

setting of a quarter of a century back, before work on the limits was modernized. A cabin is to be erected at Rockliffe, near Ottawa, in which no nails or other iron will enter. Bunks and open fire-place will adorn the cabin. At least twenty-five trees will be felled, trimmed and run to the river. The lumbermen will do their own cooking and everything is to be carried out as in the by-gone days. Before visiting the cabin, the Royal party will shoot the slide. The local lumbermen have entered with enthusiasm into the scheme.

**BUSINESS NOTES.**

A meeting of the creditors of the Chequassett Lumber Co. was held in New York on August 27th. Representatives of all the banks interested as well as the merchandise creditors were present. The meeting was called at the request of Chas. E. Corkran, president of the Chequassett Lumber Co., who made a proposition to form a new company, of which he was to have control, to take over all the assets and liabilities and continue business. The Chequassett Lumber Co. is a parent organization controlled by fifteen subordinate companies. Mr. Corkran submitted a statement showing that the liabilities of all the concerns amounted to \$965,960, and the assets would amount to nearly \$500,000.

A committee of three creditors was appointed to examine the books and to report to another meeting, which will be called in about three weeks.
