil. George Botsford.....	37,104	Desmond, Gustave F., et al. Method of preserving meat fresh.....	37,155
Washing machine. William C. Huffman et al.....	37,129	Dougherty, George Clinton. Freight car door.....	37,128
Water poise. Louis Meny et al.....	37,107	Drader, Joseph, et al. Rotary plow.....	37,235
Way: see Roll way.		Dunkley, William Henry. Metallic spoked wheel for velocipedes.....	37,130
Weather strips for car doors. William R. Betham....	37,187	Dunsford, Joseph. Sash for windows.....	37,193
Wheel for vehicles. Henry R. Bothwell.....	37,217	Easton, Lucien F. Regulator for temperatures.....	37,121
Wheels: see Metallic spoked wheels.		Electric Secret Service Company. Electric receiving instrument.....	37,118
Windlass operating mechanism. Roger Williams Wanson.....	37,214	Eilershausen, Francis. Manufacture of soda and potash.....	37,237
Wire racks, for ward-ropes, etc. William Hackly Church et al.....	37,171	Fisher, Charles A. L. Street railways.....	37,241
Wrench. Frank S. Chaney et al.....	37,196	Fitzgerald, John. Bracket for gas jets and electric light.....	37,156

INDEX OF PATENTEES.

Allis, (Edward T.) Company, et al. Saw mill set works.....	37,238
Alpaugh, Ephriam. Bin for flour.....	37,174
American Screw Co. Screw for wood.....	37,165
Arnold, Gustav, et al. Brush for lithographic stipple work.....	37,153
Atkins, Elias C., et al. Saw.....	37,192
Baird, James Burnside, et al. Gummer for saws.....	37,234
