

No applications are to be made by the Presbyteries of Pictou and Newfoundland.

The three Presbyteries of Miramichi, Halifax, Victoria and Richmond, had sent on no application.

The paper from St. John Presbytery was not accompanied by the statistical and financial facts needed to enable the Committee to act on it.

It was agreed that before making any allocation of funds, the Committee will wait till farther opportunity be given to Presbyteries to forward their applications according to the rules of the scheme, with notice that unless said applications are on the table at next meeting, on October 1st, the Committee will consider that none are forthcoming, and act accordingly.

Notice was given that payment on the old scheme had been made to July 1st, and it was thought best, in consequence of delay, now inevitable, from lack of Presbyterial returns, that the new scheme should date from July 1st, and that the first payment should be for quarter due October 1st.

It was farther agreed to ask Presbyteries, in addition to information given respecting congregations requiring supplement, to furnish a financial statement shewing what congregations, if any, have come up during the year by their own efforts, to \$750 and Manse, and the amount of addition thus made to salary.

The following resolution passed:

'The Committee have noticed with much satisfaction, that the congregations visited, have without one exception, expressed their determination to give a hearty support to the movement; and would now remind them all, that as the scheme is in force, and increased rates anticipated, no time should be lost in carrying into effect promises made so that the Committee may find itself in a position, not merely to pay the \$600 and manse, but to reach, or at least closely to approximate the sum of \$750 and manse.'

A Sub-Committee was appointed to consider what additional payment should be made in supplemented charges in cities and towns where living may be exceptionally high.

Some time was devoted to conference on the question of uniting the supplementing work and funds East and West. Intimation was given of an anticipated visit from the Western Committee of Rev. R. H. Warden of Montreal, and Rev. D. J. McDonnell of Toronto, about the time of the meeting of Synod in Oc-

tober, The Committee having heard this with pleasure, agreed to give them a very cordial welcome, and adjourned to meet here on October 1st, at 11 o'clock, A. M.

P. G. MACGREGOR, Sec'y.

MISSIONARY MEETINGS.

Rev. James Fraser Campbell has been holding missionary meetings, at Hope-well, Cairloch, Stellarton, Barney's River, Pictou, Roger's Hill and Salt Springs, and will speak (D. V.) at Earlton or West Branch of River John on the 15th, River John on the 17th, Truro on the 19th, Spring Hill on the 21st, Moncton on the 22nd, St. John on the 24th.

Two days will be given in the neighbourhood of Dalhousie and Campbellton, closing on the 27th, and proceeding immediately to Quebec, and thence to the far West to visit relatives.

Collections will be applied, when desired, as Mr. Campbell may direct; otherwise they will be applied for the furtherance of the work as conducted by the Maritime Board in the New Hebrides and Trinidad.

The ministers of the places to be visited are expected to arrange the hour and building in which the meetings are to be held, and to give Mr. Campbell notice, so that disappointments and misunderstandings may be avoided.

Rev. H. Robertson, under instructions of a committee of the Board of Foreign Mission, devotes the second week of August and the greater part of September to the visitation of congregations according to the subjoined programme:

Mahone Bay	Aug. 10, 11 A. M.
Lunenburg	" 10, 7 P. M.
La Have	" 12,
